Africa in Global History - Toyin Falola
2021-12-06

This handbook places emphasis on modern/contemporary times, and offers relevant sophisticated and comprehensive overviews. It aims to emphasize the religious, economic, political, cultural and social connections between Africa and the rest of the world and features comparisons as well as an interdisciplinary approach in order to examine the place of Africa in global history. "This book makes an important contribution to the discussion on the place of Africa in the world and of the world in Africa. An outstanding work of scholarship, it powerfully demonstrates that Africa is not marginal to global concerns. Its labor and resources have made our world, and the continent deserves our respect." - Mukhtar Umar Bunza, Professor of Social History,

Usmanu Danfodiyo University, Sokoto, and Commissioner for Higher Education, Kebbi State, Nigeria "This is a deep plunge into the critical place of Africa in global history. The handbook blends a rich set of important tapestries and analysis of the conceptual framework of African diaspora histories, imperialism and globalization. By foregrounding the authentic voices of African interpreters of transnational interactions and exchanges, the Handbook demonstrates a genuine commitment to the promotion of decolonized and indigenous knowledge on African continent and its peoples." - Samuel Oloruntoba, Visiting Research Professor, Institute of African Studies, Carleton University

Singing Like Germans - Kira Thurman
2021-10-15

In *Singing Like Germans*, Kira Thurman tells the sweeping story of Black musicians in German-speaking Europe over more than a century. Thurman brings to life the incredible musical interactions and transnational collaborations among people of African descent and white Germans and Austrians. Through this compelling history, she explores how people reinforced or challenged racial identities in the concert hall. Throughout the nineteenth and twentieth centuries, audiences assumed the categories of Blackness and Germanness were mutually exclusive. Yet on attending a performance of German music by a Black musician, many listeners were surprised to discover that German identity is not a biological marker but something that could be learned, performed, and mastered. While Germans and Austrians located their

national identity in music, championing composers such as Bach, Beethoven, and Brahms as national heroes, the performance of their works by Black musicians complicated the public's understanding of who had the right to play them. Audiences wavered between seeing these musicians as the rightful heirs of Austro-German musical culture and dangerous outsiders to it. Thurman explores the tension between the supposedly transcendental powers of classical music and the global conversations that developed about who could perform it. An interdisciplinary and transatlantic history, *Singing Like Germans* suggests that listening to music is not a passive experience, but an active process where racial and gendered categories are constantly made and unmade.

Encyclopedia of African American Music [3 volumes] - Tammy Kernodle 2010-12-17

African Americans' historical roots are encapsulated in the lyrics, melodies, and rhythms of their music. In the 18th and 19th

centuries, African slaves, longing for emancipation, expressed their hopes and dreams through spirituals. Inspired by African civilization and culture, as well as religion, art, literature, and social issues, this influential, joyous, tragic, uplifting, challenging, and enduring music evolved into many diverse genres, including jazz, blues, rock and roll, soul, swing, and hip hop. Providing a lyrical history of our nation, this groundbreaking encyclopedia, the first of its kind, showcases all facets of African American music including folk, religious, concert and popular styles. Over 500 in-depth entries by more than 100 scholars on a vast range of topics such as genres, styles, individuals, groups, and collectives as well as historical topics such as music of the Harlem Renaissance, the Black Arts Movement, the Civil Rights Movement, and numerous others. Offering balanced representation of key individuals, groups, and ensembles associated with diverse religious beliefs, political

affiliations, and other perspectives not usually approached, this indispensable reference illuminates the profound role that African American music has played in American cultural history. Editors Price, Kernodle, and Maxile provide balanced representation of various individuals, groups and ensembles associated with diverse religious beliefs, political affiliations, and perspectives. Also highlighted are the major record labels, institutions of higher learning, and various cultural venues that have had a tremendous impact on the development and preservation of African American music. Among the featured: Motown Records, Black Swan Records, Fisk University, Gospel Music Workshop of America, The Cotton Club, Center for Black Music Research, and more. With a broad scope, substantial entries, current coverage, and special attention to historical, political, and social contexts, this encyclopedia is designed specifically for high school and undergraduate students. Academic

and public libraries will treasure this resource as an incomparable guide to our nation's African American heritage.

From Spirituals to Symphonies - Helen Walker-Hill
2007

Exploding the assumption that black women's only important musical contributions have been in folk, jazz, and pop Helen Walker-Hill's unique study provides a carefully researched examination of the history and scope of musical composition by African American women composers from the nineteenth and twentieth centuries. Focusing on the effect of race, gender, and class, *From Spirituals to Symphonies* notes the important role played by individual personalities and circumstances in shaping this underappreciated category of American art. The study also provides in-depth exploration of the backgrounds, experiences, and musical compositions of eight African American women including Margaret Bonds, Undine Smith Moore, and Julia Perry, who

combined the techniques of Western art music with their own cultural traditions and individual gifts. Despite having gained national and international recognition during their lifetimes, the contributions of many of these women are today forgotten.

Spiritual Traditions for the Contemporary Church - Robin M. Van L. Maas 1990-05-01

This volume offers a comprehensive intellectual

and experiential introduction to Christian spirituality. It embraces spiritual traditions from the Patristic period to the present day. Part I, "The Roots of Contemporary Western Spirituality," covers spiritual types that have been fundamental in shaping spiritual practice. Part II, "Distinctive Spiritual Traditions," offers major introductory essays on spiritual traditions formed by such notable figures as Luther, Wesley, Ignatius, and John of the Cross, as well as ecclesiastical traditions such as Anglicanism. Part III, "The Feminine Dimension in Christian Spirituality," is devoted to Marian Spirituality, holy women, and feminism. Each of the fourteen chapters is followed by a practicum which enables readers to assimilate the practice prescribed into their own devotional life .

Communists in Harlem During the Depression - Mark Naison 2005

No socialist organization has ever had a more profound effect on black life than the Communist Party did in Harlem during the Depression. Mark

Naison describes how the party won the early endorsement of such people as Adam Clayton Powell Jr. and how its support of racial equality and integration impressed black intellectuals, including Richard Wright, Langston Hughes, and Paul Robeson. This meticulously researched work, largely based on primary materials and interviews with leading black Communists from the 1930s, is the first to fully explore this provocative encounter between whites and blacks. It provides a detailed look at an exciting period of reform, as well as an intimate portrait of Harlem in the 1920s and 30s, at the high point of its influence and pride. Mark Naison is professor of African American studies and history at Fordham University. He is the author of *White Boy: A Memoir* and co-author of *The Tenant Movement in New York City, 1940-1984*. [People Get Ready!](#) - Bob Darden 2004-01-01 From Africa through the spirituals, from minstrel music through jubilee, and from traditional to contemporary gospel, "People Get Ready!"

An American Friendship - David Weinfeld
2022-05-15

In *An American Friendship*, David Weinfeld presents the biography of an idea, cultural pluralism, the intellectual precursor to modern multiculturalism. He roots its origins in the friendship between two philosophers, Jewish immigrant Horace Kallen and African American Alain Locke, who advanced cultural pluralism in opposition to both racist nativism and the assimilationist "melting pot." It is a simple idea—different ethnic groups can and should coexist in the United States, perpetuating their cultures for the betterment of the country as whole—and it grew out of the lived experience of

this friendship between two remarkable individuals. Kallen, a founding faculty member of the New School for Social Research, became a leading American Zionist. Locke, the first Black Rhodes Scholar, taught at Howard University and is best known as the intellectual godfather of the Harlem Renaissance and the editor of *The New Negro* in 1925. Their friendship began at Harvard and Oxford during the years 1906 through 1908 and was rekindled during the Great Depression, growing stronger until Locke's death in 1954. To Locke and Kallen, friendship itself was a metaphor for cultural pluralism, exemplified by people who found common ground while appreciating each other's differences. Weinfeld demonstrates how this understanding of cultural pluralism offers a new vision for diverse societies across the globe. *An American Friendship* provides critical background for understanding the conflicts over identity politics that polarize US society today. [The Heart of a Woman](#) - Rae Linda Brown
2020-06-22

The Heart of a Woman offers the first-ever biography of Florence B. Price, a composer whose career spanned both the Harlem and Chicago Renaissances, and the first African American woman to gain national recognition for her works. Price's twenty-five years in Chicago formed the core of a working life that saw her create three hundred works in diverse genres, including symphonies and orchestral suites, art songs, vocal and choral music, and

arrangements of spirituals. Through interviews and a wealth of material from public and private archives, Rae Linda Brown illuminates Price's major works while exploring the considerable depth of her achievement. Brown also traces the life of the extremely private individual from her childhood in Little Rock through her time at the New England Conservatory, her extensive teaching, and her struggles with racism, poverty, and professional jealousies. In addition, Brown provides musicians and scholars with dozens of musical examples.

Let the Men Fight! - Gregory G. Ogle 2006-06-28
Involvement by men, especially African American men, in the Christian church has always been notoriously sparse. Pastors, seminary scholars, and Christian leaders, male and female, have pondered the problem, but it remains a question. The women ask, "What is wrong with the brothers?" My response is, "Why does it have to be something wrong with the

brothers?” Could it be that as African American males want to hear something other than what is being preached? Have we considered preaching the Gospel of Christ from a masculine perspective? Is it possible that because the majority of churches are 70% female, that the Good News is inadvertently preached by male and female preachers from an implicit female perspective? Perhaps preachers are subconsciously more concerned with maintaining the satisfaction of the bulk of the tithing parishioners, who are women? Let the Men Fight challenges the notion that the fault resides with African American men, and strives to provide a “male sensitive” Word. However, there is a caveat. The warning is, upon learning and accepting the truth, God expects us to go tell and teach others. Matthew 28:19-20 says, “Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost. 20. Teaching them to observe all things whatsoever I have

commanded you and lo, I am with you alway, even unto the end of the world.”

Music in Black American Life, 1600-1945 -
2022-08-23

This first volume of *Music in Black American Life* collects research and analysis that originally appeared in the journals *American Music* and the *Black Music Research Journal*, and in the University of Illinois Press's acclaimed book series *Music in American Life*. In these selections, experts from a cross-section of disciplines engage with fundamental issues in ways that changed our perceptions of Black music. The topics includes the culturally and musically complex Black music-making of colonial America; string bands and other lesser-known genres practiced by Black artists; the jubilee industry and its audiences; and innovators in jazz, blues, and Black gospel. Eclectic and essential, *Music in Black American Life, 1600–1945* offers specialists and students alike a gateway to the history and impact of

Black music in the United States. Contributors: R. Reid Badger, Rae Linda Brown, Samuel A. Floyd Jr., Sandra Jean Graham, Jeffrey Magee, Robert M. Marovich, Harriet Ottenheimer, Eileen Southern, Katrina Dyonne Thompson, Stephen Wade, and Charles Wolfe

Spirituals and the Birth of a Black Entertainment Industry - Sandra Jean Graham
2018-02-26

Spirituals performed by jubilee troupes became a sensation in post-Civil War America. First brought to the stage by choral ensembles like the Fisk Jubilee Singers, spirituals anchored a wide range of late nineteenth-century entertainments, including minstrelsy, variety, and plays by both black and white companies. In the first book-length treatment of postbellum spirituals in theatrical entertainments, Sandra Jean Graham mines a trove of resources to chart the spiritual's journey from the private lives of slaves to the concert stage. Graham navigates the conflicting agendas of those who, in adapting

spirituals for their own ends, sold conceptions of racial identity to their patrons. In so doing they lay the foundation for a black entertainment industry whose artistic, financial, and cultural practices extended into the twentieth century. A companion website contains jubilee troupe personnel, recordings, and profiles of 85 jubilee groups. Please go to:

Spirituals - Kathleen A. Abromeit 2015-01-01
Spirituals originated among enslaved Africans in America during the colonial era. They resonate throughout African American history from that time to the civil rights movement, from the cotton fields to the concert stage, and influenced everything from gospel music to blues and rap. They have offered solace in times of suffering, served as clandestine signals on the Underground Railroad, and been a source of celebration and religious inspiration. Spirituals are born from the womb of African American

experience, yet they transcend national, disciplinary, and linguistic boundaries as they connect music, theology, literature and poetry, history, society, and education. In doing so, they reach every aspect of human experience. To make sense of the immense impact spirituals have made on music, culture, and society, this bibliography cites writings from a multidisciplinary perspective. This annotated bibliography documents articles, books, and dissertations published since 1902. Of those, 150 are books; 80 are chapters within books; 615 are journal articles, and 150 are dissertations, along with a selection of highly significant items published before 1920. The most recent publications included date from early 2014. Disciplines researched include music, literature and poetry, American history, religion, and African American Studies. Items included in the annotated bibliography are limited to English-language sources that were published in the United States and focus on African American

spirituals in the United States, but there are a few select citations that focus on spirituals outside of the United States. Of the one thousand annotations, they are divided, roughly evenly, between: general studies and geographical studies; information about early spirituals; use of spirituals in art music, church music, and popular music; composers who based music on spirituals; performers of spirituals (ensembles and individuals); Bible, theology, and religious education; literature and poetry; pedagogical considerations, including the teaching of spirituals as well as prominent educators; reference works and a list of resources that were unavailable for review but are potentially useful. This book also offers considerable depth on particular topics such as the Fisk Jubilee Singers and William Grant Still with over thirty citations devoted to each. At the same time, materials included are quite diverse, with topics such as spirituals in Zora Neale Hurston's novels; bible studies based on

spirituals; enriching the teaching of geography through spirituals; Marian Anderson's historic concert at the Lincoln Memorial; spiritual roots of rap; teaching dialect to singers; expressing African American religion in spirituals; Samuel Coleridge-Taylor's music; slave tradition of singing among the Gullah. The book contains indices by author, subject, and spiritual title. Additionally, an appendix of spirituals by biblical reference, listing both spiritual title to scriptural reference as well as scripture to spiritual title is included. T. L. Collins, Christian educator, compiled the appendix.

Song - Carol Kimball 2006-12-01

Carol Kimball's comprehensive survey of art song literature has been the principal one-volume American source on the topic. Now back in print after an absence of several years this newly revised edition includes biographies and discussions of the work of *The Power of Black Music* - Samuel A. Floyd Jr. 1996-10-31

When Jimi Hendrix transfixed the crowds of Woodstock with his gripping version of "The Star Spangled Banner," he was building on a foundation reaching back, in part, to the revolutionary guitar playing of Howlin' Wolf and the other great Chicago bluesmen, and to the Delta blues tradition before him. But in its unforgettable introduction, followed by his unaccompanied "talking" guitar passage and inserted calls and responses at key points in the musical narrative, Hendrix's performance of the national anthem also hearkened back to a tradition even older than the blues, a tradition rooted in the rings of dance, drum, and song shared by peoples across Africa. Bold and original, *The Power of Black Music* offers a new way of listening to the music of black America, and appreciating its profound contribution to all American music. Striving to break down the barriers that remain between high art and low art, it brilliantly illuminates the centuries-old linkage between the music, myths and rituals of

Africa and the continuing evolution and enduring vitality of African-American music. Inspired by the pioneering work of Sterling Stuckey and Henry Louis Gates, Jr., author Samuel A. Floyd, Jr, advocates a new critical approach grounded in the forms and traditions of the music itself. He accompanies readers on a fascinating journey from the African ring, through the ring shout's powerful merging of music and dance in the slave culture, to the funeral parade practices of the early New Orleans jazzmen, the bluesmen in the twenties, the beboppers in the forties, and the free jazz, rock, Motown, and concert hall composers of the sixties and beyond. Floyd dismisses the assumption that Africans brought to the United States as slaves took the music of whites in the New World and transformed it through their own performance practices. Instead, he recognizes European influences, while demonstrating how much black music has continued to share with its African counterparts.

Floyd maintains that while African Americans may not have direct knowledge of African traditions and myths, they can intuitively recognize links to an authentic African cultural memory. For example, in speaking of his grandfather Omar, who died a slave as a young man, the jazz clarinetist Sidney Bechet said, "Inside him he'd got the memory of all the wrong that's been done to my people. That's what the memory is....When a blues is good, that kind of memory just grows up inside it." Grounding his scholarship and meticulous research in his childhood memories of black folk culture and his own experiences as a musician and listener, Floyd maintains that the memory of Omar and all those who came before and after him remains a driving force in the black music of America, a force with the power to enrich cultures the world over.

Music by Black Women Composers - Helen Walker-Hill 1995

Africa in Contemporary Perspective - Manuh,
Takiwaa 2014-05-08

An important feature of Ghanaian tertiary education is the foundational African Studies Programme which was initiated in the early 1960s. Unfortunately hardly any readers exist which bring together a body of knowledge on the themes, issues and debates which inform and animate research and teaching in African Studies particularly on the African continent. This becomes even more important when we consider the need for knowledge on Africa that is not Eurocentric or sensationalised, but driven from internal understandings of life and prospects in Africa. Dominant representations and perceptions of Africa usually depict a continent in crisis. Rather than buying into external representations of Africa, with its 'lacks' and aspirations for Western modernities, we insist that African scholars in particular should be in the forefront of promoting understanding of the pluri-lingual, overlapping, and dense

reality of life and developments on the continent, to produce relevant and usable knowledge. Continuing and renewed interest in Africa's resources, including the land mass, economy, minerals, visual arts and performance cultures, as well as bio-medical knowledge and products, by old and new geopolitical players, obliges African scholars to transcend disciplinary boundaries and to work with each other to advance knowledge and uses of those resources in the interests of Africa's people.

The African Imagination in Music - Kofi Agawu 2016

In *The African Imagination in Music*, noted music scholar Kofi Agawu offers a fresh introduction to the vast, immensely rich and diverse set of repertoires that comprise the sound worlds of Sub-Saharan African music. Agawu introduces readers to the basic elements of African music and to the values upon which they are built. He then explores the key dimensions and resources of African music,

including the place of music in society, musical instruments, the relationship between language and music, rhythm, melody, form, harmony and finally, appropriations of African music by musicians around the world. Written in an accessible style, *The African Imagination in Music* is poised to renew interest in Black African music, and to engender discussion of its creative underpinnings by Africanists, ethnomusicologists, music theorists and musicologists. -- from back cover.

MFM at 30 - Dr. D. K. Olukoya 2019-09-18

In three glorious decades, Mountain of Fire and Miracles Ministries has carved an indelible niche for itself among the comity of churches worldwide. It has come to be known as a pacesetter church, bestriding the firmaments of Christendom like a colossus. The church's thirty years journey so far has been filled with landmark events, phenomenal global expansion as well as unrivalled far-reaching impacts on the body of Christ and mankind as a whole than any

other church today. The remarkable achievements, enviable heights, iconic status and positive global recognition that MFM enjoys today is attributable to the complete obedience, unwavering faith in God and unusual steadfastness of its Founder and General Overseer, Dr. D. K. Olukoya, the Elijah of our time and God's Generalissimo in the end times. This book glorifies the Almighty God who has demonstrated His power to save to the uttermost. It celebrates God's faithfulness in the life of Dr. D. K. Olukoya, the unusual outworking of His grace and power in MFM's three decades' journey as well as the phenomenal achievements, fire exploits and global spread of this unique church of God. Glory be to the God that answers by fire. Hallelujah!

[African American Music](#) - Mellonee V. Burnim

2014-11-13

American Music: An Introduction, Second Edition is a collection of seventeen essays surveying major African American musical genres, both sacred and secular, from slavery to the present. With contributions by leading scholars in the field, the work brings together analyses of African American music based on ethnographic fieldwork, which privileges the voices of the music-makers themselves, woven into a richly textured mosaic of history and culture. At the same time, it incorporates musical treatments that bring clarity to the structural, melodic, and rhythmic characteristics

that both distinguish and unify African American music. The second edition has been substantially revised and updated, and includes new essays on African and African American musical continuities, African-derived instrument construction and performance practice, techno, and quartet traditions. Musical transcriptions, photographs, illustrations, and a new audio CD bring the music to life.
