Multiethnic American Literatures - Helane Adams Androne 2014-11-24

This book provides original essays that suggest ways to engage students in the classroom with the cultural factors of American literature. Some of the essays focus on individual authors' works, others view American literature more broadly, and still others focus on the application of culturally based methods for reading. All suggest

a closer look at how ethnicity, culture and pedagogy interact in the classroom to help students better understand the complexity of works by African Americans, Native Americans, Asian Americans, Latinos and several other sometimes overlooked American cultural groups. Instructors considering this book for use in a course may request an examination copy here.

The Columbia Companion to the Twentieth-Century American Short Story - Blanche H. Gelfant 2004-04-21

Esteemed critic Blanche Gelfant's brilliant companion gathers together lucid essays on major writers and themes by some of the best literary critics in the United States. Part 1 is comprised of articles on stories that share a particular theme, such as "Working Class Stories" or "Gay and Lesbian Stories." The heart of the book, however, lies in Part 2, which contains more than one hundred pieces on individual writers and their work, including Fitzgerald, Hemingway, Richard Ford, Raymond Carver, Eudora Welty, Andre Debus, Zora Neal Hurston, Anne Beattie, Bharati Mukherjee, J. D. Salinger, and Jamaica Kincaid, as well as engaging pieces on the promising new writers to come on the scene.

Mission High - Kristina Rizga 2015-08-04
"This book is a godsend ... a moving portrait for anyone wanting to go beyond the simplified labels and metrics and really understand an urban high school, and its highly individual, resilient, eager and brilliant students and educators." —Dave Eggers, co-founder, 826 National and ScholarMatch Darrell is a reflective, brilliant young man, who never thought of himself as a good student. He always struggled with his reading and writing skills. Darrell's father, a single parent, couldn't afford private tutors. By the end of middle school, Darrell's grades and his confidence were at an all time low. Then everything changed. When education journalist Kristina Rizga first met Darrell at Mission High School, he was taking AP calculus class, writing a ten-page research paper, and had received several college acceptance letters. And Darrell was not an exception. More than 80 percent of Mission High seniors go to college every year, even though the

school teaches large numbers of English learners and students from poor families. So, why has the federal government been threatening to close Mission High—and schools like it across the country? The United States has been on a century long road toward increased standardization in our public schools, which resulted in a system that reduces the quality of education to primarily one metric: standardized test scores. According to this number, Mission High is a “low-performing” school even though its college enrollment, graduation, attendance rates and student surveys are some of the best in the country. The qualities that matter the most in learning—skills like critical thinking, intellectual engagement, resilience, empathy, self-management, and cultural flexibility—can't be measured by multiple-choice questions designed by distant testing companies, Rizga argues, but they can be detected by skilled teachers in effective, personalized and humane classrooms that work for all students, not just

the most motivated ones. Based on four years of reporting with unprecedented access, the unforgettable, intimate stories in these pages throw open the doors to America's most talked about—and arguably least understood—public school classrooms where the largely invisible voices of our smart, resilient students and their committed educators can offer a clear and hopeful blueprint for what it takes to help all students succeed.

The Preemptive Straw Man - A Critique of Sherman Alexie's "Toughest Indian in the World".

- Michael Knabel 2010-06-28

Literature Review from the year 2010 in the subject English - Discussion and Essays, , course: Fiction, language: English, abstract: Homosexuality is like suicide. In the literary sense, I mean. Think about it. If you are reading

a novel or short story and the main character just happens to off himself without foreshadowing, reason, or resultant purpose then it can safely be assumed that what you are reading is not very good. This is the case with the short story "Toughest Indian in the World," except substitute homosexuality for suicide and you get the idea. Lisa Tatonetti claims that homosexuality is a useful literary tool for illustrating character development, and I could not agree more. I just happen to disagree with her argument that Sherman Alexie is any good at using that tool (specifically in his short story "Toughest Indian in the World"). However, in contemporary analysis of the use of "controversial" themes such as homosexuality, critics like Tatonetti and Julie Bolt - and Alexie himself - dare you to criticize the work. Bolt, and Alexie, assert that if you criticize it then you are a homophobe. I assert that the problem is not with the homosexuality, it is how it is used; poorly, cheaply, etc. So I will criticize, not

because I am a homophobe, but because if I do not criticize, then I am fearfully endorsing awful literature. Tatonetti posits that homosexuality - amongst other “queer” identities - have suffered in literature, especially Native American literature; “...critical investigations of this important body of literature are just now finding representation in scholarly forums on American Indian literature” (Tatonetti 35.2). Her brief analysis of recent queer Native American texts successfully illustrates how the “Toughest Indian” might come to be championed by those who wish to find important and significant queer identities in Native American literature. She then posits that homosexual identities are good vehicles to explore character transformation, and to this I agree. She also concludes that Sherman Alexie’s homosexuality constructs in “Toughest Indian” are productive and successful ones; “I argue that the narrator's queer relationship to the fighter is situated as an avenue of transformation” (Tatonetti 35.2) While

I can endorse her initial positions, I cannot disagree more with her conclusion. Her intention with this last quote is to argue that the homosexuality in “Toughest Indian” was used productively, however her reasons she offers in support of this claim mainly are derivatives of her first quote decrying the lack of queer identities.

Identity-Focused ELA Teaching - Richard Beach 2015-03-05

Countering the increased standardization of English language arts instruction requires recognizing and fostering students' unique identity construction across different social and cultural contexts. Drawing on current

sociocultural theories of identity construction, this book posits that students construct multiple identities through use of five identity practices: adopting alternative perspectives, exploring connections across people and texts, negotiating identities across social worlds, developing agency through critical analysis, and reflecting on long-term identity trajectories. Identity-Focused ELA Teaching features classroom activities teachers can use to put these practices into action in ways that re-center implementing the Common Core State Standards; case-study profiles of students and classrooms from urban, suburban, and rural schools adopting these practices; and descriptions of how teachers both support students with this instructional approach and share their own identity-construction experiences with their students. It demonstrates how, as students acquire identity-focused practices through engagements with literature, writing, drama, and digital texts, they gain awareness of the ways exposure to different

narratives, beliefs, and perspectives serves to mediate their own and others' identities, leading to different ways of being and becoming over time.

War Dances - Sherman Alexie 2013-10-15

The bestselling, award-winning author's "fiercely freewheeling collection of stories and poems about the tragicomedies of ordinary lives" (O, The Oprah Magazine). Winner of the PEN/Faulkner Award for Fiction, *War Dances* blends short stories, poems, call-and-response, and more into something that only Sherman Alexie could have written. Ordinary men stand at the threshold of profound change, from a story about a famous writer caring for a dying but still willful father, to the tale of a young Indian boy who learns to value his own life by appreciating the deaths of others. Perceptions change, too, as "Another Proclamation" casts a shadow over Abraham Lincoln's Emancipation Proclamation, and "Invisible Dog on a Leash" limns the heartbreak of shattered childhood illusions. And

nostalgia for antiquated technology is tenderly rendered in "Ode to Mix Tapes" and "Ode for Pay Phones." With his versatile voice, Alexie explores love, betrayal, fatherhood, alcoholism, and art in this spirited, soulful, and endlessly entertaining collection, transcending genre boundaries to create something truly unique. This ebook features an illustrated biography including rare photos from the author's personal collection.

Ten Little Indians - Sherman Alexie 2013-10-15

Los Angeles Times Book Prize Finalist: A "stellar collection" of stories about navigating life off the reservation, filled with laughter and heartbreak

(People). In these lyrical, affectionate tales from the author of *The Absolutely True Diary of a Part-Time Indian* and *The Lone Ranger and Tonto Fistfight in Heaven*, characters navigate the crossroads of culture, battle stereotypes, and find themselves through everything from politics to basketball. Richard, the narrator of "Lawyer's League," grows up in Seattle, the son of "an African American giant who played defensive end for the University of Washington Huskies" and "a petite Spokane Indian ballerina." A woman is caught in a restaurant when a suicide bomb goes off in "Can I Get a Witness." And Estelle Walks Above (née Estelle Miller), studies her way off the Spokane Indian Reservation and goes on to both enjoy and resent the company of the white women of Seattle—who see her as a shamanic genius, and look to her for guidance on everything from sex and fashion to spirituality. These and the other "warm, revealing, invitingly roundabout stories" in *Ten Little Indians* run the gamut from earthy wit to

sobering emotional truth, mapping the outer reaches of the human heart (The New York Times Book Review). From a New York Times–bestselling and National Book Award–winning author, these tales, "rambunctious and exuberant, bristle with an edgy and mordant humor" (Chicago Tribune). This ebook features an illustrated biography including rare photos from the author's personal collection.

The Assessment Playbook for Distance and Blended Learning - Douglas Fisher 2020-11-04
Design assessments that measure and target student learning in both face-to-face and distance learning environments Assessments are the essential link between teaching and learning, yet the assessments used in face-to-face classrooms are not always practical or impactful in remote learning environments. Now that teachers are teaching from a distance, how will you assess what your students have learned? Tapping the expertise of teachers who are successfully engaged in distance learning, *The Assessment Playbook for Distance and Blended Learning* answers that question. Rich with a wide range of examples, strategies, and assessments that can be leveraged with rigor and fidelity regardless of learning environment, this practical playbook empowers teachers with

the decision-making tools needed to gauge the impact of instructional strategies in today's rapidly evolving educational landscape. It features • "Assessment cookies," or insights that endure in any distance or hybrid learning environment and can be used to inform assessment decisions, including the understanding that "everything is searchable." • A robust "playlist" of distance learning assessment tools—including universal response, teach-back opportunities, composing, taking action, self-assessment, and peer assessment—that teachers can mix and deploy to match every learning intention. • Information on how to evaluate the impact of your teaching on student learning—and how assessment can guide your teaching moves • Characteristics of formal tools of evaluation, such as tests, longer essays, and performance tasks that teachers can use in distance learning environments to document learning for reporting purposes. Designed properly, assessments implemented

through the lens of distance and hybrid learning can yield significant impact for student achievement, both in the pandemic teaching of today, and in the educational contexts of the future.

Common Core CPR - ReLeah Cossett Lent 2013-09-27

The ideal? Newly minted high school graduates all across the nation, each one a complex text

genius, a writer and analytic thinker beyond compare. All on to glorious colleges and careers, thanks to the Common Core. The reality? The 1.3 million students who fail to graduate from high school each year and the hundreds of thousands more who either gave up or lost interest long ago . . . The reality is why Common Core CPR is needed. Urgently. Because if we continue to insist that all students meet expectations that are well beyond their abilities and mindsets, these kids will only decline faster. We must be brave enough-and trained enough-to cast aside what we know harms students and apply with renewed vigor the teaching methods we know work. Releah Lent and Barry Gilmore rise to the challenge, and there are no two authors better equipped to do so. They embrace what is best about the standards-their emphasis on active, authentic learning-and then explicitly show teachers how to connect these ideal outcomes to practical classroom strategies, detailing the day-to-day teaching that can coax reluctant learners

into engagement and achievement. You'll learn how to: Consider choice and relevance in every assignment Plan and spot opportunities for success Scaffold students' comprehension of complex fiction and nonfiction texts Model close reading through thoughtful questioning Teach students to use evidence in reading, writing, speaking, and reflection . . . And so much more It's not the big sweeping formulas for achievement that will win the day; it's the incremental growth that teachers need to make happen: that one book, that one writing assignment, to help a student turn a corner. "If we can get that one transformational moment to occur, and follow it up by designing more opportunities for success, that's the ideal," say Lent and Gilmore.

The Work of Literature in an Age of Post-Truth - Christopher Schaberg 2018-07-26

What is the role of literary studies in an age of Twitter threads and viral news? If the study of literature today is not just about turning to

classic texts with age-old questions, neither is it a rejection of close reading or critical inquiry. Through the lived experience of a humanities professor in a rapidly changing world, this book explores how the careful study of literature and culture may be precisely what we need to navigate our dizzying epoch of post-truth politics and ecological urgency.

The Accidental Teacher - Eric Mandel 2009-10

The Accidental Teacher is a humorous and provocative account of the authors experience teaching English in a California public high school with absolutely no qualifications, training or previous experience. Equal parts McCourts Teacher Man and Keseys Cuckoos Nest with a dash of Sedaris and a shot of Hunter Thompson, the story follows Mr. Mandel as he muddles through his first year, mangling metaphors and alienating administrators while attempting to engage a very difficult group of teenagers. From his outsiders perspective, Mr. Mandel provides pointed commentaries on the troubling issues facing public education and poignant accounts of his students lives and his own personal journey; frequent digressions offer literary allusions from the subtle to the ludicrous. The author displays a wry sense of humor as he struggles to counter administrative absurdities, to appease his own Nurse Ratchet, and to compensate for his own deficiencies. The Accidental Teacher is certain to entertain and interest anyone who has taught,

wants to teach, cares about public education, or dreams of changing careers late in life.

Countless other brilliant creations leap from Alexie’s mind in these nine stories. Upwardly mobile Indians yearn for a more authentic life, married Indian couples push apart while still cleaving together, and ordinary, everyday Indians hunt for meaning in their lives. *The Toughest Indian in the World* combines anger, humor, and beauty into radiant

fictions, fiercely imagined, from one of America’s greatest writers. This ebook features an illustrated biography including rare photos from the author’s personal collection.

Ever since his mother died, he’s felt alienated from everyone, but, thanks to the alcoholic father whom he’s never met, especially disconnected from other Indians. After he runs away from his latest foster home, he makes a new friend. Handsome, charismatic, and eloquent, Justice soon persuades Zits to unleash his pain and anger on the uncaring world. But picking up a gun leads Zits on an unexpected time-traveling journey through several violent moments in

American history, experiencing life as an FBI agent during the civil rights movement, a mute Indian boy during the Battle of Little Bighorn, a nineteenth-century Indian tracker, and a modern-day airplane pilot. When Zits finally returns to his own body, “he begins to understand what it means to be the hero, the villain and the victim. . . . Mr. Alexie succeeds yet again with his ability to pierce to the heart of matters, leaving this reader with tears in her eyes” (The New York Times Book Review). Sherman Alexie’s acclaimed novels have turned a spotlight on the unique experiences of modern-day Native Americans, and here, the New York Times–bestselling author of *The Lone Ranger and Tonto Fistfight in Heaven* and *The Absolutely True Diary of a Part-Time Indian* takes a bold new turn, combining magical realism with his singular humor and insight. Bad Boy - Walter Dean Myers 2009-10-06

A classic memoir that's gripping, funny, and ultimately unforgettable from the bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time. *A Study Guide for Sherman Alexie's "Powwow at the End of the World"* - Gale, Cengage Learning

White Teachers / Diverse Classrooms - Julie Landsman 2012-02-27

The point of departure for this new edition, as it was for the first, is the unacceptable reality that, for students of color, school is often not a place to learn but a place of low expectations and failure. In urban schools with concentrations of poverty, often fewer than half the ninth graders leave with a high school diploma. This second edition has been considerably expanded with chapters that illuminate the Asian American, Native American, and Latina/o experience, including that of undocumented students, in our schools. These chapters offer insights into the concerns and issues students bring to the classroom. They also convey the importance for teachers, as they accept difference and develop cultural sensitivity, to see their students as individuals, and avoid generalizations. This need to go beneath the surface is reinforced by a chapter on adopted children, children of mixed race, and "hidden minorities". White and Black

teachers, and teachers of different races and ethnicities, here provide the essential theoretical background, and share their experiences and the approaches they have developed, to create the conditions - in both urban and suburban settings - that enable minority students to succeed. This book encourages reflection and self-examination, and calls for recognizing and reinforcing students' ability to achieve. It also calls for high expectations for both teachers and students. It demonstrates what it means to recognize often-unconscious biases, confront institutional racism where it occurs, surmount stereotyping, adopt culturally relevant teaching, connect with parents and the community, and integrate diversity in all activities. This book is replete with examples from practice and telling insights that will engage teachers in practice or in service. It should have a place in every classroom in colleges of education and K-12 schools. Its empowering message applies to every teacher working in an educational setting

that recognizes the empowerment that comes in celebrating diversity. Each chapter concludes with a set of questions for personal reflection or group discussion.

Key Aspects in Sherman Alexie's Works with Special Reference to his Life - Melissa Naase
2012-12-11

Seminar paper from the year 2012 in the subject English - Literature, Works, grade: 1,7, University of Paderborn (Anglistik und Amerikanistik), course: Native American Literature, language: English, abstract: American Indian literature grew out of an oral tradition passed on from one generation to the next. By the late eighteenth century these oral accounts of Indians' stories were being recorded or translated by interested white people. At this time Indians were also beginning to write down their own stories in the English language. By the twentieth century creativity in the English language became a well-established form of their literary communication. During the same

time the works of American Indian authors got a more individualistic tone. One of those individualist is the Native American Sherman Alexie. Sherman Alexie was born on October 7, 1966. Alexie grew up in the Spokane Indian Reservation in Wahshington. (...) Nowadays Alexie lives in Seattle, Washington together with his Native American wife and his two sons. He is a famous Native American poet, autohor, screenwriter and filmmaker. He sold millions of copies of his books and won several awards for his noves like the "Boston-Globe-Horn Book Award" for the best fiction novel of 2008 in young adult literature or the "National Book Award for Young Peoples' Literature" in 2007 both for his novel "The Absolutely True Diary of a Part-Time Indian". His literature is very important for Native American literature courses in the United States and in the world. Alexie is also read in colleges and universities all across the USA. (...) As a Native American himself, his novels, films, and collections of short stories deal

with a variety of topics he experienced in the reservation like alcoholism, poverty, stereotypes, friends, death or family problems. Having grown up in the 60's und 70's in the reservation Alexie has made lots of experiences on many, if not all topics he writes about. For this paper I mainly had a look at three of Alexie's works, namely the novels "Reservation Blues" and "The Absolutely True Diary of a Part-Time Indian" as well as his collection of short stories "The Lone Ranger and Tonto Fistfight in Heaven". Reading these novels and stories I realized that they have much in common. In all those works the same problems can be found as well as the characters reappear. (...)

A Stranger's Journey - David Mura 2018-08-01
Long recognized as a master teacher at writing programs like VONA, the Loft, and the Stonecoast MFA, with *A Stranger's Journey*, David Mura has written a book on creative writing that addresses our increasingly diverse American literature. Mura argues for a more inclusive and expansive definition of craft,

particularly in relationship to race, even as he elucidates timeless rules of narrative construction in fiction and memoir. His essays offer technique-focused readings of writers such as James Baldwin, ZZ Packer, Maxine Hong Kingston, Mary Karr, and Garrett Hongo, while making compelling connections to Mura's own life and work as a Japanese American writer. In *A Stranger's Journey*, Mura poses two central questions. The first involves identity: How is writing an exploration of who one is and one's place in the world? Mura examines how the myriad identities in our changing contemporary canon have led to new challenges regarding both craft and pedagogy. Here, like Toni Morrison's *Playing in the Dark* or Jeff Chang's *Who We Be*, *A Stranger's Journey* breaks new ground in our understanding of the relationship between the issues of race, literature, and culture. The book's second central question involves structure: How does one tell a story? Mura provides clear, insightful narrative tools that any writer may

use, taking in techniques from fiction, screenplays, playwriting, and myth. Through this process, Mura candidly explores the newly evolved aesthetic principles of memoir and how questions of identity occupy a central place in contemporary memoir.

Reservation Blues - Sherman Alexie 2013-10-15
Winner of the American Book Award and the Murray Morgan Prize, Sherman Alexie's brilliant first novel tells a powerful tale of Indians, rock 'n' roll, and redemption. Coyote Springs is the only all-Indian rock band in Washington State—and the entire rest of the world. Thomas Builds-the-Fire takes vocals and bass guitar, Victor Joseph hits lead guitar, and Junior Polatkin rounds off the sound on drums. Backup

vocals come from sisters Chess and Checkers Warm Water. The band sings its own brand of the blues, full of poverty, pain, and loss—but also joy and laughter. It all started one day when legendary bluesman Robert Johnson showed up on the Spokane Indian Reservation with a magical guitar, leaving it on the floor of Thomas Builds-the-Fire's van after setting off to climb Wellpinit Mountain in search of Big Mom. In *Reservation Blues*, National Book Award winner Alexie vaults with ease from comedy to tragedy and back in a tour-de-force outing powered by a collision of cultures: Delta blues and Indian rock. This ebook features an illustrated biography including rare photos from the author's personal collection.
