The Ministry of a Baptist Deacon - Paul Chappell 2010-11-15

A godly deacon is a great asset to the work of God. His servant leadership benefits the entire church family, and his support and care for the pastor is invaluable. The Ministry of a Baptist Deacon is written for local church deacons who desire to invest themselves in the work of God

and give themselves to the service of God's people. It is designed as a handbook to equip deacons as servant leaders. This two-part manual scripturally defines the office and responsibilities of a deacon as well as providing practical helps for local church ministry. This book also includes several appendices with sample forms, financial procedures, and a

sample church constitution.

Deacons in Today's Black Baptist Church -

Marvin Andrew McMickle 2010

What does it mean to be a deacon in the black Baptist church today? What personal qualities should a candidate for deacon possess? What does the ministry entail? What relationship should exist between the pastor and deacons? What does Scripture say about the origins of the office of the deacon? How has the historical context of being black and Baptist in American influenced the evolution of that office? How do we fulfill the scriptural purposes of a deacon ministry in our local black Baptist churches today? Rev. Dr. Marvin McMickle explores these issues and more in this practical resource for today's church leaders.

RetroChristianity - Michael J. Svigel

2012-04-30

Evangelicalism is in trouble. Surveying the modern evangelical landscape, professor Michael Svigel asks, "Why does evangelicalism

appear to be spinning out of control, losing appeal to younger generations, dwindling in numbers, or selling out to pop culture to muster a crowd?" He seeks to answer this question by looking to the past—to a Retro Christianity. Calling for a return to evangelicalism's historical and theological roots, Svigel begins by addressing some of present-day evangelicalism's problems and explores what can be done to help churches regain a healthy perspective on doctrine. He then gives practical examples of what establishing a biblical, historical, and theologically sound foundation will mean for Christians as they think through aspects of church life and worship. As the numbers of those confused or disenchanted with evangelicalism continue to grow, Svigel's book meets a timely need and will benefit many readers with his balanced argument for preserving the evangelical faith.

Deacon Relationships Through the Body of

Christ - Donald E. Ledbetter 2009-05

Be the leader God intended you to be! Churches often elect deacons and fail to give them the training they need to accomplish their task, assuming that if one is qualified to become a deacon, he doesn't need training. This assumption has proven injurious both to the individual deacon and to the body of Christ. Dr. Ledbetter is one of the most qualified leaders in the Southern Baptist Convention to assist deacons in becoming the leader God intended them to be. As a pastor, he worked with deacons in four growing churches. Since entering evangelism in January 1984, he has conducted several hundred deacon retreats in both small and large churches across America, in addition to conducting revivals. To be an effective leader, a deacon must have a right relationship with Christ, his family, his church, his pastor, and with himself. This book discusses each of these relationships and provides spiritual insights that will help not only deacons, but every Christian

leader to become all God intended them to be.

The Baptist Deacon - Robert E. Naylor

The son of a Baptist minister, Dr. Naylor was influenced from childhood by men in this noble office of divine origin. His own twenty-five years in the Baptist ministry and his successful work with deacons in many churches, large and small, well qualify him to write this long needed book.

Descriptive Duties of Deacons - Russell R. Cook
2017-09-25

Almost every church in America has selected and ordained Deacons for service to their congregations. Most of these Deacons have learned their duties by on-the-job experiences. However, many Deacons, even years after their ordination, still ask the question, What am I supposed to do? This book, *Descriptive Duties of Deacons*, answers that question in clearly definitive ways. You need not feel overwhelmed, unsuited for certain areas of service, or burdened by watching other Deacons in your church and thinking you have to do everything they do. This guidebook shows numerous options for ministry that can fit with your spiritual gifts, talents, training, and personality. These ministry

options will help you find your niche in God's work. God does not intend for you to do everything nor to do your duties by yourself. He has placed you in a local church where a Pastor, ministry staff, and numerous volunteers can serve with you. The various duties described here will help you to better understand what both you and your fellow Deacons need to be doing individually and together. Follow this guidebook, and you may never again ask the question, What am I supposed to do as a Deacon?

Annual Report of the Church Training and Deaconess House of the Diocese of Pennsylvania - 1910

Deacons - Matt Smethurst 2021-03-30
How Can Deacons Mobilize Service in the Church? Deacons are essential to a church's health—yet confusion abounds regarding their biblical job description. What's their God-given role in a local congregation and how do they

relate to the church's overall mission? In this short book, Matt Smethurst makes the case that deacons are model servants called to meet tangible needs, organize and mobilize acts of service, preserve the unity of the flock, and support the ministry of the elders. Clearing away common misconceptions, Smethurst offers practical guidance for deploying deacons and helping churches to flourish.

Women Deacons and Deaconesses - Charles W. Deweese 2005

Divided opinion on the topic of this book has caused controversy in Baptist history and life. Most Baptist individuals and churches have strongly opposed women deacons. Some Baptist associations have even disfellowshipped churches that have approved women deacons. And women in general have been suppressed by many recent actions of the Southern Baptist Convention, thereby affecting women deacons. However, thousands of Baptist churches include women in their deacon bodies and find that they

make invaluable contributions. The book presents arguments on both sides of the topic, but lands squarely in support of women deacons.

The New Pastor's Handbook - Jason

Helopoulos 2015-09-29

Most seminary graduates will begin their

ministries with plenty of important head knowledge to share--but with a deficit of some of the most practical aspects of doing ministry, such as - which ministry role most suits them - how to start out strong at a new church - persevering during difficult seasons of ministry - leading meetings and delegating tasks - safeguarding their family - fighting discouragement, pastor envy, and a lack of contentment - navigating special ministry needs, such as hospitals, weddings, and funerals - and much more Through his hard-won wisdom, Jason Helopoulos comes alongside new pastors as a trusted friend and mentor, ready to guide them through their first years of ministry with intelligence and compassion.

Deacon Training - Kate Ward-Turner 2008-05
Indifference toward deacon development places the church in a precarious state. By and large, congregations stand to be weakened by deacons who have not discovered the exciting possibilities of the office. When pastor and

congregation disregard the need to have trained deacons, the office is allowed to recede into one of mere honor rather than service established in Christ. On the other hand, trained deacons or those in training discover exciting opportunities with which the office of deacons is filled. They come to perceive the office as one of service rather than honor. The church is strengthened exceedingly by their effective and efficient leadership under the sight of the pastor.

Unquestionable, God is looking for a special breed of deacons--a New Testament breed who are Spirit-filled and qualified. To say that deacons are qualified is to say also that they are trained for the work of deacons.

The Work of the Deacon & Diaconess - Harold Nichols 2014-05-01

Acknowledgment should also be made that my observation of the lives and examples of many who do not profess to be Christian has made me realize the blessings of God's love, and what kind of person I could have been, except for

God's hand working in the lives of those who have surrounded me.

Help! I'm a Deacon - Joe McKeever 2015-12-28

Think of this as a conversation on the matter of deacons in the Lord's churches. I'm a pastor. For 42 years I served six Southern Baptist churches and followed that with 5 years as the director of missions for our denomination's 130 churches and missions throughout greater New Orleans. I love deacons. My oldest son is one of the finest deacons I know. I'm eternally indebted to the Lord for surrounding me with godly and mature deacon friends who have enriched my life and enabled my ministry. My pastorates have been immeasurably strengthened by solid deacons who loved Jesus and wanted nothing more than to serve Him. But I did not emerge unscathed from serving alongside deacons. I bear scars from confrontations with a few deacons over the years. In one church, a small group saw

themselves as the board of directors of a country-club type church and the pastor as their hired executive. That they were powerful men used to getting their way made this a train-wreck waiting to happen. In another church, a small group of deacons was chronically unhappy with the pastor because he insisted on being the leader of the church. Wasn't the pastor their servant? Wasn't he supposed to take orders from them? Didn't the Bible say so? One of the surprising aspects of my retirement ministry is how the Lord keeps sending me to lead training weekends and retreats for deacons. Now, don't misunderstand. I love it. It's just a surprise, that this country preacher who bears the scars from run-ins with deacons over the years suddenly finds himself speaking out about the proper biblical role of these servants.

Dr. Ernestine Battle designed this manual to help identify some of the most basic principles of servant leadership, out of an experience of years as a "participating-observer" in a ministry that did not have a formal training program for its

leaders. Every church should have quality people; those who lead, encourage, and direct others to become even greater and more effective Christians. The church needs more women and men who are prepared to lead. This training manual provides extensive research on servant leadership, a curriculum of basic and foundational courses to help develop and grow ministry leaders.

This resource will benefit any church who desire to better equip its laity for servant leadership and strive for excellence in ministry. Dr. James H. Taylor, III is the senior pastor of the Race Street Baptist church in historic Farmville, VA. He is a graduate of the Samuel DeWitt Proctor School of Theology in Richmond, Virginia. and the United Theological Seminary in Dayton, Ohio.

Discovering and Developing Your Deacons -
Russell R. Cook 2015-09-02

Whether you are in a new church or a more established one, if you have a congregation, you

have a growing need for more servants. You need others to help you. Yet you may not know where to start or how to proceed with identifying, enlisting, equipping, and engaging servant-leaders for your church. In *Discovering and Developing Your Deacons*, you will find the help you need. If you are wondering whether or not you even need the ministry of Deacons, or if you'd like to know more about the process of discovering the right way to find them, this book is for you. You may have questions about the characteristics of men who can serve and how you can identify those qualities. This book answers clearly and concisely ten of the most often asked questions related to starting or restarting an effective Deacon ministry. It is not God's intention that a Pastor and one or two other leaders perform all needed ministry. This is akin to what God intended for the Apostles in Acts 6, when they had become overwhelmed with the ministry needs of a multiplying church. This book details how to find the kind of men

described in Acts 6—not only find them but identify them by their reputation, character qualities, and servant hearts. This is a process that can be undertaken by any church that sees the need and has a desire to follow clear, scripturally-based guidelines.

Reigning in Victory - Reverend Lelia Burgess
2016-06-08

My book *Reigning In Victory* will encourage the readers that inspite of issues and challenges they face in life they can still Reign In Victory. It requires a mindset and a determined spirit to make a difference in life. *Reigning In Victory* does not mean that on this journey of life we will

not have troubles, problems, disappointments, trials, persecution and set backs in our lives. However, inspite of all the issues and challenges that ones life maybe confronted with it is not what happen to you that really matters but what really matters is the way you handle what happen to you. The way we think has a lot to do with the way we live. If you think you can do a thing, then you can do it. Also, if you think you can't do a thing you will eventually talk yourself out of even trying to complete the task. If your thinking is not in line with fulfilling your God given purpose you will most likely settle for existing instead of thriving to be all that God wants you to be and enjoying this abundant life that we have been given. Reigning in Victory will require one to live on purpose to complete the assignments given unto us by God to be world changers and make a difference in the lives of people everywhere. This all begins when one change the way they think and then their whole world around them changes. Learn to see the

glass as half full instead of seeing it as half empty. The way you think and your attitude will determine your altitude. This book encourages the reader to do just that. I can do all things through Christ which strengthens me. That is my mindset and I want to help others to change the way they think and Reign In Victory.

Deacons and Their Wives - Leo R. Lavinka
2021-06

"Thank you Brother LaVinka! This is a much-needed book in Bible believing churches today. I have been involved in the ministry for 50 years and have seen far too many churches that have deacons who do not have a clue concerning what their ministry is to be. One church where I was the Director of Christian Education brought men on as deacons because they were successful in business. However, they were far from biblically qualified. In another church, they functioned as a board of directors, trying to give their Pastor instructions as to how I was to do things. One of the men told the Pastor, "I control the money in

this church and if you think differently I will do a Mexican Hat Dance on your head!" If only I would have had Brother Leo's book "Deacons and Their Wives" back then it would have made the task much easier. He does a Yeoman's job of defining and explaining the work and ministry of Deacons. The book is saturated with Scripture! I plan on purchasing copies for all my Deacons and plan to make it a part of our devotionals at the beginning of each Deacons meeting. I urge every Pastor, every Deacon, every Deacon's wife and every man who aspires to be a Deacon to get this book and read it." Pastor David L. Brown

David L. Brown, Ph.D., has been the Pastor of Oak Creek First Baptist IFB Church, WI, for 42 years. He is President of the King James Bible Research Council and Logos Communication Consortium, Curator of the Christian Heritage Bible Collection, an author of numerous books and articles, an international speaker, and a widely used consultant.

Effective leadership is important. Nowhere is this more true than in the church. A Partnership of Similar Hearts - Jr. Dr Jerome Lee 2016-11-19

This applied ministerial project?A Partnership of Similar Hearts: A Collaborative Approach to Deacon/Pastor Ministry at St. James Baptist Church'examined the knowledge base of the current deacon ministry and its correlation to

effective ministry in serving the needs of the St. James Baptist Church (SJBC) family in Greensboro, North Carolina. Coupled with this examination was the need for collaboration between the pastor and deacons in so doing. This project was designed to infuse the integration of the belief systems of the current deacon ministry with training that better serves the people and causes better collaboration with the pastor. This project did address the social problems that the overall deacon ministry of SJBC could face while serving. To add, this project also ensures all aspects of ministry were reflective of the paradigm shift that had taken place within the church, particularly in the area of leadership training. Demands placed by diverse parishioners on the urban pastor and the deacons seem to require the pastor less hands on while relegating many of the essential duties to servant leadership

Deacon Wives - Diana Davis 2009
