Science Fiction and Fantasy Literature - R. Reginald 2010-09
Science Fiction and Fantasy Literature, A Checklist, 1700-1974, Volume one of Two, contains an Author Index, Title Index, Series Index, Awards Index, and the Ace and Belmont Doubles Index.

Ender's Game - Orson Scott Card 2017-10-17

"The classic of modern science fiction"--Front cover.

The Door Through Space - Marion Zimmer Bradley 2017-12-20

Across half a Galaxy, the Terran Empire maintains its sovereignty with the consent of the governed. It is a peaceful reign, held by compact and not by conquest. Again and again, when rebellion threatens the Terran Peace, the natives of the rebellious world have turned against their own people and sided with the men of Terra; not from fear, but from a sense of dedication. There has never been open war. The battle for these worlds is fought in the minds of a few men who stand between worlds; bound to one world by interest, loyalties and allegiance; bound to the other by love. Such a world is Wolf. Such a man was Race Cargill of the Terran Secret Service.

An Etymological Dictionary of Modern English - Ernest Weekley 1967

Earthman - Jack T. Chick 1990

Modelland - Tyra Banks 2011-09-13

Modelland - the FIERCE NEW NOVEL BY TYRA BANKS—IS OUT! No one gets in without being asked. And with her untamable hair, large forehead, and gawky body, Tookie De La Crème isn't expecting an

invitation. Modelland—the exclusive, mysterious place on top of the mountain—never dares to make an appearance in her dreams. But someone has plans for Tookie. Before she can blink her mismatched eyes, Tookie finds herself in the very place every girl in the world obsesses about. And three unlikely girls have joined her. Only seven extraordinary young women become Intoxibellas each year. Famous. Worshipped. Magical. What happens to those who don't make it? Well, no one really speaks of that. Some things are better left unsaid. Thrown into a world where she doesn't seem to belong, Tookie glimpses a future that could be hers—if she survives the beastly Catwalk Corridor and terrifying Thigh-High Boot Camp. Along the way, she learns all about friendship, courage, laughter and what it feels like to start to believe in yourself. When you enter the fantastical world of Modelland, you'll see that Tookie was inspired by Tyra's life as a supermodel. All those crazy and wild adventures Tookie has with her friends? Some of them were ripped straight from the headlines of Tyra's life! Tyra knows all about beauty and fashion and fierceness, and she shares everything here in MODELAND. It's fun, zany, and 100 bazillion-percent Tyra. You don't want to miss Tyra's amazing new novel! From the Hardcover edition.

The Reluctant Psychic - Richard J West 2014-05-28

Richard West didn't want to be psychic. He tried, over the years, to ignore the voices that he heard, and the gentle prods that he received from a higher place. He became accustomed to a certain "knowing" about people and events before they happened, and used this to good advantage in his life, first as a custom officer and later as a successful businessman. In the end, Richard couldn't avoid the persistent nudging and as his life unfurled, his reticence became less and his inquisitiveness grew. "The Reluctant Psychic. More Case Files!" is a follow-on from the first book, giving a more in-detail look at the scope of work that arrives at his door, on a daily basis, as a healer, Dowser and ghost buster. It is a varied, often unexpected mixture of science and the esoteric disciplines, and covers subjects such as remote dowsing and ghost busting at a distance, which will no doubt leave the reader more than a little intrigued In addition to his work as a practical healer, Dowser, and Geopathic Stress consultant, his bulging case files are full of ghost stories, both funny and poignant, that he has collected in the course of his work around the world. This book contains more of these stories, explanations and case studies, that give a glimpse into his special world, of which you will want you to know more!

The Encyclopedia of Science Fiction and Fantasy Through 1968: Who's who, A-L - 1974

This massively comprehensive work of science fiction and fantasy bibliography is already a library standard. It consists of an alphabetical listing of hundreds of authors, anthologists, editors, artists, etc., with biographical sketches where available, and compilations of their science fiction and fantasy works. The contents of most collections and anthologies are listed. In most cases the entries include bibliographic data for all known English-language editions and forms, as well as some foreign translations. Each author's entry also includes listings of books and short stories which form connected series, such as Robert Heinlein's famous Future History. Large 8 1/2 x 11 inch pages in two columns of small print.

The tranquility of Mars is disrupted by humans who want to conquer space, colonize the planet, and escape a doomed Earth.

Evergreen Review - 1968

The Time Jigsaw - David Munro 2013-06-28

The Time Jigsaw

Fables in Slang - George Ade 1960

"A republication of Fables in slang and More fables in slang" ... as published in 1899 and 1900.

Fares, Please! - John Anderson Miller 1960

The Rise and Fall of American Science Fiction, from the 1920s to the 1960s - Gary Westfahl 2019-10-04

By examining important aspects of science fiction in the twentieth century, this book explains how the genre evolved to its current state. Close critical attention is given to topics including the art that has accompanied science fiction, the subgenres of space opera and hard science fiction, the rise of SF anthologies, and the burgeoning impact of the marketplace on authors. Included are in-depth studies of key texts that contributed to science fiction's growth, including Philip Francis Nowlan's first Buck Rogers story, the first published stories of A. E. van Vogt, and the early juveniles of Isaac Asimov, Arthur C. Clarke and Robert Heinlein.

The Star Rover - Jack London 1917

A life prisoner in the California State Prison of San Quentin, Darrell Standing learns to time travel from his cell in solitary through interstellar space.

An Accidental Autobiography - Gregory Corso 2003

He left (or was left by) a number of girlfriends and he fathered five children along the way. He was apt to raise a bit of a ruckus at poetry readings and other public events. No one could be sure what he might do next except that he would write poetry and get published and that it would be widely read."

The Jacket (The Star-Rover) - Jack London 2022-09-15

DigiCat Publishing presents to you this special edition of "The Jacket

(The Star-Rover)" by Jack London. DigiCat Publishing considers every written word to be a legacy of humankind. The American Film Institute Catalog of Motion Pictures Produced in the United States - American Film Institute 1993

Kerouac on Record - Simon Warner 2018-03-08
He was the leading light of the Beat Generation writers and the most dynamic author of his time, but Jack Kerouac also had a lifelong passion for music, particularly the mid-century jazz of New York City, the development of which he witnessed first-hand during the 1940s with Charlie Parker, Dizzy Gillespie and Thelonious Monk to the fore. The novelist, most famous for his 1957 book On the Road, admired the sounds of bebop and attempted to bring something of their original energy to his own writing, a torrent of semi-autobiographical stories he published between 1950 and his early death in 1969. Yet he was also drawn to American popular music of all kinds - from the blues to Broadway ballads - and when he came to record albums under his own

name, he married his unique spoken word style with some of the most talented musicians on the scene. Kerouac's musical legacy goes well beyond the studio recordings he made himself: his influence infused generations of music makers who followed in his work - from singer-songwriters to rock bands. Some of the greatest transatlantic names - Bob Dylan and the Grateful Dead, Van Morrison and David Bowie, Janis Joplin and Tom Waits, Sonic Youth and Death Cab for Cutie, and many more - credited Kerouac's impact on their output. In Kerouac on Record, we consider how the writer brought his passion for jazz to his prose and poetry, his own record releases, the ways his legacy has been sustained by numerous more recent talents, those rock tributes that have kept his memory alive and some of the scores that have featured in Hollywood adaptations of the adventures he brought to the printed page.

Future and Fantastic Worlds - Sheldon Jaffery 1987-01-01

Future and Fantastic Worlds embodies an unusual approach to the field of bibliographic research, including over 700 annotations of every DAW book published through mid-1987, with indexes by author, artist, and title, providing a massive guide to modern SF writers and their works, with much background data. Interspersed throughout the book are numerous wry, irreverent, and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool.

The Great Monster Magazines - Robert Michael "Bobb" Cotter
 2019-04-02

This is a critical overview of monster magazines from the 1950s through
 the 1970s. "Monster magazine" is a blanket term to describe both
 magazines that focus primarily on popular horror movies and magazines
 that contain stories featuring monsters, both of which are illustrated in
 comic book style and printed in black and white. The book describes the
 rise and fall of these magazines, examining the contributions of Marvel
 Comics and several other well-known companies, as well as evaluating
 the effect of the Comics Code Authority on both present and future
 efforts in the field. It identifies several sub-genres, including monster
 movies, zombies, vampires, sword-and-sorcery, and pulp-style fiction.
 The work includes several indexes and technical credits.

Breaking Open the Head - Daniel Pinchbeck 2003-08-12

A dazzling work of personal travelogue and cultural criticism that ranges
 from the primitive to the postmodern in a quest for the promise and
 meaning of the psychedelic experience. While psychedelics of all sorts
 are demonized in America today, the visionary compounds found in
 plants are the spiritual sacraments of tribal cultures around the world.
 From the iboga of the Bwiti in Gabon, to the Mazatecs of Mexico, these
 plants are sacred because they awaken the mind to other levels of
 awareness--to a holographic vision of the universe. *Breaking Open the
 Head* is a passionate, multilayered, and sometimes rashly personal
 inquiry into this deep division. On one level, Daniel Pinchbeck tells the
 story of the encounters between the modern consciousness of the West
 and these sacramental substances, including such thinkers as Allen
 Ginsberg, Antonin Artaud, Walter Benjamin, and Terence McKenna, and
 a new underground of present-day ethnobotanists, chemists,
 psychonauts, and philosophers. It is also a scrupulous recording of the
 author's wide-ranging investigation with these outlaw compounds,
 including a thirty-hour tribal initiation in West Africa; an all-night
 encounter with the master shamans of the South American rain forest;
 and a report from a psychedelic utopia in the Black Rock Desert that is
 the Burning Man Festival. *Breaking Open the Head* is brave participatory
 journalism at its best, a vivid account of psychic and intellectual
 experiences that opened doors in the wall of Western rationalism and
 completed Daniel Pinchbeck's personal transformation from a jaded
 Manhattan journalist to shamanic initiate and grateful citizen of the
 cosmos.

**JACK LONDON Ultimate Collection: 250+ Works in One Volume:
 Novels, Short Stories, Plays, Poetry, Memoirs, Essays & Articles
 (Illustrated)** - Jack London 2017-04-03
