Comprehending as without difficulty as promise even more than further will meet the expense of each success. adjacent to, the message as competently as perception of this free labor guide can be taken as well as picked to act.

Free Labor - John Krinsky 2008-09-15

One of former New York City Mayor Rudolph Giuliani's proudest accomplishments is his expansion of the Work Experience Program, which uses welfare recipients to do routine work once done by unionized city workers. The fact that WEP workers are denied the legal status of employees and make far less money and enjoy fewer rights than do city workers has sparked fierce opposition. For antipoverty activists, legal advocates, unions, and other critics of the program this double standard begs a troubling question: are workfare participants workers or welfare recipients? At times the fight over workfare unfolded as an argument over who had the authority to define these terms, and in *Free Labor*, John Krinsky focuses on changes in the language and organization of the political coalitions on either side of the debate. Krinsky's broadly interdisciplinary analysis draws from interviews, official documents, and media reports to pursue new directions in the study of the cultural and cognitive aspects of political activism. *Free Labor* will instigate a lively dialogue among students of culture, labor and social movements, welfare policy, and urban political economy.

From Slavery to Freedom - Seymour Drescher 1999-05-17

The entries in this volume focus upon the rise and fall of the Atlantic slave system in comparative perspective. The subjects range from the rise of the slave trade in early modern Europe to a comparison of slave trade and the Holocaust of the twentieth century, dealing with both the history and historiography of slavery and abolition. They include essays on British, French, Dutch, and Brazilian abolition, as well as essays on the historiography of slavery and abolition since the publication of Eric Williams's *Capitalism and Slavery* more than fifty years ago.

Study Guide For Safe Maternity and Pediatric Nursing Care - Luanne Linnard-Palmer 2016-09-23

It introduces the latest ideas and research—from prenatal testing to the long-term effects of prenatal nutrition—and provides indispensable advice to mothers at high risk or with pregnancy complications and those with dietary limitations. Sidebars offer quick tips on warning signs, where to find help, and more. *Knack Pregnancy Guide* is a must for every pregnant mother. • 300 full-color photos • 50 illustrations • Coauthored by an ob/gyn and a leading doula • Organized by trimester • Special pages for dads

Atlanta, Cradle of the New South - William A. Link 2013

Atlanta, Cradle of the New South: Race and Remembering in the Civil War's Aftermath

Coercion, Contract, and Free Labor in the Nineteenth Century - Robert J. Steinfeld 2001-02-05

This book presents a fundamental reassessment of the nature of wage labor in the nineteenth century, focusing on the common use of penal sanctions in England to enforce wage labor agreements. Professor Steinfeld argues that wage workers were not employees at will but were often bound to their employment by enforceable labor agreements, which employers used whenever available to manage their labor costs and supply. In the northern United States, where employers normally could not use penal sanctions, the common law made other contract remedies available, also placing employers in a position to enforce labor agreements. Modern free wage labor only came into being late in the nineteenth century, as a result of reform legislation that restricted the contract remedies employers could legally use.

The Invention of Free Labor - Robert J. Steinfeld 2014-02-01

Examining the emergence of the modern conception of free labor--labor that could not be legally compelled, even though voluntarily agreed upon--Steinfeld explains how English law dominated the early American colonies, making violation of all labor agreements punishable by imprisonment. By the eighteenth century, traditional legal restrictions no longer applied to many kinds of colonial workers, but it was not until the nineteenth century that indentured servitude came to be regarded as similar to slavery.

The Monied Metropolis - Sven Beckert 2003-02-03

This book, first published in 2001, is a comprehensive history of the most powerful group in the nineteenth-century United States: New York City's economic elite. This small and diverse group of Americans accumulated unprecedented economic, social, and political power, and decisively put their mark on the age. Professor Beckert explores how capital-owning New Yorkers overcame their distinct antebellum identities to forge dense social networks, create powerful social institutions, and articulate an increasingly coherent view of the world and their place within it. Actively engaging in a rapidly changing economic, social, and political environment, these merchants, industrialists, bankers, and professionals metamorphosed into a social class. In the process, these upper-class New Yorkers put their stamp on the major political conflicts of the day - ranging from the Civil War to municipal elections. Employing the methods of social history, *The Monied Metropolis* explores the big issues of nineteenth-century social change.

Violations of Free Speech and Assembly and Interference with Rights of Labor - United States. Congress. Senate. Committee on Education and Labor 1936

The Politically Incorrect Guide to American History - Thomas E. Woods, Jr. 2004-01-04

The bestselling *Politically Incorrect Guide to American History* reveals facts that you won't be--or never were--taught in school, tells you about the "Books You're Not Supposed to Read," and gives you all the information you need to battle and confound left-wing professors, neighbors, and friends.

Reinventing Free Labor - Gunther Peck 2000-05-22

One of the most infamous villains in North America during the Progressive Era was the padrone, a mafia-like immigrant boss who allegedly enslaved his compatriots and kept them uncivilized, unmanly, and unfree. In this history of the padrone, first published in 2000, Gunther Peck analyzes the figure's deep cultural resonance by examining the lives of three padrones and the workers they imported to North America. He argues that the padrones were not primitive men but rather thoroughly modern entrepreneurs who used corporations, the labour contract, and the right to quit to create far-flung coercive networks. Drawing on Greek, Spanish, and Italian language sources, Peck analyzes how immigrant workers emancipated themselves using the tools of padrone power to their own advantage. *National Labor Relations Act of 1949. H.R. 2032. Hearings ... March 7, 8, 10, 11, 12, 14, 15, 16, 18, & 21, 1949* - United States. Congress. House. Committee on Education and Labor 1949

Guide to U.S. Political Parties - Marjorie R. Hershey 2014-04-01

This one-volume reference presents the major conceptual approaches to the study of U.S. political parties and the national party system, describing the organization and behavior of U.S. political parties in thematic, narrative chapters that help undergraduate students better understand party origins, historical development, and current operations. Further, it provides researchers with in-depth analysis of important subtopics and connections to other aspects of politics. Key Features: Thematic, narrative chapters, organized into six major parts, provide the context, as well as in-depth analysis of the unique system of party politics in the United States. Top analysts of party politics provide insightful chapters that explore how and why the U.S. parties have changed over time, including major organizational transformations by the parties, behavioral changes among candidates and party activists, and attitudinal changes among their partisans in the electorate. The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate-centered model, fueled in part by changes in campaign finance, the rise of new communication technologies, and fragmentation of the electorate. This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States.

Insight Guides USA The South (Travel Guide eBook) - Insight Guides 2022-11-01

Insight Guide to USA The South is a pictorial travel guide in a magazine style providing answers to the key questions before or during your trip: deciding when to go to USA The South, choosing what to see, from exploring New Orleans to discovering the Grand Canyon or creating a travel plan to cover key places like Louisiana, Tennessee. Labor Guide to Labor Law - Bruce S. Feldacker 2014-08-12

Labor Guide to Labor Law is a comprehensive survey of labor law in the private sector, written from the labor perspective for labor relations students and for unions and their members. The text emphasizes issues of greatest importance to unions and employees. Where the law permits a union to make certain tactical choices, those choices are pointed out. Material is included on internal union matters that tend to be ignored in management texts. Bruce S. Feldacker and Michael J. Hayes cover applicable labor law principles from a union's initial organizing campaign to the mature bargaining relationship, including such

subjects as the employee right to engage in protected concerted activity, the duty to bargain, labor arbitration, the use of strikes, picketing and other economic weapons in resolving a labor dispute, the duty of fair representation, internal union regulation, and employment discrimination. This book is also a useful reference and review for full-time union officers and representatives who have a working knowledge of labor law but wish to brush up on certain points as needed in their work. Both authors have extensive experience in the construction field, and they have been careful to include material on those aspects of labor law that are unique to that field. Labor Guide to Labor Law is structured to present an unbiased and comprehensive explanation of labor law principles for anyone interested in the field. Thus, labor relations educators, as well as practitioners in the field representing labor, management, or individual employees, should also find the text suitable for their use. Each chapter includes a summary, review questions and answers, a restatement of "Basic Legal principles" with citations to key cases, and a bibliography for additional research. The comprehensively revised and updated fifth edition covers new statutes, current issues, and the latest developments in labor and employment law.

Hearings - United States. Congress. House. Committee on Education 1949

The Great Southwest Railroad Strike and Free Labor - Theresa A. Case 2010-02-23

Focusing on a story largely untold until now, Theresa A. Case studies the "Great Southwest Strike of 1886," which pitted entrepreneurial freedom against the freedom of employees to have a collective voice in their workplace. This series of local actions involved a historic labor agreement followed by the most massive sympathy strike the nation had ever seen. It attracted western railroaders across lines of race and skill, contributed to the rise and decline of the first mass industrial union in U.S. history (the Knights of Labor), and brought new levels of federal intervention in railway strikes. Case takes a fresh look at the labor unrest that shook Jay Gould's railroad empire in Texas, Arkansas, Missouri, Kansas, and Illinois. In Texas towns and cities like Marshall, Dallas, Fort Worth, Palestine, Texarkana, Denison, and Sherman, union recognition was the crucial issue of the day. Case also powerfully portrays the human facets of this strike, reconstructing the story of Martin Irons, a Scottish immigrant who came to adopt the union cause as his own. Irons committed himself wholly to the failed strike of 1886, continuing to urge violence even as courts handed down injunctions protecting the railroads, national union leaders publicly chastised him, the press demonized him, and former strikers began returning to work. Irons's individual saga is set against the backdrop of social, political, and economic changes that transformed the region in the post-Civil War era. Students, scholars, and general readers interested in railroad, labor, social, or industrial history will not want to be without The Great Southwest Railroad Strike and Free Labor.
