**Registries for Evaluating Patient Outcomes** - Agency for Healthcare Research and Quality/AHRQ 2014-04-01

This User's Guide is intended to support the design, implementation, analysis, interpretation, and quality evaluation of registries created to increase understanding of patient outcomes. For the purposes of this guide, a patient registry is an organized system that uses observational study methods to collect uniform data (clinical and other) to evaluate specified outcomes for a population defined by a particular disease, condition, or exposure, and that serves one or more predetermined scientific, clinical, or policy purposes. A registry database is a file (or files) derived from the registry. Although registries can serve many purposes, this guide focuses on registries created for one or more of the following purposes: to describe the natural history of disease, to determine clinical effectiveness or cost-effectiveness of health care products and services, to measure or monitor safety and harm, and/or to measure quality of care. Registries are classified according to how their populations are defined. For example, product registries include patients who have been exposed to biopharmaceutical products or medical devices. Health services registries consist of patients who have had a common procedure, clinical encounter, or hospitalization. Disease or condition registries are defined by patients having the same diagnosis, such as cystic fibrosis or heart failure. The User's Guide was created by researchers affiliated with AHRQ's Effective Health Care Program, particularly those who participated in AHRQ's DEcIDE (Developing Evidence to Inform Decisions About Effectiveness) program. Chapters were subject to multiple internal and external independent reviews.

*A Guide to Oral History and the Law* - John A. Neuenschwander 2014-09-12

According to the Oral History Association, the term oral history refers to "a method of recording and preserving oral testimony" which results in a

verbal document that is "made available in different forms to other users, researchers, and the public." Ordinarily such an academic process would seem to be far removed from legal challenges. Unfortunately this is not the case. While the field has not become a legal minefield, given its tremendous growth and increasing focus on contemporary topics, more legal troubles could well lie ahead if sound procedures are not put in place and periodically revisited. *A Guide to Oral History and the Law* is the definitive resource for all oral history practitioners. In clear, accessible language it thoroughly explains all of the major legal issues including legal release agreements, the protection of restricted interviews, the privacy torts (including defamation), copyright, the impact of the Internet, and the role of Institutional Review Boards (IRBs). The author accomplishes this by examining the most relevant court cases and citing examples of policies and procedures that oral history programs have used to avoid legal difficulties. Neuenschwander's central focus throughout the book is on prevention rather than litigation. He underscores this approach by strongly emphasizing how close adherence to the Oral History Association's Principles and Best Practices provides the best foundation for developing sound legal policies. The book also provides more than a dozen sample legal release agreements that are applicable to a wide variety of situations. This volume is an essential one for all oral historians regardless of their interviewing focus.

The Federalist Papers - Alexander Hamilton 2021-10-19

*The Federalist Papers* Alexander Hamilton - Hailed by Thomas Jefferson as the best commentary on the principles of government which was ever written, *The Federalist Papers* is a collection of eighty-five essays published by Founding Fathers Alexander Hamilton, James Madison, and John Jay from 1787 to 1788, as a means to persuade the public to ratify the Constitution of the United States. With nearly two-thirds of the essays written by Hamilton, this enduring classic is perfect for modern audiences passionate about his work or seeking a deeper understanding of one of the most important documents in US history.

**Asian American History Day by Day: A Reference Guide to Events** - Jonathan H. X. Lee 2018-10-12

An accessible and ready reference for student research, this day-by-day guide highlights the importance of Asian Americans in U.S. history, highlighting the impact of specific individuals and this large ethnic group as a whole across time and documenting the evolution of policies, issues, and feelings concerning this particular American population. • Provides detailed information throughout history on the events, people, and places of Asian American history • Presents a unique calendar approach to recognizing the contributions of this significant ethnic demographic throughout U.S. history that demonstrates how all 365 days of the year can feature an achievement made by Asian Americans • Offers information on celebrities, inventors, events, and more that relate to Asian American life in the United States

**African American History Day by Day: A Reference Guide to Events** - Karen Juanita Carrillo 2012-08-22

The proof of any group's importance to history is in the detail, a fact made plain by this informative book's day-by-day documentation of the impact of African Americans on life in the United States. • More than 365 chronologically arranged entries featuring events and information about African Americans • An introduction that overviews the importance of African American history in a day-by-day approach • A preface that explains the scope, methodology, and rationale for coverage • Primary source excerpts for some events and two vetted books and websites for all events

**The State and Federal Courts: A Complete Guide to History, Powers, and Controversy** - Christopher P. Banks 2017-01-26

How does the American judiciary impact the development of legal and social policies in the United States? How are the state and federal court systems constructed? This book answers these questions and many

others regarding politics, the U.S. courts, and society. • Presents a broad and detailed perspective on law and politics that enables students and laypeople to analyze the judicial process and the role that state and federal courts play in American society • Comprehensively surveys the myriad contemporary issues of law and politics that affect the scope and application of social and public policies • Supplies selected primary source documents that give readers the opportunity to view key judicial documents firsthand • Includes a glossary of terms and annotated bibliography that facilitate a complete comprehension of the organization, structure, and politics of state and federal courts

**Waiting for Lefty** - Clifford Odets 1962

THE STORY: The action of the play is comprised of a series of varied, imaginatively conceived episodes, which blend into a powerful and stirring mosaic. The opening scene is a hiring hall where a union leader (obviously in the pay of the bosses) is trying to convince a committee of workers (who are waiting for their leader, Lefty, to arrive) not to strike. This is followed by a moving confrontation between a discouraged taxi driver, who cannot earn enough to live on, and his angry wife, who wants him to show some backbone and stand up to his employer; a revealing scene between a scheming boss and the young worker who refuses to spy on his fellow employees; a sad/funny episode centering on a young cabbie and his would-be bride, who lack the wherewithal to get married; a disturbing scene involving a senior doctor and the underpaid young intern (a labor activist) whom the doctor has been ordered to discharge; and, finally, a return to the union hall where the workers, learning that Lefty has been gunned down by the powers-that-be, resolve at last to stand up for their rights and to strike-and to stay off their jobs until their grievances are finally heard and acted upon by those who have so cynically exploited and misused them.

**An Indigenous Peoples' History of the United States** - Roxanne Dunbar-Ortiz 2015-08-11

New York Times Bestseller Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature. *AP US History 2021 and 2022 Prep Study Guide* - Tpb Publishing 2020-12-04

**US History Revolution to Reconstruction - ADVANCE PREVIEW** - MI Open Book Project 2017-06-30

The history of the United States from the Revolutionary War to Reconstruction, designed for Michigan 8th Graders.

**A Guide for Using A Year Down Yonder in the Classroom** - Sarah K. Clark 2002

Each book in this series is a guide for using a well-known piece of literature in the classroom. Included are sample plans, author information, vocabulary-building ideas, and cross-curricular activities. At the Intermediate and Challenging levels, sectional activities and quizzes, unit tests, and ideas for culminating and extending the novel are also included.

*The Negro Motorist Green Book* - Victor H. Green

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

*U.S. History* - P. Scott Corbett 2017-12-19

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

**The Hessians** - Rodney Atwood 2002-08-15

A study of the German auxiliaries who fought with the British against the American colonists.

**Guide to Research in Federal Judicial History** - Jonathan W. White 2011-03-01

This guide describes the records of the federal courts, as well as records of Congress and the executive branch, that are relevant to researching federal judicial history. Includes an Introduction to Historical Research in Federal Judicial History. This is a print on demand edition of an important, hard-to-find publication.

Source Book and Bibliographical Guide for American Church History - Peter George Mode 1921

**AP\* U.S. History Review and Study Guide Aligned With American Pageant 15th Edition** - Mill Hill Books 2015-10-07

Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course. Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version.

*Resources in Education* - 1998

**Texas Contemporary World Studies** - 2015

**The Yale Law School Guide to Research in American Legal History**

- John B. Nann 2018-06-19

The study of legal history has a broad application that extends well beyond the interests of legal historians. An attorney arguing a case today may need to cite cases that are decades or even centuries old, and historians studying political or cultural history often encounter legal issues that affect their main subjects. Both groups need to understand the laws and legal practices of past eras. This essential reference is intended for the many nonspecialists who need to enter this arcane and often tricky area of research.

An Indigenous Peoples' History of the United States for Young People - Roxanne Dunbar-Ortiz 2019-07-23

2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People, selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (Kirkus Reviews) · Best Nonfiction of 2019 (School Library Journal) · Best Books for Teens (New York Public Library) · Best Informational Books for Older Readers (Chicago Public Library) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country "discovered" by a few brave men in the "New World," Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.

**American Creation** - Joseph J. Ellis 2007

A masterful examination of the early years of the American Republic analyzes the eventful last quarter of the eighteenth century, the accomplishments of the American founders, and the triumphs and failures that shaped the early nation and the American character. (History -- United States)

*America's History* - 2018

**Reading History: A Practical Guide to Improving Literacy** - Janet Allen 2005

Having trouble interesting your students in history or the history textbook? Concerned about the ability of your students to actually read the textbook? Learn ways to tie reading strategies to the learning of history and sources that will help history come alive for your students. Nationally known literacy advocate Janet Allen discusses strategies for teaching nonfiction reading using Joy Hakim's award winning A History of US series as the center of a blossoming campaign among educators to integrate literacy and history. Classroom tested at a variety of grade levels, real student samples are interspersed throughout the book providing clearer understanding of the strategies in action.

**A Field Guide to White Supremacy** - Kathleen Belew 2021-10-26

It is not a matter of argument among the vast majority of scholars, but of demonstrable fact. White supremacy includes both individual prejudice and, for instance, the long history of the disproportionate incarceration of people of color. It describes a legal system still predisposed towards racial inequality even when judge, counsel, and jurors abjure racism at the individual level. It is collective and individual. It is old and immediate. Some white supremacists turn to violence, but there are also a lot of people who are individually white supremacist-some openly so-and reject violence. This Field Guide proposes that a better understanding of hate groups, white supremacy, and the ways that racism and patriarchy have braided into our laws and systems can help people to tell, and understand, better stories. .

**Handbook for Research in American History** - Francis Paul Prucha 1994-01-01

When the Handbook for Research in American History was first published, reviewers called it "an excellent tool for historians of all interests and levels of experience . . . simple to use, and concisely worded" (Western Historical Quarterly) and "an excellent work that fulfills its title in being portable yet well-filled" (Reference Reviews). The Journal of American History added, "It is not easy to produce a reference work that is utilitarian and enriching and does not duplicate existing works. Professor Prucha has done the job very well." This second, revised edition takes account of the revolution that is occurring in bibliographic science as printed reference works extend to electronic databases, CD-

ROMs, and online networks such as the Internet. Focusing on and expanding the major section of the original Handbook, it provides information on traditional printed works, describes new guides and updated versions of old ones, notes the availability of reference works

and of some full-text sources in electronic form, and discusses the usefulness to researchers of different kinds of material and the forms in which they are available. Extensive cross-referencing and a detailed index that includes authors, subjects, and titles enhance the book's usefulness.
