2020-10-06

When Pheodora's husband suffers an unexpected reversal of fortune and is thrown into debtor's prison, she returns to Nazareth, where she pins her hopes on two she-goats who should give birth to spotless white kids that would be perfect for the upcoming Yom Kippur sacrifice. In the eighteen months between the kids' birth and the opportunity to sell them and redeem her husband from prison, Pheodora must call on her wits, her family, and her God in order to provide for her daughters and survive. But when every prayer and ritual she knows is about God's care for Israel, how can she trust that God will hear and help a lowly shepherd's wife?

Scared Selfless - Michelle Stevens, PhD 2018-03-27

“A riveting memoir that takes readers on a roller coaster ride from the

depths of hell to triumphant success.”—Dave Pelzer, author of *A Child Called “It”* Michelle Stevens has a photo of the exact moment her childhood was stolen from her: She’s only eight years old, posing for her mother’s boyfriend, Gary Lundquist—an elementary school teacher, neighborhood stalwart, and brutal pedophile. Later that night, Gary locks Michelle in a cage, tortures her repeatedly, and uses her to quench his voracious and deviant sexual whims. Little does she know that this will become her new reality for the next six years. Michelle can also pinpoint the moment she reconstituted the splintered pieces of her life: She’s in cap and gown, receiving her PhD in psychology—and the university’s award for best dissertation. The distance between these two points is the improbable journey from torture, loss, and mental illness to healing, recovery, and triumph that is Michelle’s powerful memoir, *Scared Selfless*. Michelle suffered from post-traumatic stress disorder, anxiety, and depression, and made multiple suicide attempts. She also developed multiple personalities. There was “Chelsey,” the rebellious teenager; “Viscous,” a tween with homicidal rage; and “Sarah,” a sweet little girl who brought her teddy bear on a first date. In this harrowing tale, Michelle, who was inspired to help others heal by becoming a psychotherapist, sheds light on the all-too-real threat of child sexual abuse, its subsequent psychological effects, and the best methods for victims to overcome their ordeals and, ultimately, thrive. *Scared Selfless*

is both an examination of the extraordinary feats of the mind that are possible in the face of horrific trauma as well as Michelle's courageous testament to their power.

Porn Archives - Tim Dean 2014-11-26

While sexually explicit writing and art have been around for millennia, pornography—as an aesthetic, moral, and juridical category—is a modern invention. The contributors to Porn Archives explore how the production and proliferation of pornography has been intertwined with the emergence of the archive as a conceptual and physical site for preserving, cataloguing, and transmitting documents and artifacts. By segregating and regulating access to sexually explicit material, archives have helped constitute pornography as a distinct genre. As a result, porn has become a site for the production of knowledge, as well as the production of pleasure. The essays in this collection address the historically and culturally varied interactions between porn and the archive. Topics range from library policies governing access to sexually explicit material to the growing digital archive of "war porn," or eroticized combat imagery; and from same-sex amputee porn to gay black comic book superhero porn. Together the pieces trace pornography as it crosses borders, transforms technologies, consolidates sexual identities, and challenges notions of what counts as legitimate forms of knowledge. The collection concludes with a valuable resource for scholars: a list of pornography archives held by institutions around the world. Contributors. Jennifer Burns Bright, Eugenie Brinkema, Joseph Bristow, Robert Caserio, Ronan Crowley, Tim Dean, Robert Dewhurst, Lisa Downing, Frances Ferguson, Loren Glass, Harri Kahla, Marcia Klotz, Prabha Manuratne, Mireille Miller-Young, Nguyen Tan Hoang, John Paul Ricco, Steven Ruszczycky, Melissa Schindler, Darieck Scott, Caitlin Shanley, Ramon Soto-Crespo, David Squires, Linda Williams

There she finds herself the prisoner of a shape shifting demigod and his priests of pain, a tortured pawn in a life-and-death struggle between two powerful survivors of an ancient, inhuman race! Wild, sexually explicit situations abound in this powerful SM graphic novel. The story is part adventure, part dark romance, part gothic horror, and all B&D! Countdown - Alan Weisman 2013-09-24

A powerful investigation into the chances for humanity's future from the author of the bestseller *The World Without Us*. In his bestselling book *The World Without Us*, Alan Weisman considered how the Earth could

heal and even refill empty niches if relieved of humanity's constant pressures. Behind that groundbreaking thought experiment was his hope that we would be inspired to find a way to add humans back to this vision of a restored, healthy planet-only in harmony, not mortal combat, with the rest of nature. But with a million more of us every 4 1/2 days on a planet that's not getting any bigger, and with our exhaust overheating the atmosphere and altering the chemistry of the oceans, prospects for a sustainable human future seem ever more in doubt. For this long awaited follow-up book, Weisman traveled to more than 20 countries to ask what experts agreed were probably the most important questions on Earth-- and also the hardest: How many humans can the planet hold without capsizing? How robust must the Earth's ecosystem be to assure our continued existence? Can we know which other species are essential to our survival? And, how might we actually arrive at a stable, optimum population, and design an economy to allow genuine prosperity without endless growth? Weisman visits an extraordinary range of the world's cultures, religions, nationalities, tribes, and political systems to learn what in their beliefs, histories, liturgies, or current circumstances might suggest that sometimes it's in their own best interest to limit their growth. The result is a landmark work of reporting: devastating, urgent, and, ultimately, deeply hopeful. By vividly detailing the burgeoning effects of our cumulative presence, *Countdown* reveals what may be the fastest, most acceptable, practical, and affordable way of returning our planet and our presence on it to balance. Weisman again shows that he is one of the most provocative journalists at work today, with a book whose message is so compelling that it will change how we see our lives and our destiny.
