Managing Innovation and Entrepreneurship - Robert D. Hisrich  
2013-06-25

The first book to look at innovation/entrepreneurship from an international perspective, *Managing Innovation and Entrepreneurship: A Global Perspective* provides a step-by-step process for managing innovation and entrepreneurship in an organization in both turbulent and stable economic times. Authors Robert D. Hisrich and Claudine Kearney demonstrate how to manage innovation on a day-to-day basis—using a wide range of real world scenarios, theories, principles, best practices, case studies, and modern examples. The book provides detailed coverage of each aspect of the process of innovation required to achieve success, including what it takes to build an innovative and entrepreneurial organization, how to develop innovation and entrepreneurship in both individuals and teams, how to manage and operationalize innovation and entrepreneurship, how to develop a global business plan, and more.

The Cambridge Handbook of the International Psychology of Women - Fanny M. Cheung 2020-06-30

There is a growing knowledge base in understanding the differences and

similarities between women and men, as well as the diversities among women and sexualities. Although genetic and biological characteristics define human beings conventionally as women and men, their experiences are contextualized in multiple dimensions in terms of gender, sexuality, class, age, ethnicity, and other social dimensions. Beyond the biological and genetic basis of gender differences, gender intersects with culture and other social locations which affect the socialization and development of women across their life span. This handbook provides a comprehensive and up-to-date resource to understand the intersectionality of gender differences, to dispel myths, and to examine gender-relevant as well as culturally relevant implications and appropriate interventions. Featuring a truly international mix of contributors, and incorporating cross-cultural research and comparative perspectives, this handbook will inform mainstream psychology of the international literature on the psychology of women and gender.

**Entrepreneurship** - Robert D. Hisrich 2018-10

Entrepreneurship - Heidi M. Neck 2016-11-30

From Heidi Neck, one of the most influential thinkers in entrepreneurship education today, Chris Neck, an award-winning professor, and Emma Murray, business consultant and author, comes this ground-breaking new text. *Entrepreneurship: The Practice and Mindset* catapults students beyond the classroom by helping them develop an entrepreneurial mindset so they can create opportunities and take action in uncertain environments. Based on the world-renowned Babson Entrepreneurship program, this new text emphasizes practice and learning through action. Students learn entrepreneurship by taking small actions and interacting with stakeholders in order to get feedback, experiment, and move ideas forward. Students walk away from this text with the entrepreneurial mindset, skillset, and toolset that can be applied to startups as well as organizations of all kinds. Whether your students have backgrounds in business, liberal arts, engineering, or the sciences, this text will take them on a transformative journey.

**Digital Entrepreneurship** - Mariusz Soltanifar 2020-11-13

This open access book explores the global challenges and experiences related to digital entrepreneurial activities, using carefully selected examples from leading companies and economies that shape world business today and tomorrow. Digital entrepreneurship and the companies steering it have an enormous global impact; they promise to transform the business world and change the way we communicate with each other. These companies use digitalization and artificial intelligence to enhance the quality of decisions and augment their business and customer operations. This book demonstrates how cloud services are continuing to evolve; how cryptocurrencies are traded in the banking industry; how platforms are created to commercialize business, and how, taken together, these developments provide new opportunities in the digitalized era. Further, it discusses a wide range of digital factors

changing the way businesses operate, including artificial intelligence, chatbots, voice search, augmented and virtual reality, as well as cyber threats and data privacy management. "Digitalization mirrors the Industrial Revolution's impact. This book provides a complement of perspectives on the opportunities emanating from such a deep seated change in our economy. It is a comprehensive collection of thought leadership mapped into a very useful framework. Scholars, digital entrepreneurs and practitioners will benefit from this timely work." Gina O'Connor, Professor of Innovation Management at Babson College, USA "This book defines and delineates the requirements for companies to enable their businesses to succeed in a post-COVID19 world. This book deftly examines how to accomplish and achieve digital entrepreneurship by leveraging cloud computing, AI, IoT and other critical technologies. This is truly a unique "must-read" book because it goes beyond theory and provides practical examples." Charlie Isaacs, CTO of Customer Connection at Salesforce.com, USA "This book provides digital entrepreneurs useful guidance identifying, validating and building their venture. The international authors developed new perspectives on digital entrepreneurship that can support to create impact ventures." Felix Staeritz, CEO FoundersLane, Member of the World Economic Forum Digital Leaders Board and bestselling author of FightBack, Germany

**Entrepreneurial Finance** - Gary Gibbons 2014-10-29

A practical approach for entrepreneurs and investors Entrepreneurial Finance provides readers with the fundamental knowledge to finance, start, grow, and value new ventures, without the complex finance terms and calculations. This comprehensive yet practical approach incorporates a global perspective that appeals to entrepreneurs, investors, and students with diverse backgrounds, knowledge, and experience. From Facebook to Camera+, Gary Gibbons, Robert D. Hisrich, and Carlos M. DaSilva use real-world examples and their professional experiences to bring concepts to life. This text is one of the most readable books in the market without compromising high quality content and resources.

**Researching Entrepreneurship** - Per Davidsson 2006-04-18

Entrepreneurship is a phenomenon of tremendous societal importance. It is also an elusive phenomenon, and researching entrepreneurship is therefore fun, fascinating and frustrating at times. In *Researching Entrepreneurship*, Per Davidsson, one of the most highly recognized entrepreneurship scholars shares in a personal and readable way his rich experience and ideas on how entrepreneurship can or should be researched. After a comprehensive treatment of entrepreneurship as societal phenomenon and scholarly domain, the core chapters of the book discuss design, sampling, operationalization and analysis issues on several levels of analysis: individual, venture, firm, industry, region and nation. The book is targeted at doctoral students and other relative newcomers to the field of entrepreneurship research. However, taking a fresh, reflective perspective and looking beyond research conventions, it should provide potential for inspiration and food for thought also for experienced entrepreneurship researchers.

**Enterprise: Entrepreneurship and Innovation** - Robin Lowe 2012-06-25

Enterprise, Entrepreneurship and Innovation: Concepts, Contexts and Commercialisation provides readers with an accessible and readable introduction to the various dimensions of entrepreneurship and market innovation. It has a clear structure that is easy for the reader to follow and it focuses on enterprising behaviour. The text contains: \* case studies and 'pause and reflect' situations for the entrepreneur to deliberate on the information they have available before making their decision. This helps to emphasise the point that there are few simple and straightforward decisions closely reflecting decisions in 'real life'. \* integrative personal development activities that provide a basis for readers to reflect on the learning of the chapters and develop a personal development strategy to increase their ability to become more entrepreneurial and improve their ability to manage market innovation. \* an accompanying website giving students and lecturers access to additional resources in order to explore the subject further. A full set of powerpoint slides plus exercises is included, plus suggestions for the use in class of the case studies and other illustrations. Students can access further learning resources to build up their knowledge of innovation situations using the hotlinks to useful websites that will add further depth and bring up to date the case studies and illustrations. Enterprise, Entrepreneurship and Innovation: Concepts, Contexts and Commercialisation shows: \* how to understand and acquire the entrepreneur's skills, attitudes and knowledge \* the techniques needed to generate new business and create a new organisation \* how to become

more innovative, self reliant, and opportunistic. \* the learning and decision-making processes of entrepreneurs

**Entrepreneurship** - Robert D. Hisrich 2010

This text is designed to instruct students on how to formulate, plan and implement a new venture. Students are exposed to descriptions of how to embark on a new venture in a logical manner, with actual case studies and entrepreneur profiles. The material is also supported by Internet resources.

**International Entrepreneurship Education** - Alain Fayolle 2006-01-01

The importance of this volume is that it addresses the major pedagogical issues that inevitably arise in the context of entrepreneurship education. It represents a valuable source for those involved in the training and development of entrepreneurial skills and initiative. Economic Outlook and Business Review Can entrepreneurship be taught? Is it an art or a science? How is entrepreneurship learned? Another masterpiece by the European masters Fayolle and Klandt, this volume based on the 2003 Grenoble Conference will be useful for years to come, among educators and policymakers alike, especially those open to the emerging paradigm. Léo-Paul Dana, University of Canterbury, New Zealand This book discusses paradigmatic changes in the field of entrepreneurship education in response to economic, political and social needs, and the consequential need to reassess, redevelop and renew curricula and methods used in teaching entrepreneurship. Traditional and new questions and concerns are addressed, including: the development of business schools towards entrepreneurship education best-practice methods of learning and teaching entrepreneurship both inside and outside the classroom the design of effective teaching frameworks and tools the development of entrepreneurial behaviours and attitudes in students teaching the design and launch of new businesses. The issue of assessing the effectiveness of entrepreneurship education is also raised. A theoretical and methodological framework is used to measure the impact and effectiveness of entrepreneurship education programmes on the attitudes and behaviours of students. Now more than ever, the book argues, research in the field of entrepreneurship education has to be encouraged and facilitated, and should drive the activity of entrepreneurship education providers. As such, this fascinating book aims to provide researchers, practitioners, teachers and advanced students engaged in the field of entrepreneurship with relevant and up-to-date insights into international research programmes in entrepreneurship education.

**International Entrepreneurship** - Benjamin M. Oviatt 2007-01-01

'Oviatt and McDougall have produced a significant and supremely useful volume bringing together the best of the latest thinking and research on the topics and processes of international entrepreneurship, as well as some of the classics of the field. for serious students of this growing area of research, this volume makes getting up to speed on the topic a simple matter.' - Jerome Katz, Saint Louis University, US International entrepreneurship is becoming the focus for major research initiatives in universities throughout the world. This timely volume presents a careful selection of the most important articles on international entrepreneurship. the editors have chosen key contributions from a comprehensive range of sources and have successfully made a selection that represents a variety of different perspectives.

**Technology Entrepreneurship** - Thomas N. Duening 2014-08-12

The focus of this book is on technology ventures — how they start, operate, and sometimes exit profitably. In short, it covers all the elements required to launch a successful technology company, including discussion of cutting-edge trends such as "entrepreneurial method" and "lean startup," emphasis on the ideation process and development of an effective business plan, coverage of product and market development, intellectual property, structuring your venture, raising capital, sales and marketing, people management, and even strategies for exiting your venture. This is not another armchair book about entrepreneurship. It's a working guide for engineers and scientists who want to actually be entrepreneurs. An intense focus on product design and development, with customers and markets in mind Extensive discussion of intellectual property development, management, and protection Potent insights into marketing and selling technology products to the global marketplace Techniques for forecasting financials, raising funds, and establishing venture valuation Best practices in venture leadership and managing growth Overview of various exit strategies and how to prepare the venture for exit

**Effective Entrepreneurial Management** - Robert D. Hisrich 2016-12-23

This textbook provides a comprehensive overview of the essential issues in effective entrepreneurial management. It first introduces readers to

the fundamentals of entrepreneurial management, the nature of entrepreneurial managers and business planning, before exploring the specific topics of creativity and innovation, risk management, entrepreneurial marketing and organization as well as financing. The authors then move to contemporary topics such as entrepreneurial growth strategies, e-commerce challenges, ethical and socially responsible entrepreneurial management, franchising, and managing entrepreneurial family ventures. Each chapter provides a case study and several practice-based examples to help explain the concepts. By providing a truly international approach, this text offers ample theoretical and empirical insights into entrepreneurship and small business management. It is a valuable and up-to-date resource for teachers and students of entrepreneurship.

Gender and Family Entrepreneurship - Vanessa Ratten 2017-07-20

This book focuses on gender and family entrepreneurship, as they are interrelated concepts particularly important in today's global society. The book highlights the significance of the role of gender in the development and growth of family businesses. It helps readers understand the role of family dynamics in business, particularly in terms of succession planning, strategic development and internationalization. Often, both gender and family entrepreneurship are studied independently, but this book aims to marry both perspectives with a novel approach. This creates a synergy between gender and family entrepreneurship that increases the potential value to entrepreneurship scholarship, policy and business practice. This edited book is a useful and insightful addition to the entrepreneurship field.

**Entrepreneurship** - Robert D. Hisrich 2002

Entrepreneurship, by Robert Hisrich, Michael Peters and Dean Shepherd has been designed to clearly instruct students on the process of formulating, planning, and implementing a new venture. Students are exposed to detailed descriptions of 'how to' embark on a new venture in a logical manner. Comprehensive cases at the end of the text have been hand-picked by the authors to go hand-in-hand with chapter concepts. . . The superb author team of Hisrich, Peters, and Shepherd draw from their distinct backgrounds to create a book that addresses the dynamics of today's entrepreneurial challenges. From Bob Hisrich's expertise in global entrepreneurship to Mike Peter's background as a both a real-life entrepreneur and academic to Dean Shepherd's current research on cognition and entrepreneurial mindset, this book balances the crucial line between modern theory and practice. .

*Advanced Introduction to Entrepreneurship* - Robert D Hisrich 2014-09-26

Elgar Advanced Introductions are stimulating and thoughtful introductions to major fields in the social sciences, business and law, expertly written by some of the world's leading scholars. Designed to be accessible yet rigorous, they offer concise an

**International Entrepreneurship** - Robert D. Hisrich 2010

Combining robust narrative with a wide variety of interesting cases, *International Entrepreneurship: Starting, Developing, and Managing a Global Venture* focuses on the need for every entrepreneur to at least consider entering the global market in today's hypercompetitive world. As an ever-growing number of countries become market oriented and developed, the distinction between foreign and domestic markets is becoming less pronounced, and entrepreneurs increasingly need to develop skills to identify opportunities and then manage these opportunities on a global basis. *International Entrepreneurship* is an ideal resource for students, professors, government officials, and practitioners throughout the world who are interested in this vital, growing area. Key Features Includes chapter-opening international scenarios that feature a global entrepreneur or a global entrepreneurial venture to set the scene for the issues that follow Demonstrates global entrepreneurial issues through real-life cases from countries throughout the world Draws content from a wide variety of disciplines, including anthropology, economics, geography, history, jurisprudence, and language Includes chapter-ending class exercises, discussion questions, and suggestions for additional reading to provide readers with hands-on learning opportunities and avenues for future research Helpful Teaching Ancillaries Instructor Resources are available on a password-protected website at <http://www.sagepub.com/hisrichinstr>. These resources include chapter outlines, end of chapter discussions, chapter exercises, and teaching notes. *International Entrepreneurship* is appropriate as a core text for courses such as Global Entrepreneurship or International Entrepreneurship or as a supplement in upper-level undergraduate and MBA courses in Entrepreneurship, New Venture Management, and Entrepreneurship Strategy. In addition, it can be used as an ancillary

text in International Business and International Management courses.

**Corporate Entrepreneurship: How to Create a Thriving Entrepreneurial Spirit Throughout Your Company** - Robert Hisrich 2011-09-16

Beat the competition with INTERNAL INNOVATION If 3M's corporate leadership hadn't given researcher Art Fry a creative outlet, the world would never have seen the Post-it Note . . . Corporate entrepreneurs, intrapreneurs, mavericks. No matter what name they go by, these innovators are the pioneering forces within an organization who spark new enterprises, products, services, and processes to combat increased global competition. *Corporate Entrepreneurship* shows you how to develop and grow your organization by designing the culture, structure, strategies, and policies that encourage and support internal entrepreneurial ventures. Bestselling author and world-renowned entrepreneur Robert Hisrich teams up with global management expert Claudine Kearney to provide action plans, techniques, and insights for establishing an organizational culture that allows intrapreneurs to develop the entrepreneurial ventures that will secure value and generate new growth in your company. Every day, globalization and technological advancements continue to put more of your competitors within reach of your customers. In order for your company to stay attractive and thrive, you need the proven tools and tactics in this book to: Identify, evaluate, and fund venture opportunities Recognize bright corporate entrepreneurs and create their compensation plans Create business plans that avoid failure, optimize success, and develop and sustain corporate venturing Manage the internal politics of venturing Effectively implement corporate venturing into your organization Hisrich uses illustrative examples from his experience consulting for such global companies as 3M, Alcoa, Westinghouse, Citi, and many others. Through informative, well-researched case studies, he demonstrates how his concepts help companies prosper over the long run, gain market share, and stay on the cutting edge of their potential. If your employees aren't innovating, your company is losing its competitive edge. Use *Corporate Entrepreneurship* to give your mavericks what they need to keep your company on top—all over the world.

*Women's Entrepreneurship in Former Yugoslavia* - Ramo Palalić 2020-07-01

This book explores the historical, current and future prospects of women's entrepreneurial activities in the former Yugoslavia, a region that is currently in a process of transition from socialism to a free-market economy. Each chapter presents the past, present and future of female entrepreneurship for each individual country. Some of the questions that the book answers include: Have women been historically and culturally ignored, marginalized, or systematically forbidden to run their own businesses? What are the status quo and future prospects for this group? And, is the investment climate conducive to women-owned businesses? The book provides an extensive overview of female entrepreneurship, its promotion and development, the role of the state, and other key factors that shape the female entrepreneurship ecosystem. Readers will gain an overall perspective on the essential issues and challenges to women's entrepreneurship, entrepreneurial initiatives and innovation, policy structures and institutional support to female entrepreneurship in the region.

**Handbook of Research on International Entrepreneurship** - Leo Paul Dana 2004

Dana's Handbook is an essential read for international entrepreneurship scholars as well as policymakers and practitioners concerned with the dynamics associated with the international entrepreneurship process. Succinct reviews of the literature and useful summary tables relating to key themes and studies are presented by a number of contributors. . . Paul Westhead, *International Small Business Journal* This is a formidable and weighty tome. . . More important than sheer quantity is consideration of the quality, and here the broad spread yet eclectic choice of the research papers is most enlightening. The contributing authors have collectively condensed much of the knowledge garnered from the past five years of this global field into one handy sourcebook. . . The end result is, indeed, a fresh recognition, if recognition still needs to be made, of the major importance of this new global growth phenomenon of international entrepreneurship. Mark Haydon, *International Journal of Entrepreneurship and Innovation* The Handbook is a nearly comprehensive reference work to the field that will be useful to scholars new to the area as well as those already engaged in it. . . I was impressed by the diversity of the authors. . . The Handbook is an excellent broad reference to the field. Ben Oviatt, *Journal of International Business Studies* Over the last few years there has been an increased interest in

research on the internationalization of new ventures and the global challenges facing growing young businesses. The Handbook of Research on International Entrepreneurship has collected and synthesized the contributions of leading researchers in an effort to define and categorize the unique contributions and state-of-the-art of this emerging field. It provides a comprehensive, multi-disciplinary treatment that advances the frontiers of knowledge regarding the fundamental concepts, methods, and theories of international entrepreneurship. The Handbook should serve as both an authoritative and comprehensive reference work for researchers, and a state-of-the-art compilation of new insights for educational leaders. Ari Ginsberg, New York University Stern School of Business, US Entrepreneurship and international business have remained separate subjects for far too long. The study of international entrepreneurship thrives on the cross-fertilisation of ideas between these fields. It is one of the most dynamic research areas in economics and management. The contributors to this Handbook are the pioneers in the field, and this volume provides a definitive survey of their work. Mark Casson, University of Reading, UK These notable researchers share a common dedication to rigorous methodologies and vigorous research. Together in this volume, the researchers have assembled and presented a cross-section of tested methods, and innovative approaches. These contributions are an inspiration to younger researchers, and this bids fair to set the tone, and level of intellectual rigour and vigour for future research in the emerging field of international entrepreneurship. From the preface by Bob Kirk, University of Canterbury, New Zealand This unique reference book provides an array of diverse perspectives on international entrepreneurship, a new and emerging field of research that blends concepts and methodologies from more traditional social sciences. The Handbook includes chapters written by top researchers of economics and sociology, as well as academic leaders in the fields of entrepreneurship and international business. State-of-the-art contributions provide up-to-date literature reviews, making this book essential for the researcher of entrepreneurship and the internationalisation of entrepreneurs.

**International Entrepreneurship** - Robert D. Hisrich 2015-07-06  
Combining comprehensive coverage with a wide variety of real-life cases, *International Entrepreneurship: Starting, Developing, and Managing a Global Venture* gives entrepreneurs the tools they need to successfully launch international ventures in today's hypercompetitive world. Bestselling author Dr. Robert D. Hisrich helps students and entrepreneurs develop global business plans, select international opportunities, and determine the best entry strategy. The text also covers practical considerations such as legal concerns, the global monetary systems, global marketing, and global human resource management for entrepreneurs. The fully updated Third Edition provides increased attention to culture and reflects recent changes in our increasingly globalized world. Readers will also be exposed to new cases featuring international activities of entrepreneurs and ventures throughout the world.

[World Encyclopedia of Entrepreneurship](#) - Leo Paul Dana 2011-01-01  
Topics covered include: business angels, Chinese clan entrepreneurship, criminal entrepreneurship, defining the entrepreneur, education, employee start-ups, entrepreneurship policy, ethics, ethnic minority entrepreneurship, family business, global entrepreneurship and transnationalism, indigenous entrepreneurship, international entrepreneurship, internationalisation, involuntary entrepreneurship, Islam and entrepreneurship, island entrepreneurship, mature-age entrepreneurs, pastoralism, religion as an explanatory variable for entrepreneurship, rural entrepreneurship, self-efficacy, social entrepreneurship and venture capital. There are also entries on individuals including Conrad Hilton, Howard Hughes and Joseph Schumpeter.

[Entrepreneurship](#) - Michael Laverty 2020-01-16

[Growth-oriented Women Entrepreneurs and Their Businesses](#) - C. G. Brush 2006-01-01

The female entrepreneurship researchers community has to thank these women for their brilliant work in reviewing, revising and selecting the best papers from the second Diana International Conference that were finally edited for this volume. . . the book is a good compendium of female entrepreneurship circumstances in different countries that focuses specifically on the explanation as to why gender plays a role in the number of ventures started by women and why they are in general smaller and less growth-oriented. Manuela Pardo-del-Val, *International Entrepreneurship and Management Journal* . . . this edited text draws

upon a range of international contributors to present a comparative overview of challenges facing female entrepreneurs seeking to grow their firms. . . this is an interesting book that makes a welcome contribution to contemporary debate. Susan Marlow, *International Small Business Journal* The data and information presented in this work will be of particular interest to students and scholars of entrepreneurship or labor and women's studies. Recommended. General readers; upper-division undergraduate through professional collections. E.P. Hoffman, *Choice* Enterprising new firms drive economic growth, and women around the world are important contributors to that growth. As entrepreneurs, they seize opportunities, develop and deliver new goods and services and, in the process, create wealth for themselves, their families, communities, and countries. This volume explores the role women entrepreneurs play in this economic progress, highlighting the challenges they encounter in launching and growing their businesses, and providing detailed studies of how their experiences vary from country to country. Statistics show that businesses owned by women tend to remain smaller than those owned by men, whether measured by the number of employees or by the size of revenues. Because women-led firms fail to grow as robustly, the opportunities to innovate and expand are limited, as are the rewards. Based on recent studies that examine the links between entrepreneurial supply and demand issues, this volume provides insights into how women around the world are addressing the challenges of entrepreneurial growth. The first set of chapters consists of country overviews and provides discussions of the state of women growing businesses. The second set of chapters describes research projects under way in different countries and explores more focused topics under the umbrella of women business owners and business growth. The volume concludes with an agenda and projects for future research. Academics and policymakers will gain a greater understanding of women's entrepreneurial behaviors and outcomes through this path-breaking volume. Those who support women through education and training, policymaking, or providing entrepreneurial resources will also find the volume of great practical interest.

[International Entrepreneurship: Starting, Developing, and Managing a Global Venture](#) - Robert D. Hisrich 2012-01-24

Combining robust narrative with a wide variety of interesting cases, *International Entrepreneurship: Starting, Developing, and Managing a Global Venture* shows how entrepreneurs can conduct business activities across national boundaries and succeed in today's hypercompetitive world. Robert Hisrich shows how entrepreneurs can develop the skills to identify opportunities and then manage these opportunities on a global basis. The Second Edition provides increased attention to culture, and reflects recent changes in our increasingly globalized world.

**Technology Entrepreneurship** - Thomas N. Duening 2009-10-21  
Recognizing the unique needs of the technology startup, Duening focuses on intellectual property development, funding, and marketing/selling more than other texts in this market. Extensive use of technology examples, case studies, and assignments keeps the book relevant and motivating for engineering students. Rich in case studies, examples, and in-chapter elements that focus on the challenges of launching and operating a technology venture In-depth examination of intellectual property development, valuation, deal structuring, and equity preservation, issues of most relevance to technology start-ups Extensive discussion of technology management and continuous innovation as a competitive advantage Addresses the issue of leading, managing, motivating, and compensating technical workers More time on the fundamentals of marketing and selling, as these are elements of entrepreneurship commonly most neglected by engineers and scientists  
[Entrepreneurship](#) - Robert D. Hisrich 2009-11-19

The 8th Edition of *Entrepreneurship*, by Robert Hisrich, Michael Peters and Dean Shepherd has been designed to clearly instruct students on the process of formulating, planning, and implementing a new venture. Students are exposed to detailed descriptions of 'how to' embark on a new venture in a logical manner. Comprehensive cases at the end of the text have been hand-picked by the authors to go hand-in-hand with chapter concepts. The superb author team of Hisrich, Peters, and Shepherd draw from their distinct backgrounds to create a book that addresses the dynamics of today's entrepreneurial challenges. From Bob Hisrich's expertise in global entrepreneurship to Mike Peter's background as a both a real-life entrepreneur and academic to Dean Shepherd's current research on cognition and entrepreneurial mindset, this book balances the crucial line between modern theory and practice.

**The Founder's Dilemmas** - Noam Wasserman 2013-04

The Founder's Dilemmas examines how early decisions by entrepreneurs

can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.

**Marketing for Entrepreneurs and SMEs** - Maja Konečnik Ruzzier 2013-11-29

In recent years, entrepreneurs and SMEs have been forced to adapt to a rapidly changing, increasingly globalized world, an evolution that has had a profound impact on marketing strategies. This timely volume identifies the many new opportunities available to entrepreneurs and SMEs in the global marketplace, and offers tactical and strategic marketing approaches to help them succeed in the modern business world.

**Entrepreneurial Development** - S S Khanka 2006

This book is useful for B.Com., M.Com., and MBA students of all Indian Universities. Presentation of various aspects of entrepreneurship is the most salient features of this book. Clarity of all topics has been given throughout. Description of the most difficult topics, in a simple and easy to follow style, has been the authors main attempt. At the end of the each chapter Assessment Questions are included in this book. Glossary, Bibliography, Author Index, Subject Index and Abbreviations are incorporated at the end of the book.

**Entrepreneurship** - Robert Hisrich 2012-09-27

The 9th Edition of Entrepreneurship, by Robert Hisrich, Michael Peters and Dean Shepherd has been designed to clearly instruct students on the process of formulating, planning, and implementing a new venture. Students are exposed to detailed descriptions of 'how to' embark on a new venture in a logical manner. Comprehensive cases at the end of the text have been hand-picked by the authors to go hand-in-hand with chapter concepts. The superb author team of Hisrich, Peters, and Shepherd draw from their distinct backgrounds to create a book that addresses the dynamics of today's entrepreneurial challenges. From Bob Hisrich's expertise in global entrepreneurship to Mike Peter's background as a both a real-life entrepreneur and academic to Dean Shepherd's current research on cognition and entrepreneurial mindset, this book balances the crucial line between modern theory and practice.

**Governmentpreneurship** - Robert D. Hisrich 2012-01-01

It is hard to think of a more qualified scholar to tackle the difficult subject of governmentpreneurship than Bob Hisrich. His vast experience in and knowledge of entrepreneurship has enabled a thorough application of entrepreneurial principles to government organizations. This book should be recommended reading for everyone in government at every level. We can only hope that a new era of governmentpreneurship is launched with this useful and practical guide. Dr. Thomas N. Duening, University of Colorado, US Challenging the traditional view that entrepreneurship is exclusively a private-sector concern, Governmentpreneurship presents a compelling argument for increased focus on entrepreneurship in public sector organizations. The only book to date to focus specifically on government entrepreneurship, this innovative volume combines Robert D. Hisrich's vast theoretical knowledge with the practical experience of Amr Al-Dabbagh, who applied entrepreneurship in the Saudi public sector with excellent results. Featuring forewords by former US President Bill Clinton and former Malaysian Prime Minister Dr. Mahathir Mohamad, as well as four case studies that demonstrate the effectiveness of government entrepreneurship in action, this fascinating book breaks new ground in a rapidly growing field. In a time when government funds are being reduced and its services increasingly questioned, fostering an entrepreneurial spirit within the government

becomes a vital concern. Although there is no ideal model for achieving government entrepreneurship, this volume outlines a number of innovative strategies designed to help public sector managers undertake their public mission while developing an entrepreneurial culture within their organization. The authors offer thorough and indispensable advice covering every aspect of government entrepreneurship, from framework to policy to funding and beyond. Finally, the book concludes with four case studies that explore successful government entrepreneurial undertakings in Ireland, Singapore, Saudi Arabia and Switzerland. Government officials and other leaders in the public sector will find this book an indispensable guide to establishing an entrepreneurial focus in their organizations. Professors and students working in entrepreneurship, public sector management, and other business-related fields will also have much to admire in this innovative addition to the literature.

**Entrepreneurship and Small Business** - Paul Burns 2016-03-18

The new edition of this market-leading textbook provides a holistic introduction to the academic study of entrepreneurship and offers practical guidance for prospective entrepreneurs. **Entrepreneurship** - HISRICH 2023-03-28

**Entrepreneurial Marketing** - Robert D. Hisrich 2018-10-26

One key for success for an entrepreneur is to obtain sales (revenue) and profits as quickly as possible upon launching the venture. Entrepreneurial Marketing focuses on this and the essential elements of success in order to achieve these needed sales and revenues and then grow the company. The authors build a comprehensive, state-of-the-art picture of entrepreneurial marketing issues, providing major theoretical and empirical evidence that offers a clear, concise view of the field. Through an international approach that combines both theoretical and empirical knowledge on entrepreneurship and marketing, this book informs and enhances an entrepreneurs' creativity, their ability to bring innovations to the market and their willingness to face risk and change the world. Key components addressed include: identifying and selecting the market, determining the consumer needs cost-effectively, executing the basic elements of the marketing mix (product, price, distribution, and promotion) and competing successfully in the domestic and global markets by implementing a sound marketing plan. Numerous illustrative examples bring the content to life. The mix of theoretical content, examples, empirical analyses and case studies, make this book an excellent resource for students, professors, researchers, practitioners, and policymakers all over the world.
