Practising Strategy - Tersia Botha 2019-01-25

"Given the common acknowledgement that strategy implementation is the greatest challenge to managers in the 21st century and the greatest reason for strategy failure we decided to focus on strategy implementation. Rather than promoting the unrealistic idea of strategy

as a purely rational and deliberate outcome, this book acknowledges and explores the idea that strategy is often emergent, messy and experimental and features a number of new chapters, focusing on strategy implementation and change management, resource allocation and responsible leadership. It also includes a more detailed coverage of managing strategic risk."--Publisher's description.
