The Lost Man - Jane Harper 2019-02-05

INSTANT NEW YORK TIMES BESTSELLER Two brothers meet in the remote Australian outback when the third brother is found dead, in this stunning new standalone novel from Jane Harper Brothers Nathan and Bub Bright meet for the first time in months at the remote fence line separating their cattle ranches in the lonely outback. Their third brother, Cameron, lies dead at their feet. In an isolated belt of Australia, their homes a three-hour drive apart, the brothers were one another's nearest neighbors. Cameron was the middle child, the one who ran the family homestead. But something made him head out alone under the

unrelenting sun. Nathan, Bub and Nathan's son return to Cameron's ranch and to those left behind by his passing: his wife, his daughters, and his mother, as well as their long-time employee and two recently hired seasonal workers. While they grieve Cameron's loss, suspicion starts to take hold, and Nathan is forced to examine secrets the family would rather leave in the past. Because if someone forced Cameron to his death, the isolation of the outback leaves few suspects. A powerful and brutal story of suspense set against a formidable landscape, *The Lost Man* confirms Jane Harper, author of *The Dry* and *Force of Nature*, is one of the best new voices in writing today.

A Truth Universally Acknowledged - C. S. Lewis 2010-11-09

Why are we so fascinated with Jane Austen's novels? Why is Austen so universally beloved? The essayists in this volume offer their thoughts on the delightful puzzle of Austen's popularity. Classic and contemporary writers—novelists, essayists, journalists, scholars, and a filmmaker—discuss the tricks and treasures of Austen's novels, from her witty dialogue, to the arc and sweep of her story lines, to her prescriptions for life and love. Virginia Woolf examines Austen's

maturity as an artist and speculates on how her writing would have changed had she lived another twenty years, while Anna Quindlen examines the enduring issues of social pressure and gender politics that make *Pride and Prejudice* as vital today as ever. From Harold Bloom to Martin Amis, Somerset Maugham to Jay McInerney, Eudora Welty to Amy Bloom, each writer reflects on Austen's place in both the literary canon and our cultural imagination.

[The Night Stages](#) - Jane Urquhart 2015-07-28

Set mainly in a remote westerly tip of Ireland in the 1940s and '50s, this stunning new novel from one of Canada's bestselling authors is at once intimate and epic in scope. Tam, an Englishwoman, has been living in this harshly beautiful region since shortly after World War II, in which she served as an auxiliary pilot. She is now leaving her lover, Niall, who, like his father before him, is a meteorologist. On her way to New York, the airliner she is traveling on becomes grounded by heavy fog at Gander Airport in Newfoundland. As she waits for the fog to clear, she notices an enigmatic mural that moves her to revisit not only the circumstances that brought her to Ireland but her intense relationship with Niall and his growing despondency over the disappearance of his younger brother, Kieran. We learn of Kieran's troubled childhood and of the tragedy that caused him as a boy to be separated from his family and taken in by a widowed countrywoman who lives in the mountains. There he comes to know the local people, among them a tailor, a fisherman-teacher, and a sheep farmer who is an astonishing philosopher. There is also the jeweler's daughter, a young woman who will come to change the course of several lives. Running parallel is the story of the painter Kenneth Lochhead and his creation of the mural at Gander that is Tam's only

companion through three long days and nights. An elegiac novel of unusual emotional depth, *The Night Stages* explores the meaning of separation, the sorrows of fractured families, and the profound effect of Ireland's wild and elemental landscape on lives shaped by its beauty. It is Jane Urquhart's richest, most rewarding novel to date.
