**Disciplinary Literacy and Explicit Vocabulary Teaching** - Kathrine Mortimore 2020-12-15

Firmly rooted in research evidence of what works within the classroom for our most disadvantaged students, Disciplinary Literacy and Explicit Vocabulary Teaching offers teachers and school leaders practical ways in which those students who are behind in their literacy capabilities can make excellent progress.

Building on the work of Geoff Barton in his influential book *Don't Call it Literacy*, Kathrine Mortimore outlines the unique literacy challenges posed by specific subject areas for those with weaker literacy skills, and more importantly how these challenges can be addressed and overcome. A student's GCSE results are vital in giving them the choices they deserve in order to go on to the next stage of their academic careers. This book draws on the success stories of schools and subjects that have made significant improvements in the outcomes of the children they teach, regardless of their starting points. From the inevitable success of Michaela Community school, to the gains

made by the English department at Torquay Academy and the rapid reading improvements at Henley Bank, this book draws on both whole school initiatives and subject-specific strategies which have had proven success. This book places a wide and balanced knowledge-rich curriculum at the centre of any school improvement strategy designed to improve literacy, and illustrates the role that all subjects must combine to play in building the vital background knowledge and vocabulary that young people need in order to read independently. This curriculum must then be delivered using those teaching methods that have had the greatest impact on disadvantaged learners, and this book sets out how the methodology of direct and explicit instruction can be adopted within each subject area. Alongside this is a useful summary of staff development and inset which offers practical ways in which teachers' adoption of these effective strategies can be facilitated.

There are also useful sections on creating a whole school dictionary of essential vocabulary, creating a culture of reading and writing, and also those key literacy barriers experienced by those students with some of the most common special educational needs.

*Lord of the Flies - Literature Kit Gr. 9-12* - Chad Ibbotson  
2013-12-10

Witness the downfall of humanity and loss of innocence when a group of young boys descend into savagery.

Challenging questions require students to really think deeper about the content of the book.

Identify any part of today's society that might be considered 'island-like', and determine what this says about human nature. Put events in order as they happened when the boys are first stranded and must figure out how to survive. Complete sentences from the novel with their missing vocabulary words. Give meaning to the author's use of 'mankind's essential illness', and describe how this has affected the boys on the island.

Map out Ralph's mindset by identifying some of the things that he reflects on. Create a shipwreck plan with a group that will get food, water, shelter, and possible rescue. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: Lord of the Flies, written by Nobel Prize-winner William Golding, is a story about a group of boys stranded on a deserted island, who must establish order amongst themselves. Shortly after crashing onto a deserted island, a group of pre-adolescent boys form a community, electing Ralph to be their leader. As his first act, Ralph proclaims the boys will have fun and keep the signal fire going. All is well until thirst for power draws one boy to form his own tribe of "savages". Armed with the fear of a fictitious beast, this group of boys descend into further savagery with sacrifice and death. The story reaches its

climax as the beast is revealed to be within each boy's heart, and Ralph is forced to flee for his survival.

### **Literacy and Learning in the Content Areas** - Sharon Kane 2017-07-05

The 3rd Edition of Literacy & Learning in the Content Areas helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping/webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also learn how to integrate

*Lord of the Flies* - William Golding 2003-12-16  
Golding's iconic 1954 novel, now with a new foreword by

Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
