The Pleasure of My Company - Steve Martin 2003-10-01

From the bestselling author of *Shopgirl* comes the tender story of a troubled man who finds love, and life, in the most unexpected place. Daniel resides in his Santa Monica apartment, living much of his life as a bystander: He watches from his window as the world goes by, and his only relationships seem to be with people who barely know he exists. He passes the time idly filling out contest applications, counting ceiling tiles, and estimating the wattage of light bulbs. It is through Daniel's growing attachment to Clarissa, and to Teddy, that he finally gains the courage to begin to engage the world outside, and in doing so, he discovers love, and life, in the most surprising places. Filled with his trademark humor, tenderness, and out and out hilarious wordplay, *The Pleasure of My Company* is a tour de force sure to delight all of Steve Martin's fans.

Made for His Pleasure - Alistair Begg 2018-08-07

Are you living for God's pleasure or for your own? Pleasing God is not a matter of personal choice, but an imperative that must be taken seriously. In a world of self, we must give way to the priority of God if we want to experience His joy. In this popular book, Alistair identifies ten benchmarks from Scripture that will prove invaluable as you seek to live a life that is pleasing to God. His clear, personal message will challenge and revitalize your faith. Spiritual fitness is not a series of straight, 100-yard sprints. Rather, it's a lifelong cross-country run of endurance and perseverance. The life that is truly fulfilling gives back to God the talents and abilities He has given us to be used for His glory. "Delightful, insightful teaching on God's Word" — Max Lucado "Alistair compels us clearly and biblically to know the joy of pleasing God in our relationships, successes and failures, and other strategic aspects of our lives." — Joseph M. Stowell

Devil's Island - Frank de Sales 2009-04

What happens when a portal into hell opens on a tropical island hosting an exclusive resort for the super rich and powerful? This is the scene that greets a young banker and his fiance who have come to revive their floundering relationship and a would-be penitent who arrives after killing London's most notorious gangster. The new arrivals soon realize that the sole objective of the island is the satanic corruption of the world's most privileged. They are subjected to haunting visions and possession and are ultimately forced to choose between giving in to temptation or joining forces with the stubborn resident priest who relies on the Latin sacraments and holds a deep seated mistrust of anything modern as he battled to protect his flock. Good and evil do battle using their souls as the battleground with surprising results in this darkly humorous tale.

Stop Motion: Passion, Process and Performance - Barry J C Purves 2012-10-02

Be inspired by award-winning animator Barry Purves' honest insight into the creative process of making stop motion animations, using his own classic films to illustrate every step along the way. With Barry's enthusiasm for puppets in all their many guises and in-depth interviews from some of the world's other leading practitioners, there is advice, inspiration and entertainment galore in *Stop Motion: Passion, Process and Performance*. And there's more! Many of the artists and craftsmen interviewed have contributed their own specially drawn illustrations - showing their inspirations, heroes and passion for their craft. These beautiful images help make the book a truly personal journey into the heart of the animation industry with

broad appeal for anyone with a love of animation.

Uncommon Measure - Natalie Hodges 2022-03-22

NATIONAL BOOK AWARD LONGLIST NEW YORK TIMES EDITORS' CHOICE A virtuosic debut from a gifted violinist searching for a new mode of artistic becoming How does time shape consciousness and consciousness, time? Do we live in time, or does time live in us? And how does music, with its patterns of rhythm and harmony, inform our experience of time? *Uncommon Measure* explores these questions from the perspective of a young Korean American who dedicated herself to perfecting her art until performance anxiety forced her to give up the dream of becoming a concert solo violinist. Anchoring her story in illuminating research in neuroscience and quantum physics, Hodges traces her own passage through difficult family dynamics, prejudice, and enormous personal expectations to come to terms with the meaning of a life reimagined—one still shaped by classical music but moving toward the freedom of improvisation.

Bergson and Durational Performance - James Layton 2022-09-22

Humans have always marked time, whether by using the earth's natural rhythms or with the clock. Unlike pre-industrial people, living in an age of social acceleration is dominated by clock-time and network time, presenting many more options than can possibly be achieved in a human lifespan. This book explores the possibility of an alternative experience of time, one that is closer to the pure duration described by philosopher Henri Bergson. The discussions in this book contribute to contemporary performance analysis, philosophy and Bergson studies as well as exploring aspects of immersive and participatory performance, walking practices, ritual and online performance. Using durational performances as case studies, the author demonstrates new insights into Bergson's philosophy alongside key theorists in psychology and anthropology. Through a series of performance analyses, Bergson's philosophy of duration is coupled with ideas from Maslow, Csikszentmihalyi and Victor Turner to speculate on the possibilities available in challenging an experience of the world in which time is short, but the possibility of experience is abundant. The main audience is an academic and student market. Undergraduate and postgraduate students of theatre studies, performance and the performing arts, doctoral researchers, researchers interested in time and performance, the relationship between performance and philosophy, those with an interest in philosophy, sociology, anthropology, and psychology will all find much of interest. Potential wider readership in those who are interested in the phenomenon of social acceleration, in performance philosophy as well in Bergson's philosophy.

The Purpose-driven Life - Rick Warren 2002

A Groundbreaking Manifesto on the Meaning of Life This book will help you understand why you are alive and God's amazing plan for you—both here and now, and for eternity. Rick Warren will guide you through a personal 40-day spiritual journey that will transform your answer to life's most important question: What on earth am I here for? Knowing God's purpose for creating you will reduce your stress, focus your energy, simplify your decisions, give meaning to your life, and, most importantly, prepare you for eternity. The Purpose-Driven Life is a blueprint for Christian living in the 21st century—a lifestyle based on God's eternal purposes, not cultural values. Using over 1,200 Scriptural quotes and references, it challenges the conventional definitions of worship, fellowship, discipleship, ministry, and evangelism. In the tradition of Oswald Chambers, Rick Warren offers distilled wisdom on the essence of what life is all about. This is a book of hope and challenge that you will read and re-read, and it will be a classic treasured by generations to come.

Caste (Oprah's Book Club) - Isabel Wilkerson 2020-08-04

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • “An instant American classic and almost certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Shelby American 60 Years of High Performance - Colin Comer 2023-01-03

Six Decades of Shelby performance—from the first Shelby AC Cobra to today's Mustang Shelby GT500! A bad heart forced Carroll Shelby, one of the top racing drivers of all time, to retire in 1960. But that didn't stop the lanky Texan from continuing to make history. He launched Shelby American in 1962 with the creation of the brilliant Ford-powered AC Cobra, soon to dominate both U.S. and international sports car racing. Shelby's winning ways soon led to Ford seeking Shelby's team of “hot rodders” help to make the Ford GT program a success. It worked. Shelby and Ford soon stunned the motorsports world by winning Le Mans and dominating other venues from 1966 to 1969 with the GT40. Fifty-three years later the legendary first Le Mans win of 1966 would form the basis for the acclaimed film *Ford Versus Ferrari*. As if the Cobra, Daytona Coupe, and GT40 were not enough, this small team of hot rodders, fabricators, and race mechanics also created the Shelby Mustang GT350 in 1965, and the GT500 two years later. Shelby American was nothing short of lightning in a bottle from 1962-1970. *Shelby American 60 Years of High Performance* covers all of these early triumphs, following the proceedings from a small shop in Venice, California, to

sprawling digs at LAX all the while developing new road cars, running a top race team, and giving privateer racers the cars they needed to win. Get to know Shelby, as well as the innovators who surrounded him, including designer Peter Brock, genius engineer Phil Remington, "Mr. GT350" Chuck Cantwell, and a roster of top drivers that included Ken Miles, Bob Bondurant, Dan Gurney, Bruce McLaren, Denny Hulme, A.J. Foyt, Mario Andretti, and more. Authors Colin Comer and Rick Kopec, leading Shelby historians, follow the Shelby story through Carroll's post-Ford relationship with Dodge, including his roles in the giant-killing, pocket-rocket Shelby Charger, GLH ("Goes Like Hell"), and GLH-S cars along with a slew of other Shelby-ized machines including his role in the birth and development of the menacing Dodge Viper. The story of the late Carroll Shelby and the company he founded is a classic tale of ingenuity, grit, and perseverance. Illustrated throughout with rare period imagery and modern color photography, Shelby American 60 Years of High Performance is the ultimate tribute to Shelby American and the team that made it all happen.

The Pressure's Off - Larry Crabb 2012-04-17

You can stop trying to get everything right. Is the pressure getting to you? Do you try to make everything work, only to find that your best efforts are largely ineffective? Christians have unknowingly embraced two errors: that following the rules guarantees a good life, and that God is important because He dispenses blessings. When God's blessings seem to taper off and when life doesn't work out, people take it upon themselves to make things work. And that creates pressure that we are all too familiar with. In *The Pressure's Off*, best-selling author and counselor Larry Crabb introduces you to the New Way of living. God does not guarantee ease or convenience—or even a good outcome as the result of your obedience. But he does promise himself, no matter what the circumstances of your life. When you seek God and nothing else, the pressure truly is off you. Workbook included!

Silicon Photonics & High Performance Computing - Anurag Mishra 2017-12-22

This book comprises selected contributions to the Computer Society of India's annual convention. Divided into 10 topical volumes, the proceedings present papers on state-of-the-art research, surveys and succinct reviews, covering diverse topics ranging from communications networks to big data analytics, and from system architecture to cyber security. This volume focuses on silicon photonics & high performance computing, offering valuable insights for researchers and students alike.
