King Kirby - Fred Van Lente 2014-07-31

"Crystal Skillman and Fred Van Lente, the husband-and-wife playwrights behind 'King Kirby,' know the score. She wrote the smart Off Broadway shows "Cut" and the fangirl-friendly 'Geek'; he was a co-author of the graphic novel 'Cowboys & Aliens,' later adapted for a Hollywood sci-fi western. With this supple, informative and poignant portrait, they offer penetrating insight into the tirelessly prolific Kirby (1917-94), whose brawny and dynamic yet nuanced style dominated comics for more than 40 years. Their play (Kirby was known as the king) documents a creator who attained immortality even as his life ended amid a morass of corporate exploitation." - Andy Webster, The New York Times KING KIRBY is a play by the husband-and-wife team of New York Times bestselling comics writer Fred Van Lente and NYIT award-winning playwright Crystal Skillman about the life and times of Jack Kirby, the great comic book artist who created or co-created some of your favorite heroes on the page and screen, Captain America, the Avengers, Thor, Fantastic Four, the X-Men, Iron Man, Young Romance, the New Gods, Darkseid, The Demon... the list goes on and on. From the Jewish ghetto of New York's Lower East Side to the battlefields of France to the Senate hearings of 1950s, this is a hysterical and heartbreaking story about a man who pours his quintessentially Twentieth

Century life into his comics, only to make the fateful mistake that sends him into obscurity while his creations become known to every person on Earth. A real-life "Adventures of Kavalier & Klay," King Kirby asks what happens when an artist doesn't own his own legacy? Can he ever get it back?

Zanardi - Andrea Pazienza 2017-05-31

In this graphic novel, presented in English for the first time, the Italian "Crumb" portrays a lost generation of late 1970s/early 1980s teenagers coping with family problems, school, sex, and drugs. A true visionary, with a fluid line and an uncanny sense of color and composition, Pazienza's innovative graphic style served up stories that were iconoclastic, outrageous, humorous, and deeply personal, often based on himself and his microcosm of friends and collaborators. Pazienza was a revolutionary cartoonist who ushered an underground sensibility to Italian and European comics, breaking from the more staid tradition of genteel adult (and children's) graphic albums.

Inevitable Illusions - Massimo Piattelli-Palmarini 1996-11-18

"Fascinating and insightful. . . . I cannot recall a book that has made me think more about the nature of thinking." -- Richard C. Lewontin
Harvard University
Everyone knows that optical illusions trick us because of the way we see. Now scientists have discovered that cognitive illusions, a set of biases deeply embedded in the human mind, can actually distort the way we think. In *Inevitable Illusions*, distinguished cognitive researcher Massimo Piattelli-Palmarini takes us on a provocative, challenging, and thoroughly entertaining exploration of the games our minds play. He opens the doors onto the newly charted realm of the cognitive unconscious to reveal the full range of illusions, showing how they inhibit our ability to reason--no matter what our educational background or IQ. *Inevitable Illusions* is stimulating, eye-opening food for thought.

The Girl from Aleppo - Nujeen Mustafa
2017-10-10

Prize-winning journalist and the co-author of smash New York Times bestseller *I Am Malala*, Christina Lamb, now tells the inspiring true story of another remarkable young hero: Nujeen Mustafa, a teenager born with cerebral palsy, whose harrowing journey from war-ravaged Syria to Germany in a wheelchair is a breathtaking tale of fortitude, grit, and hope that lends a face to the greatest humanitarian issue of our time, the Syrian refugee crisis. For millions around the globe, sixteen-year-old Nujeen Mustafa embodies the best of the human spirit. Confined to a wheelchair because of her cerebral palsy and denied formal schooling in Syria because of her illness, Nujeen taught herself English by watching American soap operas. When her small town became the epicenter of the brutal fight between ISIS militants and US-backed Kurdish troops in 2014, she and her family were forced to flee. Despite her physical limitations, Nujeen embarked on the arduous trek to safety and a new life. The grueling sixteen-month odyssey by foot, boat, and bus took her across Turkey and the Mediterranean to Greece, through Macedonia to Serbia and Hungary, and finally, to Germany. Yet, in spite of the tremendous physical hardship she endured, Nujeen's extraordinary optimism never wavered. Refusing to give in to despair or see herself as a passive victim, she kept her head high. As she told a BBC reporter, "You should fight to get what you want in this world." Nujeen's positivity and resolve infuses this unforgettable story of one young woman determined to make a better life for herself. Told by acclaimed British foreign correspondent Christina Lamb, Nujeen is a unique and powerful memoir that gives voice to the Syrian refugee crisis, helping us to understand that the world must change—and offering the inspiration to

Lordships of Southern Italy - Sandro Carocci
2018

What was the real nature of medieval lordship in southern Italy? What can this region and its history bring to the great European debates on feudalism and aristocratic powers, their structures and evolution, and their social and economic impact? What contribution can the Kingdom of Sicily make to studies of the relationships between sovereigns, nobilities and peasant societies? And can the study of seigneurial powers and rural societies reshape the old arguments regarding the economic backwardness of the Mezzogiorno (the South of Italy) and the central role of its monarchy? This book offers the first systematic analysis of lordship in southern Italy in the twelfth and thirteenth centuries, under the Norman, Staufien and early Angevin kings. It offers new interpretations of the powers of the nobility, and of rural societies and royal policy. It reveals the complexity of interactions between the king, nobles and peasants, and how they occurred and were expressed through laws and violence, feudal relations and economic investments, debates on freedom and serfdom, and the exploitation of people and natural resources. In these interactions a leading role is played by peasant societies - with previously unsuspected

levels of dynamism - to set against that of the kings, who were determined to curb aristocratic powers, and of the nobles who were obliged to adapt their lordship in response to powerful rural societies and crown policies. What emerges is a hitherto unseen Mezzogiorno, vital and complex, whose study allows a deeper understanding not only of the affairs of the South but of many other regions of Europe.

Capitalism - John Plender 2015-07-28

Capitalism has lifted millions out of poverty. Under its guiding hand, living standards throughout the Western world have been transformed. Further afield, the trail blazed by Japan is being followed by other emerging market countries across the globe, creating prosperity on a breathtaking scale. And yet, capitalism is unloved. From its discontents to its outright enemies, voices compete to point out the flaws in the system that allow increasingly powerful elites to grab an ever larger share of

our collective wealth. In this incisive, clear-sighted guide, award-winning Financial Times journalist John Plender explores the paradoxes and pitfalls inherent in this extraordinarily dynamic mechanism - and in our attitudes to it. Taking us on a journey from the Venetian merchants of the Renaissance to the gleaming temples of commerce in 21st-century Canary Wharf via the South Sea Bubble, Dutch tulip mania and manic-depressive gambling addicts, Plender shows us our economic creation through the eyes of philosophers, novelists, poets, artists and divines. Along the way, he delves into the ethics of debt; reveals the truth about the unashamedly materialistic artistic giants who pioneered copyrighting; and traces the path of our instinctive conviction that entrepreneurs are greedy, unethical opportunists, hell-bent on capital accumulation, while manufacturing is innately virtuous. Thoughtful, eloquent and above all compelling, Capitalism is a remarkable contribution to the enduring debate.

The Wild Party - Joseph Moncure March 2011-10-01

"Spiegelman's drawings are like demonic woodcuts: every angle, line, and curve jumps out at you. Stylishness and brutishness are in perfect accord." -- "The New York Times" Art

Spiegelman's sinister and witty black-and-white drawings give charged new life to Joseph Moncure March's Wild Party, a lost classic from 1928. The inventive and varied page designs offer perfect counterpoint to the staccato tempo of this hard-boiled jazz-age tragedy told in syncopated rhyming couplets. Here is a poem that can make even readers with no time for poetry stop dead in their tracks. Once read, large shards of this story of one night of debauchery will become permanently lodged in the brain. When The Wild Party was first

published, Louis Untermeyer declared: "It is repulsive and fascinating, vicious and vivacious, uncompromising, unashamed . . . and unremittingly powerful. It is an amazing tour de

force."
