Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability

[The Amazing Money Machine](#) - Noah C. Wieder 2015-06-04

How would you like to keep the \$2.50 Surcharge fee Every Time Someone uses an ATM? In this book I'm going to teach you how to build a passive income in the ATM Business. I've been doing it for the past 20+ years and it has afforded me the opportunity to live in Southern California, work a block from the beach, and live the dream. It's given me the freedom to choose the hours I work, even if I want a 4 hour work week. Stop trading time for money - you can work less, live more. This book explains why people pay upwards of \$3.00 every time they use a non-bank ATM and how YOU CAN EARN THAT ENTIRE FEE to build wealth and earn a passive income from just a FEW HUNDRED DOLLARS a month to TENS OF THOUSANDS! Have you ever used an ATM Machine that wasn't part of your bank and had to press the key to say "YES - I agree to pay the Surcharge Fee"? How would you like to be the one collecting that fee - every time the ATM gets used? This is a tell all book about how people like you and me can own and operate an ATM Machine

and make annual returns that far exceed any conventional investment strategy, with a lot less risk. This once secretive business, only meant for Bankers, Wealthy Individuals, and people "in the know" is now a wide open opportunity. It's basically a Guidebook or an ATM business blueprint, if you will, of how to be successful in the ATM Business. While there are many companies trying to sell ATM Franchises (I don't recommend one), I'll show you all the pieces to the ATM business without having to spend money on an ATM Franchise. Who is this book for? If you're still trading time for money, read it. If you're looking for an ATM Franchise or some kind of Franchise, you should read this book. If you're a retailer, commercial landlord, or in the retail industry and want some easy extra revenue, this is a MUST read book. If you're officially retired, seeking the next opportunity and want fantastic low risk annual returns, read this book now. If you would enjoy a passive income so you can work less, live more you'll love this book. If you're in a dead end job or career that doesn't fulfill you and you enjoy counting money, I'm sure this business is for you, read the book. If you want to help other businesses make more money and earn a passive income, this book is for you. If you're already living your dream, but wouldn't mind an extra \$1,000 - \$5,000 or more per month in passive income, this book is for you. If you're an entrepreneur and have dreams of owning your own business (full or part time), read this book. If you're happy with your current job, but still hunger for something of your own part time, this book is for you. If you're a people person and enjoy talking or networking with store owners, you'll love this business, read the book. If you have ever invested in stocks, bonds, real estate, or private placement companies (this is none of those), this book is for you. If you have funds sitting in a savings account, money market account, or Certificates of Deposit (CD) not producing anything that resembles a decent annual return, this book is for you. If you would enjoy quadrupling your Annual Return on Investment, you will appreciate this book. If you're planning retirement, seeking preservation of capital and passive income, this book is for you. If you have ever wondered who gets that \$2.00 - \$3.00 surcharge fee you pay when you use a non-bank ATM and wanted to keep

it for yourself, you need to buy this book right now! If opportunity doesn't knock, it's time to build a door! - Milton Berle This book includes the tools and materials to build your door. Isn't it time to pick up the tools, and build it?
