Shades - Alia Bano 2014-03-10
'How religious are you? I never know how to answer that question. I mean how do you measure religiousness?' London worships many gods, but it often seems that Cupid isn't one of

them. Sabrina, a single girl-about-town, is seeking Mr Right in a world where traditional and liberal brothers sit side-by-side, but rarely see eye-to-eye. Shades explores tolerance within and without the Muslim community. A

programme text edition published to coincide with the world premiere at the Royal Court Theatre, London, on 28 January 2009.

In Battle for Peace - William Edward Burghardt Du Bois 2014-02-20

W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans

against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.

Greta Vidal - Antonella Sbuelz Carignani 2012
This is a historical novel with a difference. The narrator delves into the past of her previously unknown grandmother, the Greta of the title, concentrating on Greta's experiences as an 18 year old Italian convent girl in Fiume, 1919-1920. The book imaginatively chronicles sixteen months as experienced by Greta and her chief mentor, Tullio, the young journalist from Udine with his adventurer-aviator friend, Giulio

Kepler and yet another character trying to find the key to meaning in his life, the American Paul Forst. Obsessive memories of the recent horrors of the Great War haunt the minds and the lives of these young men as they face the new ordeal of Fiume under blockade, following the occupation of the city by Gabriele d'Annunzio at the head of a small army of disaffected soldiers, trying to annexe Fiume to Italy. For Greta, this rite of passage carries her into the responsibilities of both history and womanhood.

For the convenience of the reader, a key explaining how the present books may be used in conjunction with some of the major textbooks is included. Each volume is divided into sections that begin with some notes on notation and prerequisites. Snookered - Ischy Din 2014-12-30

Snookered probes into the lives of young Muslim men and their fragile masculinity, burdened by cultural expectations yet charged with personal dreams. In a volatile political climate, Ischy Din opens a timely window into a strand of British Muslim life that often remains unseen. The plot follows four friends who, every year, meet on the anniversary of their mate's death for a game of pool and a few drinks. As they excavate the past and measure their own lives, secrets are revealed and allegiances shift as quickly as the drinks are downed. Can they put to rest their guilt over the untimely death of their friend? And will their friendship survive the final betrayal? One of the very few plays written both by and about British Muslims, Snookered explores their camaraderie, life decisions, and their self identity within their close-knit Muslim community of extended families and network of friends. The sharp, pace-filled dialogue captures the Punjabi-English urban patois that is currently developing in northern towns but is

rarely seen onstage. The result is that the characters are both alive and relevant, and moments of sharp wit collide with emotionally searing exchanges. Developed by the theatre company Tamasha, whose manifesto is to explore British Asian perspectives and identities, Snookered is unafraid to feature difficult and significant themes such as religion, drug addiction, misogyny, poverty and racism. Against this backdrop, Snookered is first and foremost a psychologically detailed but razor-sharp depiction of young men finding their paths in life, whilst navigating what it means to be young, British and Muslim.

Clean Meat - Paul Shapiro 2018-01-02
Paul Shapiro gives you a front-row seat for the wild story of the race to create and commercialize cleaner, safer, sustainable

meat—real meat—without the animals. From the entrepreneurial visionaries to the scientists' workshops to the big business board-rooms—Shapiro details that quest for clean meat and other animal products and examines the debate raging around it. Since the dawn of Homo sapiens some quarter million years ago, animals have satiated our species' desire for meat. But with a growing global population and demand for meat, eggs, dairy, leather, and more, raising such massive numbers of farm animals is woefully inefficient and takes an enormous toll on the planet, public health, and certainly the animals themselves. But what if we could have our meat and eat it, too? The next great scientific revolution is underway—discovering new ways to create enough food for the world's ever-growing, ever-hungry population. Enter clean meat—real, actual meat grown (or brewed!) from animal cells—as well as other clean foods that ditch animal cells altogether and are simply built from the molecule up. Also

called lab-grown meat, cultured meat, or cell-based meat, this race promises promise to bring about another domestication. Whereas our ancestors domesticated wild animals into livestock, today we're beginning to domesticate their cells, leaving the animals out of the equation. From one single cell of a cow, you could feed an entire village. And the story of this coming "second domestication" is anything but tame.

A Consumers' Republic - Lizabeth Cohen
2008-12-24

In this signal work of history, Bancroft Prize winner and Pulitzer Prize finalist Lizabeth Cohen shows how the pursuit of prosperity after World War II fueled our pervasive consumer mentality and transformed American life. Trumpeted as a means to promote the general welfare, mass consumption quickly outgrew its economic objectives and became synonymous with patriotism, social equality, and the American Dream. Material goods came to embody the

promise of America, and the power of consumers to purchase everything from vacuum cleaners to convertibles gave rise to the power of citizens to purchase political influence and effect social change. Yet despite undeniable successes and unprecedented affluence, mass consumption also fostered economic inequality and the fracturing of society along gender, class, and racial lines. In charting the complex legacy of our "Consumers' Republic" Lizabeth Cohen has written a bold, encompassing, and profoundly influential book.

The Rescue Artist - Edward Dolnick
2010-11-16

In the predawn hours of a gloomy February day in 1994, two thieves entered the National Gallery in Oslo and made off with one of the world's most famous paintings, Edvard Munch's *Scream*. It was a brazen crime committed while the whole world was watching the opening ceremonies of the Winter Olympics in Lillehammer. Baffled and humiliated, the Norwegian police turned to the one man they believed could help: a half English, half American undercover cop named Charley Hill, the world's greatest art detective. *The Rescue Artist* is a rollicking narrative that carries readers deep inside the art underworld -- and introduces them to a large and colorful cast of

titled aristocrats, intrepid investigators, and thick-necked thugs. But most compelling of all is Charley Hill himself, a complicated mix of brilliance, foolhardiness, and charm whose hunt for a purloined treasure would either cap an illustrious career or be the fiasco that would haunt him forever.
