The Hardest Sermons You'll Ever Have to Preach - Zondervan, 2011-08-23

Cancer. Suicide. The death of a child. As much as we wish we could avoid tragedies like these, eventually they will strike your church community. When they do, pastors must be ready to offer help by communicating the life-changing message of the gospel in a way that offers hope, truth, and encouragement during these difficult circumstances. Those asked to preach in the midst of tragedy know the anxiety of trying to say appropriate things from God's Word that will comfort and strengthen God's people when emotions and faith are stretched thin. This indispensable resource helps pastors prepare sermons in the face of tragedies by providing suggestions for how to approach different kinds of tragedy, as well as insight into how to handle the theological challenges of human suffering. Each topic provides a specific description of the context of the tragedy, the key concerns that need to be addressed in the message, and an outline of the approach taken in the sample sermon that follows. Topics addressed include: abortion; abuse; responding to national and community tragedies; the death of a child; death due to cancer and prolonged

sickness; death due to drunk driving; drug abuse; and suicide. Bryan Chapell, author of Christ-Centered Preaching, has gathered together messages from some of today's most trusted Christian leaders including: John Piper, Tim Keller, Michael Horton, Jack Collins, Dan Doriani, Jerram Barrs, Mike Khandjian, Robert Rayburn, Wilson Benton, Bob Flayhart, and George Robertson. Each chapter provides you with the resources you need to communicate the life-giving hope of the gospel in the midst of tragedy. In addition, the appendices provide further suggestions of biblical texts for addressing various subjects as well as guidance for conducting funerals.

The Life of Jesus Christ - Ludolph of Saxony 2019-09-26

The Vita Christi of Ludolph of Saxony, fourteenth-century Carthusian, is the most comprehensive series of meditations on the life of Christ from the late Middle Ages. Ludolph assembles a wealth of commentary from the fathers of the church and the great medieval spiritual writers and weaves them into a seamless exposition of the Gospel. This is the full English translation of this classic work and, while it will be of great interest to students of

Christian spirituality, it is intended for ordinary believers seeking to enter more deeply into the meaning of the life of Christ. Ludolph divided his work into two parts; the present volume contains the second half of Part One.

Death Liturgy and Ritual - Paul P.J. Sheppy
2017-07-05

Death Liturgy and Ritual is a two-volume study of Christian funerary theology and practice, presenting an invaluable account of funeral rites and the central issues involved for compilers and users. Paul Sheppy writes from direct experience of conducting funerals and of drafting liturgical resources for others. In Volume II: A Commentary on Liturgical Texts, reviews a wide range of current Christian funeral rites and examines how they reflect both the Church's concern for the death and resurrection of Christ and the contemporary secular demand for funerals which celebrate the life of the deceased. The companion volume, Volume I: A Pastoral and Liturgical Theology, proposes that the Church ought to construct its theological agenda in dialogue with other fields of study. Sheppy argues for a Christian statement about death that finds its basis in the Paschal Mystery, since human death must be explained by reference to Jesus' death, descent

to the dead, and resurrection. Using the three phases of van Gennep's theory of rites of passage, the author shows how the Easter triduum may be seen as normative for Christian liturgies of death.

The Garden and the Workshop - Péter Hanák 2014-07-14

A century ago, Vienna and Budapest were the capital cities of the western and eastern halves of the increasingly unstable Austro-Hungarian empire and scenes of intense cultural activity. Vienna was home to such figures as Sigmund Freud, Gustav Klimt, and Hugo von Hofmannsthal; Budapest produced such luminaries as Béla Bartók, Georg Lukács, and Michael and Karl Polanyi. However, as Péter Hanák shows in these vignettes of Fin-de-Siècle life, the intellectual and artistic vibrancy common to the two cities emerged from deeply different civic cultures. Hanák surveys the urban development of the two cities and reviews the effects of modernization on various aspects of their cultures. He examines the process of physical change, as rapid population growth, industrialization, and the rising middle class ushered in a new age of tenements, suburbs, and town planning. He investigates how death and its rituals--once the domain of church, family, and local community--were transformed by the commercialization of burials and the growing bureaucratic control of graveyards. He explores the mentality of common soldiers and their families--mostly of peasant origin--during World War I, detecting in letters to and from the front a shift toward a revolutionary mood among Hungarians in particular. He presents snapshots of such subjects as the mentality of the nobility, operettas and musical life, and attitudes toward Germans and Jews, and also reveals the striking relationship between social marginality and cultural creativity. In comparing the two cities, Hanák notes that Vienna, famed for its spacious

parks and gardens, was often characterized as a "garden" of esoteric culture. Budapest, however, was a dense city surrounded by factories, whose cultural leaders referred to the offices and cafés where they met as "workshops." These differences were reflected, he argues, in the contrast between Vienna's aesthetic and individualistic culture and Budapest's more moralistic and socially engaged approach. Like Carl Schorske's famous *Fin-de-Siècle Vienna*, Hanák's book paints a remarkable portrait of turn-of-the-century life in Central Europe. Its particular focus on mass culture and everyday life offers important new insights into cultural currents that shaped the course of the twentieth century. Originally published in 1998. Caring through the Funeral - Gene Fowler 2020-01-24

Caring through the Funeral is a guidebook to take pastors through the complete funeral process, from the moment the call is received to the weeks following the funeral. More than just a "how-to," Caring through the Funeral uniquely addresses the funeral process from the perspective of pastoral ministry—of pastoral caring throughout the time of mourning, from the death through post-funeral grieving. Many times the funeral is the most momentous means of pastoral caring for the bereaved, and often it is the only time that the church has an opportunity to care for the family and friends. Gene Fowler explores what pastors go through at each stage of the funeral process. Both descriptive and conceptual, Fowler's practical advice, solid pastoral and theological grounding, and case illustrations take pastors and student

pastors through many issues: - the language of loss—the vocabulary ministers need for this caring ministry - bereavement and grief - pastoral care of family members - pastoral care of non-family members, including groups within the church and community - the funeral as worship service, including a comparison of our Protestant liturgical books and the elements that comprise a Christian funeral - practical issues of planning the service, including sample services - funeral service as means of caring for the bereaved and as a rite of passage, and the

interrelationship between funerals, mourning, and grief - how funerals often launch mourners on a spiritual journey - questions asked by the bereaved - role of resurrection in pastoral care - pastoral care after the funeral
