Knowing what to ask for, how to ask for it, and being confident to say no to a bad offer can be intimidating for cosplayers who usually have no business background. Having a frame of reference is extremely helpful in successfully navigating the world of guesting at conventions, even for experienced con-goers. Philip Odango's guide to cosplay guesting is incredibly useful for the many aspects of booking guesting appearances, from contacting conventions to securing favorable contracts. He provides an incredibly useful framework that others can use to build rapport with conventions, book successful appearances, and make sure guesting experiences are positive and rewarding. I would highly recommend this book for anyone thinking of guesting at cons or who have been invited for the first time." - Sayakat Cosplay (c) 2018 Philip Odango All rights reserved. *Sarah Bernhardt's First American Theatrical Tour, 1880-1881* - Patricia Marks 2003-03-13

On October 15, 1880, with great excitement and fanfare, two Sarah Bernhardts set sail for New York from Le Havre for a theatrical tour of the United States. One wanted to introduce French culture to a backward country, and the other wanted to make money. As an actress, she behaved in a fashion that amused and scandalized her audiences, and as a woman, she was an unwed mother and a shrewd businessperson. Bernhardt's multiple personas and "otherness" were what fascinated the American public; her name, her eccentricities, and her genius had already made her world famous. Sarah Bernhardt's first American

theatrical tour, from her arrival in 1880 to her return to Europe in May 1881, is chronicled here. She traveled as far west as Kansas City and as far south as New Orleans, all the while sparking cultural commentary about her performances, her artwork, and her lifestyle. This book provides an overview of the contemporary reviews, caricatures and satires, considers Bernhardt's reception by the American press and American audiences, and discusses the way in which the Bernhardt iconography was created and the assumptions that underlie it.

*Showing Off, Showing Up* - Laurie Frederik 2017-05-18

The interdisciplinary essays in *Showing Off, Showing Up* examine acts of showing, a particular species of performance that relies on competition and judgment, active spectatorship, embodied excess, and exposure of core values and hidden truths. Acts of showing highlight those dimensions of performance that can most manipulate spectators and consumers, often through over-the-top heightening and skewing of presentation. Many forms of showing and of heightened performance, however, operate more enigmatically and covertly while still profoundly affecting the social world, even if our reactions to them are initially flippant or unconcerned because "it's just a show." Examining a wide range of examples—from dog shows to competitive dancing to carnivals to striptease, the essays illuminate how such events variously foster competition, exaggerate a characteristic, and reveal hidden truths. There is as much to be learned about the power of showing through subtlety and underlying intentionality as through overt display. The book's theoretical introduction and 12 essays by leading scholars reveal how diverse, particularly efficacious genres of showing are theoretically connected and why they merit more concerted attention, especially in the 21st century.

*Break Free From Your Dirty Little Secrets* - Gretchen Hydo 2023-02-28

Millions of women suffer daily under the shame and guilt from their secrets, often nasty thoughts they have about others, the hidden dislike they have towards themselves, or actions they have taken like the abortion, the debt, or the affair. These secrets deliver a 1-2-3 punch to our collective female gut: the secret action (what "terrible thing you did"), the story you built around that action that has now become a negative belief about who you are (critical narrative), and the big secret (the why) that drove you to take that action in the first place. Both big and small, these insidious secrets gather momentum and create false narratives that turn into lies we women believe about ourselves and even cause us to become physically, emotionally, and spiritually sick. Candid, proactive and humorous, Author Gretchen Hydo shares her brilliant 10-Stage, Secret-Breaking System to pull back the curtain, champion women to stop hiding behind their big secrets, step out of shame and come into the light. Women from around the world fearlessly share their secrets within these pages to free themselves and others from the shackles that bind them. Unafraid to share her own secrets, Hydo's teachings, exercises, and lessons urge us toward the ultimate goal - a life of truth lived in our fullest power. In becoming equal in the patriarchy of today, women have created tricks and ploys of behavior to "get by and succeed." It's time we take charge of a life beyond our wildest imaginings. Break Free from Your Dirty Little Secrets: A New You in 10 Secret-Breaking Stages is a breath of fresh air, and a much-needed beacon for women everywhere. It is the female guidebook for the next era, and the key to health, wealth and a new found love affair... with yourself.

**Kaleed-ul-Tauheed Kalan (The Key of Divine Oneness)** - Sultan Bahoo

Tauheed, literally meaning the Divine Oneness, is the basic pillar and foundation of Islam. Common Muslims consider that the requirement of this most important pillar of Islam is fulfilled just by declaring "La illaha ilAllahoo" i.e. "No one is worthy of worship but Allah" by tongue and superficially believing that Allah is the Creator, Master and Sustainer of every creation and only He should be worshipped. They neither know the essence of Tauheed nor verify it inwardly. **The Savvy Sorcerer** - Wayne Hilborn 2015-12-09

Mind power aficionados should relish this down-n-dirty guide to practical Hermetic magic. The secrets revealed can make you much more powerful, likely before you finish the lengthy free preview, and this is the ONLY manifesting guide you will ever need. This is real... (LOOK INSIDE) A book that finally aligns quantum science with mysteries, magic, and miracles, and that EASILY explains their workings. Visit the free "LOOK INSIDE" preview feature, as it has more than a few obscure mind power tricks. i.e. Did you know "Rhythmic Breathing" can double your psychic energy/Prana? (We prefer the spelling of "Magik" with no "c", as it is not "stage" variety) This description can even teach you a simple miracle in the last 10 paragraphs if you read it until the end. Honest. This book will also show you legitimate possible dangers in using "Law of Attraction", such as how placing someone's mansion on their vision board could cause the family living there financial hardship, illness, or even death so the home is vacated in time for their deadline. They only wanted a house, but managed to kill a family and incur karmic wrath in their miss/untrained process. This is an exaggeration, but the point is valid and possible. Magik can be dangerous unless you are trained to avoid negative imagery and use correct wordings, as all thought is prayer and every word is a magik spell. If you think your mother has moved into a bad neighborhood, then she could be attacked just to satisfy that prayer/random stereotypical belief/thought/expectation. They all work with the same mechanisms. ALL THOUGHTS AFFECT REALITY. Not just the thoughts we pick and choose during prayers and affirmations. The first part of the book explains the nature of our reality, and the second half of the book is mostly on how to use that nature to alter your reality for the better. You WILL perform miracles with ease. You WILL manifest with ease. The free preview demonstrates this book is quite advanced. You will NOT learn many of the secrets here in other books. See for yourself. Many of you think that if you pray or affirm for something then a god is listening to you, and may provide it for you if you are deemed worthy. The truth is that we are ALL god... collectively! Being a portion of god has its privileges however... It means we can alter our reality through the use of our imagination. I will PROVE you are a part of god. I will then show you how to alter your world the way a part god can. You manifest everything (in a way)! The idea behind Hermetic Magik is simple. Nothing is real. It may sound silly, but what if everything we see is part of some giant freaky imagination like the Buddhists and Hindus' and Wiccan's believe true. Do you feel real? What if I told you, you were made of tiny particles called atoms, and that these atoms were mind-bogglingly empty? What if I told you that atoms were 99.999999999% empty space? Would you then realize you are only 0.000000001% as real as you thought you were a minute ago; at best? The Buddhists, The Hindus', The Wiccan's, Ancient Egyptians, and even the people of Atlantis (according to Thoth) all live under the same religious philosophy, that we live in a PERFECT Giant High-Definition mind of a deity in which we are all a part. The idea that we live in an imaginary world is easy to prove. Walk outside and pick two fluffy white clouds. Now paint one of them blue with your mind, and soon it will completely vanish while the control cloud remains totally intact. This works because nobody has any notions about the solidity of a cloud. Try to dissolve a brick in a similar fashion, and you will be up against the minds of everyone who has ever seen, heard of, or touched a brick. Try to dissolve the cloud in front of friends and you invite skepticism which can pollute or remove your magik. Your first miracle.

Because of my background in formal education I was originally drawn to studying with a recognized training provider, members of the General Hypnotherapy Standards Council (GHSC). My training with them was excellent, however it was greatly enhanced by Jonathan Royle's material and indeed Royle's material was excellent and far superior to the recognized course. His therapy skills are equal if not greater than the majority of therapists I have met to date and he teaches everything he knows in an open and honest manner. We need people like Royle to raise the profile of Hypnosis and I would recommend his courses to anyone who wants to become a better Hypnotist!" Dr. WILF ARCHER - PhD - [www.mindskills.co.uk](http://www.mindskills.co.uk) "A few years ago I attended a training run by Paul McKenna, Michael Breen and Richard Bandler, it was good and I learned a lot but Jonathan Royle's training course makes them seem like old nannies! There is absolutely no time wasting or useless information and Royle's unique manner of teaching makes everything very easy to learn and remember. This course is without doubt money well spent!" FRANK LEA - [www.hypnotherapycoventry.net](http://www.hypnotherapycoventry.net) "The course contains much unique material, which as far as I know is not taught anywhere else and will certainly make you a better Hypnotist and Therapist, especially when presenting any public demonstrations!" DAVID BOTSFORD - [www.stopsmokingsolutions.co.uk](http://www.stopsmokingsolutions.co.uk) "Having previously done a more conventional "approved" NLP course which took many days and cost lots of money, I would have said it was impossible to learn NLP in just two days! However after attending Royle's course I can honestly say that this is exactly what he does and he also teaches you what you need to know about clinical Hypnosis and his own approach of Complete Mind Therapy, in short this course is a worthwhile investment!" DEZ SELLARS - [www.completemindtherapy.com](http://www.completemindtherapy.com) Indeed many of Royle's Students have stated that this book teaches more of use in the real world of Hypnotherapy and Stage Hypnosis than all of the others on the market put together!

Theatre and Drama in Francophone Africa - John Conteh-Morgan 1994-10-20

This is the first study to be entirely devoted to African literary drama in French, a major component of African theater. Beginning with a detailed analysis of its relationship to a variety of precolonial, but sometimes still contemporary, traditions of performance that constitute part of its roots, the author examines this drama in both its literary and theatrical dimensions. He discusses its development, themes and techniques up to and including contemporary theater. The book is divided into two sections: Part One offers a theoretical and historical background; Part Two analyzes key individual plays central to the repertoire, including two from the Caribbean. All quotations are translated into English.

Hypnotic Goals Planner - Richard Barker 2017-11-13

Welcome to the Hypnotic Goals Planner, my name is Richard Barker and I have been studying human behavior for 3 decades. In the last 10 years though, it has become more apparent to me that people consistently seem to fail at not only goal setting and the targets of those goals, but also keeping resolutions and promises to themselves. As a hypnotist I understand the power of your Neurotransmitters and the manifestation of thought processes and how they can turn into actions. Sticking to your goals and keeping on track is vital to your future success habits and dreams that you aspire to fulfill. This Goals planner is an excellent resource to keep you on the path of discovery and the journey in life. it is not year specific, you can start on any date in any month and it can be used over and over again. Simply begin with your goal setting each month and then document the specifics of how you are going to get there. Then each day complete the self reflections of the day as they unfold so that you are focused for the next day. Many successful people will tell you several things 1. What gets measured gets done. If you measure and focus on your goals, they will become a reality 2. Holding yourself accountable brings you closer to your goals 3. Simply the action of writing things down brings you more in alignment with your wants and needs 4. Documenting the journey to success is more important than arriving 5. By being consistent and persistent you will get to where you want to be Good luck on your journey and I look forward to hearing about your success

*Mysteries and Secrets Revealed* - Ph. D Pankratz 2021-04-01

Revealed uncovers the science behind mysteries of nature and secrets of frauds who have been fooling us for centuries. Beginning at the Greek oracle in Delphi, author Loren Pankratz, PhD. guides us through the mysteries of the ancient world, the rituals of the Renaissance Church, and the readings of early mystics and spiritualists of the modern world to expose the deception of those claiming to tap into supernatural realms. Quite often these deceptions were the product of powerful institutions, like Roman Oracles or the Church of the Enlightenment, used to suppress free-thinking and maintain a tight grip on power. From Galileo's scientific discoveries of the cosmos to Bernard Fontenelle's popular philosophical dialogue that helped common people understand the sun-centered universe, Pankratz profiles those who used reason to

challenge the authority of their time. Soon after, mesmerists and hypnotists paraded subjects who demonstrated insensitivity to pain and powers of clairvoyance. One such clairvoyant, a Frenchman named Alexis Didier, was so compelling as to provoke claims that if a case for clairvoyance could not be made for him, then no case can be made for anyone. This declaration has not been previously challenged, and Didier's secret methods are unraveled here through information in rare documents and privately printed pamphlets for the first time. Modern spiritualism started with simple rapping noises created by the Fox sisters, but these quickly escalated into an arms race of psychic manifestations like levitations and mysterious writing on slates. Scientists like Michael Faraday conducted clever experiments with magnets to show the deception at work -but the captivating power of the spiritualists was too much to overcome, and his results were shrugged off. We follow more individuals who devised tests to debunk these hucksters, even as mediums did everything possible to avoid exposure. Each story in Revealed captures the tension of mysterious conflict, the thrill of discovery, and the power of science to unmask frauds and fakes.
