[Best and Worst Travels](#) - Ramon Carver 2007-04

Carver writes in a style not unlike Bill Bryson, candidly regaling readers with tales of his worst experiences ("Some of the worst were worse than others.") as well as the best: "I enjoyed a great Abercrombie & Kent trip to China because it was a great adventure, a great itinerary, a great tour group with a great tour director, great hotels (except for a noisy Sheraton in Guilin), great weather, and great tour management. Seven greats out of seven ain't bad." He says, "Great expectations when traveling are usually the source of my greatest disappointments! I'm like the guy in a New Yorker cartoon studying a brochure telling his travel agent: 'I am so looking forward to this. I can't wait to be disappointed.'" He writes "How to Survive Disasters like Theft, Accidents, etc.," and at the risk of seeming disingenuously obvious, he provides an exhaustive list covering every possible thing that can go wrong (Getting Sick, Getting Killed, Getting Lost, etc.), offering suggestions for solving dilemmas. He concludes with "Did I fail to mention Getting Bored to Death." He describes trips with Yale Exes and travels to Italy, China, and Romania where he taught English with Global Volunteers.

Errant Journeys - David Zurick 1995-04-01

By the year 2000, tourism will be the world's single most important economic activity. Even now, there is hardly a place on earth, no matter how inaccessible, that has not been visited by some traveler seeking adventure, enlightenment, or simply change from the familiar world back home. In this pathfinding book, David Zurick explores the fastest-growing segment of the travel industry—adventure travel. He raises important questions about what constitutes the travel experience and shows how the modern adventure industry has commercialized the very notion of adventure by packaging it as tours. Drawing on two decades of personal travel, as well as the writings of others, Zurick unravels the paradox of adventure travel—that the very act of visiting remote places untouched by Western culture introduces that culture and begins irreversible changes. This first in-depth look at adventure travel opens new insights into the physical, philosophical, and spiritual attributes of the travel experience. Written in a lively style, the book is intended for everyone interested in travel and its effects on both travelers and the people and places they visit.

An intimate journey across America, as told by one of its most beloved writers A Penguin Classic In September 1960, John Steinbeck embarked on a journey across America. He felt that he might have lost touch with the country, with its speech, the smell of its grass and trees, its color and quality of light, the pulse of its people. To reassure himself, he set out on a voyage of rediscovery of the American identity, accompanied by a distinguished French poodle named Charley; and riding in a three-quarter-ton pickup truck named Rocinante. His course took him through almost forty states: northward from Long Island to Maine; through the Midwest to Chicago; onward by way of Minnesota, North Dakota, Montana (with which he fell in love), and Idaho to Seattle, south to San Francisco and his birthplace, Salinas; eastward through the Mojave, New Mexico, Arizona, to the vast hospitality of Texas, to New Orleans and a shocking drama of desegregation; finally, on the last leg, through Alabama, Virginia, Pennsylvania, and New Jersey to New York. *Travels with Charley in Search of America* is an intimate look at one of America's most beloved writers in the later years of his life—a self-portrait of a man who never wrote an explicit autobiography. Written during a time of upheaval and racial tension in the South—which Steinbeck witnessed firsthand—*Travels with Charley* is a stunning evocation of America on the eve of a tumultuous decade.
