I Stand Corrected - Eden Collinworth 2014-10-07

A fascinating fusion of memoir, manners, and cultural history from a successful businesswoman well versed in the unique challenges of working in contemporary China. During the course of a career that has, quite literally, moved her around the world, no country has fascinated Eden Collinworth more than China, where she has borne witness to its profound transformation. After numerous experiences there that might best be called "unusual" by Western standards, she concluded that despite China's growing status as a world economy, businessmen in mainland China were fundamentally uncomfortable in the company of their Western counterparts. This realization spawned an idea to work collaboratively with a

major Chinese publisher on a Western etiquette guide, which went on to become a bestseller and prompted a branch of China's Ministry of Education to suggest that she create a curriculum for the school system. In *I Stand Corrected*, Collinworth tells the entertaining and insightful story of the year she spent living among the Chinese while writing a book featuring advice on such topics as the non-negotiable issue of personal hygiene, the rules of the handshake, and making sense of foreigners. Scrutinizing the kind of etiquette that has guided her own business career, one which has unfolded in predominately male company, Collinworth creates a counterpart that explains Chinese practices and reveals much about our own Western culture. At the same time, *I Stand Corrected* is a wry but self-effacing reflection on the peripatetic career she led while single-handedly raising her son, and here she details the often madcap attempts to strike a balance that was right for them both.

The Elephant Catchers - Subroto Bagchi 2017-09-10

Unlike an operation to catch rabbits, trapping an elephant calls for expertise over enthusiasm. Those who hunt rabbits are rarely able to rope in elephants.? In *The Elephant Catchers*, Subroto Bagchi distils his years of on-the-ground learning to explore what organizations and their people must do to climb to the next level and beyond. Through a combination of engaging anecdotes from his experiences as co-founder,

and subsequently Chairman, of Mindtree Ltd, as well as practical advice on growth-related issues such as dealing with consultants or navigating strategy traps and M&As, Bagchi demonstrates a crucial point: Organizations with real ambition to get to the top need to embrace the idea of scale. The book leads you to evaluate: ? Is your organization's infrastructure designed to evolve and ultimately mimic the simultaneity of a living organism? ? Are you constantly nurturing and renewing your brand identity or letting it stagnate and decay? ? Does your sales force have as many hunters as it has farmers? Or is it dominated by a grizzly who just waits for the salmon to land in its mouth? ? In a fiercely competitive environment, are you really stepping `out of the box? and learning from unusual sources? Engaging, wise and thoroughly accessible, this book is a must-read for everyone in every organization seeking breakout success.

Dream with Your Eyes Open - Ronnie Screwvala 2015-03-25

"From modest beginnings in Mumbai's Grant Road, surrounded by the energy and unbridled potential of a country always on the verge of greatness, Ronnie Screwvala is a first-generation entrepreneur. His early days, in front of the camera and on stage, inspired him to pioneer cable TV in India, and build one of the largest toothbrush manufacturing operations before starting UTV, a media and entertainment conglomerate spanning television, digital content, mobile, broadcasting, games and motion pictures, which he divested to The Walt Disney Company in 2012. Newsweek termed him the Jack Warner of India, Esquire rated him as one of the 75 Most Influential People of the 21st Century and Fortune as Asia's 25 Most Powerful. On to his second innings, Ronnie is driven by his interest in championing entrepreneurship in India, and is focused on building his next set of ground-up businesses in high growth and impact sectors. His more recent commitment to being a first mover in sports has made him lend his support to kabaddi and football. He is passionate about social welfare and, with his wife Zarina and through their Swades Foundation, has given single-minded focus to empowering one million lives in rural India every 5-6 years through a unique 360-degree model. He lives in Mumbai with Zarina and daughter Trishya."

IT CAN'T BE YOU - Prem Rao 2010-12-01

It can't be you.. When Colonel Belliappa, Indian Army (Retd), a highly decorated war hero is found dying one night frothing at the mouth in anguish, there is no one else at home. Other than his immediate family. His wife, his daughter and his son. Did he, who killed so many, kill himself to bury something dreadful from his past? Or, was he killed? His death sets the clock back to his life as a career officer in the Indian Army. He fights with great valour in the 1971 war against Pakistan which leaves him physically and psychologically scarred for life. Years later, his aggression and maniacal bravery leads to a secret assignment. He is handpicked to command a crack team of Indian Army snipers as an irregular force to fight intruders and militants in the Kashmir Valley from 1989. Today, he is a partner in a flourishing and successful armaments firm. The Colonel finds himself in a series of conflicts with his family, amongst others. Standing to gain from his death, they plan to kill him for their own reasons, quite unknown to each other. Do Colonel Belliappa and his family pay the ultimate price? For the spiral of vengeance he himself triggered some decades ago.

Start-up Sutra - Rohit Prasad 2013-02-10

If you have ever dared to dream big, this book will change your life. Through the true stories of two people ? Abhishek and Abhinav Sinha, founders of the IT organization, Eko ? who braved the rough road, Start-up Sutra presents entrepreneurship in its essence ? not a checklist to be crossed, but a passion to be lived. Bringing to life the daily dramas, the struggles in the trenches, the battles with inner demons and impossible external odds that need to be overcome on the journey to achievement, this inspiring, multi-layered story enumerates the five qualities that every entrepreneur must possess: courage, resilience, the capacity for creative action, dispassion, and faith in the intent of the universe.

Thought Provoking - T.P. Anand 2017-10-16

T.P. Anand has spent the past thirty years guiding, educating, inspiring, and mentoring youth. He has made it his passion to lead by example while encouraging younger generations to embrace their inner-gifts and protect their intelligence. Now he is intent on sharing his life

lessons with the world with the hope that each will provoke thoughtful discussion. In a collection of various articles he has penned over the past six years, Anand explores diverse topics that provide insight on the key factors to achieving professional success, the important role of a housewife, the ways to transform thinking and attain results, why teachers play a vital part in each of our lives, the skills that we retain forever, the value of time, why expectations lead to disappointments, the difference between sacrifice and contribution, and why it is so imperative that the seven chakras within the body are aligned. Thought Provoking shares fifty-four articles that share a successful businessmen's perspective on life and his methods to attaining personal and professional success in today's challenging world.

The Captainship -

The Captainship is a collection of first-person narratives of nine first-generation Indian entrepreneurs, among India's most respected for their value-based approach to organization building. The purpose of this collection is to share the journeys of the entrepreneurs as ordinary youths, with all the normal joys and insecurities of childhood and adolescence. The title The Captainship is inspired by the famous line from William Ernest Henley's poem 'Invictus': 'I am the master of my fate: I am the captain of my soul.' Illustrated by Anitha Balachandran. Edited by Anya Gupta. The Captains include Ashish Gupta (Junglee/Helion), Sanjeev Aggarwal (Daksh/Helion), Sanjeev Bikhchandani (Naukri), Subroto Bagchi (Mindtree), Zia Mody (AZB), Ashish Dhawan (Chryscapital), Vijay Sharma (One97), Satya Narayanan (CareerLauncher), and Girish Batra (NetAmbit).

Problem Solving 101 - Ken Watanabe 2009-03-05
The fun and simple problem-solving guide that took Japan by storm Ken Watanabe originally wrote Problem Solving 101 for Japanese schoolchildren. His goal was to help shift the focus in Japanese education from memorization to critical thinking, by adapting some of the techniques he had learned as an elite McKinsey consultant. He was amazed to discover that

adults were hungry for his fun and easy guide to problem solving and decision making. The book became a surprise Japanese bestseller, with more than 370,000 in print after six months. Now American businesspeople can also use it to master some powerful skills. Watanabe uses sample scenarios to illustrate his techniques, which include logic trees and matrixes. A rock band figures out how to drive up concert attendance. An aspiring animator budgets for a new computer purchase. Students decide which high school they will attend. Illustrated with diagrams and quirky drawings, the book is simple enough for a middle-schooler to understand but sophisticated enough for business leaders to apply to their most challenging problems.

MBA at 16 - Subroto Bagchi 2012-04-24

You are 16, going on 17. Steve Jobs was all of sixteen when he met Stephen Wozniak. What resulted was Apple. When Sergey Brin and Larry Page met at Stanford, they were in their early twenties. They were soon to start Google.

Today's teenagers are our smartest generation yet. They are tomorrow's entrepreneurs, investors, managers, policy makers, watchdogs and of course, consumers. But do you know what the corporate and business world is all about? How do businesses touch everyone's lives? What really makes an entrepreneur tick? How does the engine of a company run? Who is a social entrepreneur? And why do we need the world of business—is business good or bad for us? If you are curious, come join Subroto Bagchi and a group of smart teenagers on their exciting voyage of discovery, and in the process, get yourself a teen MBA!

The Long Game - Dorie Clark 2021-09-21

A Wall Street Journal Bestseller Your personal goals need a long-term strategy. It's no secret that we're pushed to the limit. Today's professionals feel rushed, overwhelmed, and perennially behind. So we keep our heads down, focused on the next thing, and the next, without a moment to breathe. How can we break out of this endless cycle and create the kind of interesting, meaningful lives we all seek? Just as CEOs who optimize for quarterly profits often fail to make the strategic investments necessary for long-term growth, the same is true in our own personal and professional lives. We need to

reorient ourselves to see the big picture so we can tap into the power of small changes that, made today, will have an enormous and disproportionate impact on our future success. We need to start playing The Long Game. As top business thinker and Duke University professor Dorie Clark explains, we all know intellectually that lasting success takes persistence and effort. And yet so much of the relentless pressure in our culture pushes us toward doing what's easy, what's guaranteed, or what looks glamorous in the moment. In *The Long Game*, she argues for a different path. It's about doing small things over time to achieve our goals—and being willing to keep at them, even when they seem pointless, boring, or hard. In *The Long Game*, Clark shares unique principles and frameworks you can apply to your specific situation, as well as vivid stories from her own career and other professionals' experiences. Everyone is allotted the same twenty-four hours—but with the right strategies, you can leverage those hours in more efficient and powerful ways than you ever imagined. It's never an overnight process, but the long-term payoff is immense: to finally break out of the frenetic day-to-day routine and transform your life and your career.

Shake the World - James Marshall Reilly

2013-08-27

"Reilly's profound message will lead you and me and everyone to richer lives." —Geoff Colvin, author of *Talent Is Overrated* James Marshall Reilly set out to capture the insights of today's brightest business and nonprofit leaders. He conducted in-depth interviews with Tony Hsieh (Zappos), Blake Mycoskie (TOMS), Shawn Fanning (Napster, Rupture, Path), and Jessica Jackley (Kiva, ProFounder), among many others. And he learned that despite their different fields, they're all using similar tools to seize opportunities and redefine success. The role models in *Shake the World* define themselves not by money and title but by fulfillment and happiness. This book will light your path to greatness if you too want to shake the world.

The Aadhaar Effect - N.S. Ramnath 2018-10-03

Identification vs profiling; state welfare vs state surveillance; privacy vs transparency—Aadhaar has bitterly polarized India since its launch in 2010. No other project has captured the imagination of the people—or inspired such awe

and anxiety—in recent memory. Aadhaar began life with a singular mandate: offer an identity to those Indian residents who didn't have any. Along the way, it evolved into the welfare state's flagship technology and altered forever how government, business, and society interact. The Aadhaar Effect is the story of the visionaries—bureaucrats, technologists, activists—who created or challenged India's biggest juggernaut. It is equally the story of humans conflicted about complex choices that may make the world a better place. Polestar award winners N.S. Ramnath and Charles Assisi dive deep into the 12-digit number that has touched 1.2 billion lives and counting—and in the bargain, made the world sit up and take note of India's ambition.

Go Kiss the World - Subroto Bagchi 2009-08-05
'Go, kiss the world' were Subroto Bagchi's blind mother's last words to him. These words became the guiding principle of his life. Subroto Bagchi grew up amidst what he calls the 'material simplicity' of rural and small-town Orissa, imbibing from his family a sense of contentment, constant wonder, connectedness to a larger whole and learning from unusual sources. From humble beginnings, he went on to achieve extraordinary professional success, eventually co-founding MindTree, one of India's most admired software services companies. Through personal anecdotes and simple words of wisdom, Subroto Bagchi brings to the young professional lessons in working and living, energizing ordinary people to lead extraordinary lives. *Go Kiss the World* will be an inspiration to 'young India', and to those who come from small-town India, urging them to recognize and develop their inner strengths, thereby helping them realize their own, unique potential.

How McGruff and the Crying Indian Changed America - Wendy Melillo 2013-09-10
Pulitzer Prize nominated journalist Wendy Melillo authors the first book to explore the history of the Ad Council and the campaigns that brought public service announcements to the nation through the mass media. *How McGruff and the Crying Indian Changed America: A History of Iconic Ad Council Campaigns* details how public service advertising campaigns became part of our national conversation and changed us as a society. The Ad Council began

during World War II as a propaganda arm of President Roosevelt's administration to preserve its business interests. Happily for the ad industry, it was a double play: the government got top-notch work; the industry got an insider relationship that proved useful when warding off regulation. From Rosie the Riveter to Smokey Bear to McGruff the Crime Dog, *How McGruff and the Crying Indian Changed America* explores the issues and campaigns that have been paramount to the nation's collective memory and looks at challenges facing public service campaigns in the current media environment.

Tatalog - Harish Bhat
2014-07-01

TATAllog presents eight riveting and hitherto untold stories about the strategic and operational challenges that TATA companies have faced over the past two decades and the forward thinking and determination that have raised the brand to new heights. From Tata Indica, the first completely Indian car; to the jewellery brand Tanishq; and Tata Finance, which survived several tribulations, TATAllog, written by a Tata insider, reveals the DNA of every TATA enterprise—a combination of being pioneering, purposive, principled and ‘not perfect’.

The Ape in the Corner Office - Richard Conniff 2005-09-06

Tired of swimming with the sharks? Fed up with that big ape down the hall? Real animals can teach us better ways to thrive in the workplace jungle. You're ambitious and want to get ahead, but what's the best way to do it? Become the biggest, baddest predator? The proverbial 800-pound gorilla? Or does nature teach you to be more subtle and sophisticated? Richard Conniff, the acclaimed author of *The Natural History of the Rich*, has survived savage beasts in the workplace jungle, where he hooted and preened in the corner office as a publishing executive. He's also spent time studying how animals operate in the real jungles of the Amazon and the African bush. What he shows in *The Ape in the Corner Office* is that nature built you to be nice. Doing favors, grooming coworkers with kind words, building coalitions—these tools for getting ahead come straight from the jungle. The stereotypical Darwinian hard-charger supposedly thinks only about accumulating resources. But highly effective apes know it's often smarter to give them away. That doesn't mean it's a peaceable kingdom out there, however. Conniff shows that you can become more effective by understanding how other species negotiate the tricky balance between conflict and cooperation. Conniff quotes one biologist on a chimpanzee's obsession with rank: "His attempts to maintain and achieve alpha status are cunning, persistent, energetic, and time-consuming. They affect whom he travels with, whom he grooms, where he glances, how often he scratches, where he goes, what times he gets up in the morning." Sound familiar? It's the same behavior you can find written up in any

issue of *BusinessWeek* or *The Wall Street Journal*. *The Ape in the Corner Office* connects with the day-to-day of the workplace because it helps explain what people are really concerned about: How come he got the wing chair with the gold trim? How can I survive as that big ape's subordinate without becoming a spineless yes-man? Why does being a lone wolf mean being a loser? And, yes, why is it that jerks seem to prosper—at least in the short run? Also available as a Random House AudioBook and an eBook [And We Came Outside and Saw the Stars Again](#) - Ilan Stavans 2020-08-11

In this rich, eye-opening, and uplifting digital anthology, dozens of esteemed writers, poets, and artists from more than thirty countries send literary dispatches from life during the pandemic. Net proceeds benefit booksellers in need. As our world is transformed by the coronavirus pandemic, writers offer a powerful antidote to the fearful confines of isolation: a window onto lives and corners of the world beyond our own. In Mauritius, a journalist contends with denialism and mourns the last days of summer, lost to the lockdown. In Paris, a writer struggles to protect his young son from fear. In Chile, protesters who prevailed against tear gas and rubber bullets are now halted by a virus. In Queens, after thirteen-hour shifts in the ER, a doctor dons running shoes and makes the long jog home. *And We Came Outside and Saw the Stars Again* takes its title from the last line of Dante's *Inferno*, when the poet and his guide emerge from hell to once again behold the beauty of the heavens. In that spirit, the stories, essays, poems, and artwork in this collection--from beloved authors including Jhumpa Lahiri, Mario Vargas Llosa, Eavan Boland, Daniel Alarcón, Jon Lee Anderson, Claire Messud, Ariel Dorfman, and many more--detail the harrowing experiences of life in the pandemic, while pointing toward a less isolated future. Together, they comprise a profound global portrait of the defining moment of our time, and send a clarion call for solidarity across borders. Our literary culture depends on bookstores--and those irreplaceable sources of conversation and community, of inspiration and solace, have been decimated by the lockdown. Net proceeds from *And We Came Outside and Saw the Stars Again* will go to the Book Industry Charitable

Foundation, which helps the passionate booksellers we readers depend upon.

The Dream Of A Revolution - Bimal Prasad
2021-09-06

Few figures in modern India have enjoyed such acclaim and adoration as Jayaprakash Narayan. And yet, he has been equally vilified for all that went wrong in the unfinished post-colonial movement for freedom and democracy. Jayaprakash Narayan, or JP as he was universally known, epitomized the Marxian and Gandhian styles of political engagement, and famously brought a powerful government to its knees. Throughout his life, he channelled an emotional hunger for transformative politics, jettisoned easy options, shunned power and incubated revolutionary ideas. A comprehensive study of JP's life and ideas—from the radicalism of his thought process at American university campuses in the 1920s to his political coming of age in the 1930s and subsequent disenchantment with Gandhi's leadership; from his infectious confidence about the future of socialism to his seemingly naive plans to outmanoeuvre powerful forces within the Congress; from his fractious friendship with Jawaharlal Nehru to his relentless crusade against the stifling of dissent—*The Dream of Revolution*, Bimal and Sujata Prasad's rigorously researched biography of JP, dispenses with clichés, questions commonly held perceptions and pushes the limits of what a biographical portrait is capable of. Rich in anecdotes and never-before-told stories, this book explores the ambiguities and ironies of a life lived at the barricades, and one man's unremitting quest to usher in a society based on equality and freedom.

Higher the Risk Greater the Success - Tarun Engineer

Life is full of risks and challenges. The person who dares to face the challenges, becomes stronger and more confident, and thereby comes closer to success. The common quality of successful people is their utmost potential of taking risk. Those people who have seen adversity, rise in life the most because they develop a tremendous capacity to take risk. When we begin to take risk, we are able to elevate our lives onto a higher level of achievement, and thereby can make the

impossible possible. No dream is fulfilled without taking risk. So take risk wisely and in a planned manner, and be a winner always. Because 'higher the risk, greater the success'. *The Professional* - Subroto Bagchi 2011-06-30 A manifesto on what it takes to be a true professional in the modern world. By common definition, a professional is anyone who possesses the skills and knowledge necessary for a career—whether as a surgeon, a software engineer, or a plumber. But according to Subroto Bagchi, our increasingly global marketplace demands more. In a world where the foolish, selfish, and unethical decisions of a few have affected the lives of millions, *The Professional* urges readers to act responsibly and reexamine "business as usual". By exploring a variety of professional dilemmas across many industries, Bagchi defines the qualities of true professionals and the attributes that separate them from the merely competent. These include: *Suffer no false attractions: It's always tempting to take the path of least resistance, but true professionals can separate the genuine from the phony. *Know when to say no: True professionals are not afraid to say no to things that are not worth their time, their energy, or their creativity. *Take the long view: True professionals understand that every action, decision, and relationship, no matter how small, can have a lasting impact.

Morbid Symptoms - Donald Sassoon 2021-03-02
A health check on our corrupt and broken political system by one of our finest historians The deadly coronavirus spread across societies already riddled with political ills: rampant xenophobia and corruption, privatisation run amok, Brexiteer vainglory of 'a global Britain', a Euroland dominated by self-proclaimed nasty parties, and in America, the unspeakable Trump. As the acclaimed historian Donald Sassoon observes in this blistering polemic, there were morbid symptoms galore. Sassoon paints an unforgettable picture of our galloping descent into political barbarism, mixing blunt exposé and classical references with an astonishing array of data. Why does the United States proportionately have more civilians owning guns than Yemen, where there is a war on? Why did the UK enter the pandemic with fewer doctors than any EU country except Poland and Romania? In *Morbid Symptoms* he refuses to abandon what Antonio Gramsci termed the optimism of the will, instead recalling a line from Machiavelli's *Istorie fiorentine*: 'do not impute past disorders to the nature of the men, but to the times, which, being changed, give reasonable ground to hope that, with better

government, our city will have better fortune in the future'.

A Girl That Had to be Strong - Garima Pradhan 2017-09-12

Fetch Your Own Coffee - Kaustubh Sonalkar 2020-10-20

We do our best thinking when our minds are free to wander, and our minds are most free when we do routine tasks like fetching ourselves a cup of coffee or watering the plants. *Fetch Your Own Coffee* is a compilation of such profound thoughts - that offer an alternative view of everything around us. Written and published as separate blogs over three years, each chapter included in this book has been widely read and discussed online before being handpicked and compiled in this one book of invaluable life lessons.

The Professional Companion - Satyajit Ray 2003-09-24

Death in the mountains. An estranged son. A practitioner of the occult... Feluda and Topshe are on vacation in picturesque Gangtok when they stumble upon the mysterious murder of a business executive. There are many suspects—the dead man's business partner Sasadhar Bose, the long-haired foreigner Helmut, the mysterious Dr Vaidya, perhaps even the timid Mr Sarkar. Feluda unravels the knotty case with his usual aplomb and tracks the criminal down in a far-flung monastery.

Zen Garden - Subroto Bagchi 2014-12-01

Some of the most innovative and entrepreneurial minds of our times, in conversation with management guru and bestselling author Subroto Bagchi For the immensely popular column 'Zen Garden' which he published in *Forbes India* for over three years, bestselling business author Subroto Bagchi spoke to some very interesting people. Many, though not all, of the visitors to 'Zen Garden' were, like Subroto himself, high-performance entrepreneurs. But the one thing that was common to every guest was that they were pathmakers—rather than choosing to follow the well-trodden path, they had charted new paths that others could tread on. This book features the very best conversations from 'Zen Garden', including those with the Dalai Lama, Sadhguru Jaggi Vasudev, Nandan Nilekani, Aamir Khan, Dr Devi

Shetty, Kiran Mazumdar Shaw, Ekta Kapoor, social entrepreneur Harish Hande, Sanjeev Bikhchandani of Naukri.com, Deep Kalra of MakeMyTrip.com, Café Coffee Day's V.G. Siddhartha, Vikram Bakshi (the man who brought McDonald's to India) and India's top winemaker, Rajeev Samant. In their own words, these game changers reveal what it was that made them think differently, what gave them the courage to step off the beaten track, and how they sustained their vision in the face of seemingly insurmountable odds. Zen Garden is a book that every young Indian should read.
