Maximum City - Suketu Mehta 2009-10-21

A native of Bombay, Suketu Mehta gives us an insider's view of this stunning metropolis. He approaches the city from unexpected angles, taking us into the criminal underworld of rival Muslim and Hindu gangs, following the life of a bar dancer raised amid poverty and abuse, opening the door into the inner sanctums of Bollywood, and delving into the stories of the countless villagers who come in search of a better life and end up living on the sidewalks. As each individual story unfolds, Mehta also recounts his own efforts to make a home in Bombay after more than twenty years abroad. Candid, impassioned, funny, and heartrending, Maximum City is a revelation of an ancient and ever-changing world.

Oh, the Places You'll Go! - Dr. Seuss 2013-09-24

Dr. Seuss's wonderfully wise Oh, the Places You'll Go! is the perfect gift to celebrate all of our special milestones—from graduations to birthdays and beyond! From soaring to high heights and seeing great sights to being left in a Lurch on a prickly perch, Dr. Seuss addresses life's ups and downs with his trademark humorous verse and whimsical illustrations. The inspiring and timeless message encourages readers to find the success that lies within, no matter what challenges they face. A perennial favorite and a perfect gift for anyone starting a new phase in their life!

Solar System : Planets - Om Books Editorial Team 2017

Mercury - Jody Sullivan Rake 2020-08

"The smallest planet in our solar system is also the closest to the sun. That means on Mercury, one year is just 88 days long! Discover more facts about the small but mighty Mercury!"--

Inside Your Outside - Tish Rabe 2019-06-18

Journey through the fascinating world of the body with everyone's favorite Cat in the Hat! The Cat in the Hat's Learning Library is a nonfiction picture book series that introduces beginning readers ages 5-8 to important basic concepts. Join the Cat in the Hat, Sally and Dick for a ride through the human body where they visit the right and left sides of the brain, meet the Feletons from far off Fadin (when they stand in the sun you can see through their skin), scuba dive through the blood system, follow food and water through the digestive tract, and a whole lot more! Perfect for readers who are curious about the body and for any kid who loves learning and science. Featuring beloved characters from Dr. Seuss's The Cat in the Hat, the Learning Library are unjacketed hardcover picture books that explore a range of nonfiction topics about the world we live in and include an index, glossary, and suggestions for further reading.

On the First Day of Kindergarten - Tish Rabe 2021-08-31

Perfect for nervous/excited kids about to go to kindergarten (and their parents!). This engaging adaptation of "The Twelve Days of Christmas" convinces parents and children alike that there is no place cooler than a kindergarten classroom. On the first day of kindergarten, there's so much to do! From making new friends to jumping rope in gym to riding the bus to school, there are lots of exciting firsts to look forward to. Even though saying good-bye to Mom and Dad is hard, when the school bus pulls up, it's time to begin kindergarten fun. Share at home along with such books as Clover Kitty Goes to Kittygarten and Kindergarten, Here I Come! Tish Rabe is a seasoned children's book author with over 160 titles, including ones for Sesame Street and Curious George, under her belt. Like Natasha Wing with The Night Before

Christmas, Rabe puts a novel spin on a first-day-of-school classic with On the First Day of Kindergarten.

And don't miss the follow-up: On the First Day of First Grade!

The High Street - Alice Melvin 2011-10-01

Young readers can help Sally find what she needs on her shopping trip, including roller skates, a cockatoo, and a cherry tart, by searching through fold-out pages showcasing the different stores on High Street.

Is a Camel a Mammal? - Tish Rabe 2019-08-06

The Cat in the Hat takes Dick and Sally on a Seussian safari to observe (and pontificate about) the many different kinds of mammals. An invaluable tour for all animal lovers!

What Cat Is That? - Tish Rabe 2019-12-10

The Cat in the Hat learns all about cats—wild and domestic—in this feline-focused Cat in the Hat's Learning Library book! Traveling aboard his Kitty-Cat-Copter, the Cat takes Sally and Nick to meet lions in Kenya, tigers in Bangkok, Siamese down the block—learning along the way those traits that all cats share: scratchy tongues, padded paws, sensitive whiskers, sharp claws, and those things unique to different species. With information about the anatomy and behavior of well-known species and breeds—including lions, tigers, leopards, cheetah, jaguar, ocelots, cougar, American shorthair, Persian, Siamese—and lesser-known ones, like clouded leopards, caracals, Turkish Vans, Scottish folds, American curls, Raga Muffins, and more—there's something here for cat/Cat lovers of all kinds! Fans of the hit PBS Kids show The Cat in the Hat Knows a Lot About That! (which is based on the Cat in the Hat's Learning Library) won't want to miss this purrfect new addition to the series.

There's a Map on My Lap! - Tish Rabe 2019-06-18

The Cat in the Hat introduces beginning readers to maps—the different kinds (city, state, world, topographic, temperature, terrain, etc.); their formats (flat, globe, atlas, puzzle); the tools we use to read them (symbols, scales, grids, compasses); and funny facts about the places they show us ("Michigan looks like a scarf and a mitten! Louisiana looks like a chair you can sit in!").

Hark! A Shark! - Bonnie Worth 2019-06-18

Learn about sharks with everyone's favorite Cat in the Hat! The Cat in the Hat dives deep in this fascinating exploration of the world of sharks. Learn about the different types of sharks, how we study them, and why they aren't so scary after all. Perfect for kids who love sharks and Dr. Seuss alike, and for any kid who loves learning and science. The Cat in the Hat's Learning Library is a nonfiction, unjacketed hardcover series that introduces beginning readers ages 5-8 to important basic concepts. Featuring beloved characters from Dr. Seuss's The Cat in the Hat, the Learning Library titles explore a range of topics about the world we live in and include an index, glossary, and suggestions for further reading. "Pretty much all the stuff you need to know is in Dr. Seuss." --President Barack Obama

Fine Feathered Friends - Tish Rabe 2019-08-06

Bee hummingbirds, ostriches, flycatchers, chickadees, and bald eagles! Dick and Sally find themselves on a bird-watching tour led by the Cat in the Hat. After a quick lesson on just exactly what a bird is, they go motoring around the world to observe our fine feathered friends in their natural habitats. Time flies, and soon it's late, but the Cat saves the day by shifting his vehicle into Fine Feather All-Weather Flying Machine mode and winging Dick and Sally back home.

A to Z Mysteries Super Edition 2: Mayflower Treasure Hunt - Ron Roy 2007-08-28

Visit Plymouth Rock with the A to Z Mysteries gang! The hunt is on! Dink, Josh, and Ruth Rose are spending Thanksgiving in Plymouth, Massachusetts. They can't wait to see the sights and have a Thanksgiving dinner, just like the Pilgrims would have eaten. Then the kids learn about a sapphire necklace that went missing on the real Mayflower. Could the 400-year-old treasure be hidden somewhere nearby? And will someone else find it before they do? With A to Z Mysteries Super Editions, chapter book readers can keep on collecting clues and solving mysteries with Dink, Josh, and Ruth Rose. Now with over 8 million copies in print, this classic kid-favorite series is back with a bright new look and hidden messages!

Solar System Amazing Space Adventure - Gene Lipen 2020-03-16

This dog's about to blast off. Will his trip be out-of-this-world? Arthur can't wait to make his first flight into outer space. Jumping for joy, he's rocketing off on a mission to see the twinkling stars. And once he boards his ship, he's eager to sniff out the most paw-some planets in our solar system. Flying to each of the heavenly bodies circling our sun, Arthur has to find out what makes each one so special. But from worlds with rings and moons to balls of gas and rock, he's not sure how to choose his favorite place in space. What majestic wonders will Arthur dig up before he comes back to Earth? Solar System Amazing Space Adventure will delight you with beautiful pictures, vibrant descriptions, and incredible facts. Explore the planets closest to the sun to those farthest away, zooming from Mercury to Neptune on an unbelievable cosmic tour. Solar System Amazing Space Adventure is the shiny third installment in the wonderfully illustrated Kids Books for Young Explorers series for ages three to nine. If you or your child like reading playful poems, discovering cool science, and chasing down a galaxy full of fun, then you'll love Gene Lipen's sparkling story. Buy Solar System Amazing Space Adventure to launch into a tail-wagging journey today!

The Ravenous Raven - Midji Stephenson 2015-05

A hungry raven eats everything in sight until he can barely fly. Includes facts about this uncommonly smart bird.

Ask a Manager - Alison Green 2018-05-01

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

First Big Book of Space - Catherine D. Hughes 2012

Introduces basic concepts about outer space, from the sun and the moon to the planets and space exploration.

Oh Say Can You Say What's the Weather Today? - Tish Rabe 2019-08-06

The Cat and company travel by hot air balloon up and into various weather phenomena including rain,

snow, thunder, tornadoes, and (yikes!) even hurricanes! Along the way they learn about thermometers, anemometers, wind vanes, cloud formations, humidity, fog, smog, weather folklore, and how to stay safe in lightning. Written and illustrated in Seussian style, this a great addition to the Cat in the Hat's Learning Library!

Wish for a Fish - Bonnie Worth 2019-06-18

The Cat in the Hat, Sally, and Dick take an undersea voyage aboard the S.S. Undersea Glubber! Traveling down from the Sunny Zone to the Dark Zone to the Trench at the bottom, Captain Cat and his crew get up close and personal with the different life forms found at each level of the ocean. Along the way, they meet sharks, jellyfish, dolphins, manatees, whales, and sea cucumbers, to name just a few!

There Was a Black Hole that Swallowed the Universe - Chris Ferrie 2019-09-03

Spark your child's imagination through science and learning with this captivating astronomy book for toddlers. When it comes to kids books about black holes nothing else can compare to this clever science parody from the #1 science author for kids, Chris Ferrie! PLUS, use a black light to reveal secret, invisible text and artwork that reverses the story from nothing to the scientific creation of everything! Using the familiar rhythm of "There Was an Old Lady Who Swallowed a Fly," follow along as the black hole swallows up the universe and everything that exists in it, from the biggest to the smallest pieces of matter. The silly, vibrant artwork is sure to make stargazers of all ages smile and start a love of science in your baby. There was a black hole that swallowed the universe. I don't know why it swallowed the universe—oh well, it couldn't get worse. There was a black hole that swallowed a galaxy. It left quite a cavity after swallowing that galaxy. It swallowed the galaxies that filled universe. I don't know why it swallowed the universe—oh well, it couldn't get worse.

My First Book of Planets - Bruce Betts 2021-08-31

Blast off on an exploration of our solar system--a fun space book for kids 3 to 5 Get even the smallest astronomer excited for the big universe of space, from the bright and burning sun to our own blue Earth to ice-capped Pluto and every planet in between. With this book, kids will explore the entire solar system through incredible photos and fascinating facts on what makes each planet so special--like their size, distance from the sun, what the surface is like, how many moons they have, and more! This planets for kids book includes: Big, beautiful images—Vibrant photos will take kids deep into space and onto each planet—no telescope required. Astronomy for kids—Learn all about the eight planets in our solar system, plus dwarf planets Ceres, Pluto, Eris, Haumea, and Makemake. Fun space facts—Did you know the bubbles in soda are the same gas that's on Venus? Out of this world facts will keep kids glued to the page and excited to explore the sky. Show kids the amazing universe that surrounds them with this fun and engaging astronomy book.

There's No Place Like Space - Tish Rabe 1999-10-26

The Cat in the Hat takes readers on an out of this world reading adventure through outer space! The Cat in the Hat's Learning Library is a nonfiction picture book series that introduces beginning readers ages 5-8 to important basic concepts. Learn about the solar system, planets, the constellations, and astronauts, and explore the wonders of space with the help of everyone's favorite Cat in the Hat! Perfect for aspiring astronauts, or any kid who loves learning and science. The universe is a mysterious place. We are only just learning what happens in space. Featuring beloved characters from Dr. Seuss's *The Cat in the Hat*, the Learning Library are unjacketed hardcover picture books that explore a range of nonfiction topics about the

world we live in and include an index, glossary, and suggestions for further reading.

I Am the Solar System - Rebecca McDonald 2020-11

The Solar System is an incredible neighborhood centered around one very important star called the Sun. Discover the many amazing objects that call the Solar System home! In this simple Solar System book for kindergarten and first grade, kids are introduced to basic space concepts that are made easy to follow and remember. Starting at the Sun and working outward through the planets and belts, children will discover space objects and follow the flow of the solar wind, taking a fun and informative tour of the Solar System. Both boys and girls ages 5-8 will love the bright, colorful images of the planets and objects brought to life as characters, making learning more enjoyable and engaging. Kids will enjoy learning facts with the imaginatively illustrated Sun and planets that help build a love of learning while simultaneously presenting educational and scientific facts. Large print and easy to follow information tell all about the solar system for kids at preschool level learning. Travel the Solar System in an imaginary spaceship that tours the planets, and both belts, all the way to where the Solar System ends, and interstellar space begins. How many planets are in the Solar System? What type of planets are they? What happens to the solar wind? Have any spacecraft made it out of the Solar System? Where does the Solar System end? Find the answer to these questions and many more. I Am the Solar System is an excellent book for preschoolers, kindergarteners, and first graders just beginning to understand the basic concepts of the Solar System they are part of. I Am the Solar System, along with the numerous other books in the I Am series are a great addition to the Montessori method of teaching. The I Am series is geared toward scientific learning and independent thought. An excellent companion for Montessori classroom activities and as a stand alone read aloud.

Miles and Miles of Reptiles - Tish Rabe 2019-06-18

Leaping lizards—the Cat and Co. explore the world of reptiles! The Cat in the Hat travels the globe—in his trusty crocodile car—to explore the world of reptiles: lizards, snakes, turtles, and crocodilians. Along the way, young readers learn the characteristics shared by most reptiles; basic information about each group; quirky, fun facts about individual species; and much, much more. Cool creatures featured include komodo dragons, chameleons, geckos, cobras, leatherback turtles, frilled lizards—a virtual Who’s Who of the World’s Most Remarkable Reptiles. Young readers will slither in delight!

Space Station Mars - 2005

The Dangerous Snake and Reptile Club, with the help of a boy visiting the neighborhood, sets up equipment in the clubhouse in hopes of tracking flying saucers and making contact with aliens.

The Crane Wife - CJ Hauser 2022-07-12

A memoir in essays that expands on the viral sensation “The Crane Wife” with a frank and funny look at love, intimacy, and self in the twenty-first century. From friends and lovers to blood family and chosen family, this “elegant masterpiece” (Roxane Gay, New York Times bestselling author of Hunger) asks what more expansive definitions of love might offer us all. “An intellectually vigorous and emotionally resonant account of how a self gets created over time, The Crane Wife will satisfy and inspire anyone who has ever asked, 'How did I get here, and what happens now?'... Hauser builds her life's inventory out of deconstructed personal narratives, resulting in a reading experience that's rich like a complicated dessert—not for wolfing down but for savoring in small bites.” —The New York Times Ten days after calling off her wedding, CJ Hauser went on an expedition to Texas to study the whooping crane. After a week wading through the gulf, she realized she'd almost signed up to live someone else's life. In this intimate, frank, and funny memoir-in-essays, Hauser releases herself from traditional narratives of happiness and goes looking for ways of living that leave room for the unexpected, making plenty of mistakes along the way. She kisses Internet strangers and officiates at a wedding. She rereads Rebecca in the house her boyfriend once shared with his ex-wife and rewinds Katharine Hepburn in The Philadelphia Story to learn how not to lose yourself in a relationship. She thinks about Florence Nightingale at a robot convention and grief at John Belushi’s rock and roll gravesite, and the difference between those stories we’re asked to hold versus those we choose to carry. She writes about friends and lovers, blood family and chosen family, and asks what more expansive definitions of love might offer us all. Told with the late-night barstool directness of your wisest, most bighearted friend, The Crane Wife is a book for everyone whose life doesn't look the way they thought it would; for everyone learning to find joy in the not-knowing; for everyone trying, if

sometimes failing, to build a new sort of life story, a new sort of family, a new sort of home, to live in.

Me and My Place in Space - Joan Sweeney 2018-09-18

Where am I in the solar system? A beloved bestseller, now refreshed with new art from Christine Gore, that will help children discover their place in the Milky Way. Where is the earth? Where is the sun? Where are the stars? Now with new art by Christine Gore, here is an out-of-this world introduction to the universe for children. With Earth as a starting point, a young astronaut leads readers on a tour past each planet and on to the stars, answering simple questions about our solar system. In clear language, drawings, and diagrams, space unfolds before a child's eyes. Colorful illustrations, filled with fun detail, give children a lot to look for on every page, and a glossary helps reinforce new words and concepts. A terrific teaching tool, Me and My Place in Space is an easy and enjoyable way to introduce the concept of space to budding astronomers.

Oh, The Things You Can Do That Are Good for You - Tish Rabe 2019-06-18

The Cat in the Hat joins forces with the Partnership for a Healthier America! In this newly revised edition—with 16 pages of bonus materials—the Cat in the Hat takes young readers to a Seussian Spa where they learn the basics of healthy living. Updated with the assistance of the Partnership for a Healthier America, the Cat explains the importance of eating right (based on the latest USDA MyPlate recommendations); staying active; getting enough sleep; handwashing; brushing and flossing; wearing protective gear when playing sports—even the best way to sneeze when you don't have a tissue handy! The 16 pages of newly added backmatter include simple, fun suggestions for children to increase their activity throughout the day, plus 8 kid-friendly, healthy recipes for parents to prepare for their hungry broods. An ideal choice for supporting Common Core Standards and fans of the hit PBS Kids television show The Cat in the Hat Knows a Lot About That!—this is a book that supports healthy bodies AND healthy minds!

Solar System for Kids - Hackney And Jones 2021-03-08

Is your child fascinated by space? You want to make them go "WOW", right? Well, do we have the answer for you! Solar System For Kids is a totally awesome activity book with LOADS of amazing facts about the solar system, including a detailed look at each planet and cool handwriting activities to get stuck into. Your cosmos-crazy child will not only learn about the solar system but also enjoy the colouring-in and mazes included within this activity book. Watch them soar with enthusiasm through the stratosphere and return on a cloud of stardust to impress you with their newly-learned facts and figures all about the solar system. For example, did you know there was a MOUNTAIN on Mars? That's just one of the cool facts contained in this brilliant space book. They will learn all about: the planets in our solar system, what an astronaut does, what the International Space Station is, famous people who have travelled into space, what comets and asteroids are, and they even get to design their own planet! So, let's not waste another second on Earth. Get hold of your copy of Solar System For Kids TODAY and give your child their ticket on the rocket ship to the stars. Visit hackneyandjones.com to see our full range of fiction, notebooks/journals and activity books for kids.

The Tyranny of Merit - Michael J. Sandel 2020-09-15

A Times Literary Supplement’s Book of the Year 2020 A New Statesman's Best Book of 2020 A Bloomberg's Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world-renowned philosopher and author of the bestselling Justice explores the central question of our time: What has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the American credo that "you can make it if you try". The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization, and led to deep distrust of both government and our fellow citizens--leaving us morally unprepared to face the profound challenges of our time. World-renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind, and traces the dire consequences across a wide swath of American life. He offers an alternative way of thinking about success--more attentive to the role of luck in human affairs, more conducive to an ethic of humility and solidarity, and more affirming of the dignity of work. The

Tyranny of Merit points us toward a hopeful vision of a new politics of the common good.

On Beyond Bugs - Tish Rabe 2019-06-18

Catch the bug buzz and learn all about insects with the Cat in the Hat--a perfect gift for little scientists on Earth Day and every day! The Cat in the Hat's Learning Library is a nonfiction picture book series that introduces beginning readers ages 5-8 to important basic concepts. Find out all you ever wanted to know about insects when the Cat in the Hat and friends get an up-close view of life as a bug. Kids will learn how insects -- from the spittlebug to the honeybee to the moth -- see, smell, communicate, and pollinate, as well as sometimes pester and amaze and generally make life better for us humans. Featuring beloved characters from Dr. Seuss's The Cat in the Hat, the Learning Library are unjacketed hardcover picture books that explore a range of nonfiction topics about the world we live in and include an index, glossary, and suggestions for further reading.

Confidence is My Superpower - Alicia Ortego 2021-10-08

Do you want your kid(s) to feel more confident and capable? Every child faces low self-esteem and poor self-confidence at least once in their life. Children are often ready to give up on their goals, especially if they encounter obstacles and challenges. We must support them and teach them to believe in themselves. Failure is the key to success. After a series of failures at school, little Leonardo feels sad and disappointed. But, by interacting with his parents, he soon realizes that his superpower is, in fact, his self-confidence. "I am loved! I can choose! I am brave! I am amazing!" These are just some of the mindful affirmations that will help little Leo to overcome difficult situations. 'Confidence is my superpower' will help your little ones: believe in themselves and love themselves as they are, overcome the fear of failure and understand that failures are one step on the path to success, ace their negative feelings and turn them into positive ones, look at life from a brighter side and never give up on their goals, support each other and help those in need. From the bestselling author of Kindness is my Superpower. Light rhymes and colorful illustrations will delight your children. In addition, they will enjoy reading this heart-warming story by identifying with the main character and the situations he encounters. This book is suitable for all ages, ESPECIALLY those looking for their superpower. Get your copy now!

Planet Name Game (Dr. Seuss/Cat in the Hat) - Tish Rabe 2015-01-06

A Step 2 Step into Reading Science Reader based on an episode of the hit PBS Kids TV show The Cat in the Hat Knows a Lot About That! Join the Cat in the Hat as he takes Sally and Nick on an adventure into space to learn the names of the eight planets in our solar system! Written in rhyme for children who can read with help, this Step 2 book is a great way to introduce beginning readers to basic concepts about space and to support the Common Core State Standards. Step 2 Readers use basic vocabulary and short sentences to tell simple stories. For children who recognize familiar words and can sound out new words with help.

Dr. Seuss Discovers: Space - Dr. Seuss 2021-06-15

Starring the Cat in the Hat, this rhymed nonfiction board book about space is perfect for nurturing a love of science in babies and toddlers too young for the Cat in the Hat's Learning Library series! The Cat in the

Hat and Thing One and Thing Two tour the solar system in this sturdy board book that's perfect for introducing babies and toddlers to the world around them. With stops at the Sun and each of the eight planets, there's plenty to look at and lots of fun facts to learn. (Who knew? A crater on Mercury is named for Dr. Seuss!) There's no better way to introduce informational texts or the natural world to kids than with the Cat in the Hat--someone who knows a LOT about having fun! Also look for Dr. Seuss Discovers: Bugs! *Space: Planets, Moons, Stars, and More!* - Joe Rhatigan 2016-05-24

Learn about our solar system in this Step 3 Science Reader packed with NASA photos and space facts! Step into Reading, the most trusted name in early readers, delivers an introduction to the final frontier that kids can read themselves! For up-to-date information (including about Pluto and its fellow dwarf planets) and stellar photos and illustrations, kids eager for mind-blowing nonfiction need look no further! Step 3 Readers feature engaging characters in easy-to-follow plots about popular topics. They are ideal for children who are ready to read on their own.

The Cat in the Hat - Theodor Seuss Geisel 1957

Two children sitting at home on a rainy day meet the cat in the hat who shows them some tricks and games.

Room - Emma Donoghue 2017-05-07

Kidnapped as a teenage girl, Ma has been locked inside a purpose built room in her captor's garden for seven years. Her five year old son, Jack, has no concept of the world outside and happily exists inside Room with the help of Ma's games and his vivid imagination where objects like Rug, Lamp and TV are his only friends. But for Ma the time has come to escape and face their biggest challenge to date: the world outside Room.

The Cat in the Hat Beginner Book Dictionary - P.D. Eastman 1964-08-12

A silly book with a serious purpose—to help children recognize, remember, and really enjoy using a basic vocabulary of 1350 words. Written and illustrated by P. D. Eastman—with help from the Cat (Dr. Seuss)—this decades-old dictionary pairs words with pictures that carry their meaning, making it simple enough even for nonreaders to understand. A wacky cast of characters reappears throughout the book, making this perhaps the only dictionary in the world that is actually fun to read!

One Vote, Two Votes, I Vote, You Vote - Bonnie Worth 2019-08-06

The Cat in the Hat looks at how, why, and who we vote for in a rhyming, nonfiction book that's perfect for Election Day, President's Day, and year-round reading—now with 16 bonus-pages of kid-friendly voting activities! Written in simple rhyme, this Cat in the Hat's Learning Library Book introduces early readers to the concept and practice of voting—with a focus on the American Presidency! Revised to include 16 pages of activities showing kids how to hold their own elections, it's an ideal choice for reading and talking about voting—whether for classroom pet or leader of the free world! Readers will learn the basic principles of democracy; how political parties are made; why Election Day is held in early November; and much more. Fans of the hit PBS show The Cat in the Hat Knows a Lot About That! will be delighted to see the Cat knows as much about history and civic responsibility as he does about science!
